Hunters of the city and county are making full value of the ten days allowed for the pheasant shooting, and the fowls were targets for many guns again Sunday. All day the sounds of musketry could be heard in the farm districts. The birds are not as plentiful as before the opening of the season, and are wild, and difficult to shoot. Frequent violations of the law by persons shooting on the highways are reported.

James O'Neil, a logger, en route north, was shot through the fleshy part of the right leg Saturday night by an 18-year old boy who attempted to hold him up. Sergeant Pat Meo fired a couple of shots over the head of the holdup in an effort to stop him, while fleeing from arrest a few minutes later. O'Neil was walking around the streets ten minutes after being shot, his wound being slight. O'Neil says that he bought the holdup his supper, that they planned to beat their way north together. While waiting for a train, the youth suddenly whipped out a gun, and demanded his pal's money. The latter refused and was shot.

HUNTERS WARNED AGAINST SHOOTING FROM HIGHWAYS

District Attorney Kelley Monday published the following warning to hunters:

For the reason that there has been a great deal of reckless and promiscuous shooting since the opening of the quail and pheasant season, and for the reason that many hunters do not probably understand the law, the attention of hunters is called to Sections 22 and 33 of the Oregon Game Code:

"It shall be unlawful at any time to shoot or discharge any gun at any game bird or game animal from, or while upon any railroad right of way or any public road or highway."

"No person shall hunt with a dog or gun upon the cultivated or enclosed land or the occupied unenclosed land of another without first obtaining permission of the owner, occupant, or agent thereof."

The minimum penalty for this violation is extremely severe, being \$25.

E. E. KELLY, District Attorney.

MINNEAPOLIS VOTES UPON PROHIBITION

MINNEAPOLIS, Oct. 4.—A county option election to determine whether Minneapolis shall remain wet is being held today in this (Hennepin) county. The "wets" predicted victory by over 13,000, while the "drys" insisted their side would win by at least ten thousand. Minneapolis, with a population of 325,000, is the largest city in the country to tackle the prohibition issue. There are about 400 saloons in the city.

ROCKEFELLER MOTORS OVER PUBLIC ROADS

DENVER, Oct. 4.—John D. Rockefeller, Jr., today motored to Boulder, where he inspected a stretch of public highway recently completed through the expenditure of a part of the \$100,000 given by the Rockefeller Foundation to provide for unemployed coal miners after their strike of 1913-1914. He expected to return to Denver in time to attend a meeting of the directors of the Colorado Fuel and Iron company, called for 4 o'clock this afternoon. At this meeting final action will be taken, so far as the company is concerned, on the adoption of the Rockefeller industrial plan. It was predicted that the directors would accept the plan with little or no opposition.

At Colorado Fuel and Iron company camps all over the coal mining districts today balloting began on a referendum vote on the Rockefeller plan. The result of the miners vote was expected to be known in two or three days.

2500 IN DISTRESS MISSISSIPPI DELTA KING'S PRIVATE CAR FOR KAISER'S ENVOY

NEW ORLEANS, Oct. 4.—Approximately 2500 persons along the Mississippi river from New Orleans to the mouth, a distance of about 1110 miles, are in need of food, fresh water, clothing and other assistance, according to the relief committee on the state conservation commission's yacht Daisy, which returned from a trip down the river. Almost all the people were declared to be homeless and without funds as a result of the storm.

The Daisy distributed rations to about 1400 persons who had been without food for two days. The Daisy will depart tomorrow with more provisions for storm sufferers. Other relief vessels are distributing food and water to the needy along the river and in the lake and bayou districts.

Refugees were arriving in the city last night and today on boats. From the most reliable information obtainable today it was estimated that the total dead will be in the neighborhood of 350. Thirty persons reported dead near New Platform have been found at Paydras, La.

JACKSON COUNTY PEARS BEAT ALL DISPLAYED AT FAIR

OREGON BUILDING, PANAMA-PACIFIC EXPOSITION, Oct. 4.—Oregon fresh fruit is causing the thousands of visitors, and Californians in particular, to sit up and take notice. Southern Oregon peaches, eight to the yard, are absolutely beyond the comprehension of Californians.

But it has taken Southern Oregon—Packson county—to clean up everything on pears. There has been a steady flow of pears from that section, all of superior fruit, and it is confidently expected that this fruit is going to land the coveted award for Southern Oregon. The only other pears in this class have come from Mosier, a single shipment of excellent D'Anjous from the East Hood River company. Southern Oregon also boasts of the first shipment of Newtown apples. A five box display is beautiful. As some may not know, the new Newtowns are green in color, a glorious green, while the ripened fruit is a beautiful golden yellow.

The new fruit is now on display beside the old, and it is difficult to convince visitors that the two apples are the same. The old fruit has been off the trees a year now, and it is absolutely remarkable that it suffers so little in comparison with the new fruit. It is generally conceded here that Oregon fruit can not be excelled for keeping quality.

Hood River and Rogue River valley have really won the prize for Oregon for the best horticultural exhibit. They have done it all so far as horticulture is concerned. The Willamette valley has an insignificant showing though it grows some of the finest fruit to be found on the coast. The Umpqua valley, especially favored for fruit, sent nothing, and the offerings from other sections than the two named have been insignificant in quantity and quality in general worth—yet they grow much fine fruit.

"But we should worry"—the ribbon hangs there and all Oregon gets the benefit. The award was made some time ago, but the ribbon just now delivered.
