IMPROVEMENTS AT THE STAR THEATRE

The Star theater, under the new management of G. L. Sharats, is becoming more popular than ever and has first-class film service, including the famous Paramount picture. They also give moving pictures of local events and scenes occasionally.

The theatre has recently undergone considerable repairs in which the ventilating has been greatly improved, and the interior and exterior given a "new dress," the latter having all the fancy frills of up-to-date theatre fashions. A new modern picture screen and machine has also been ordered.

SUGGEST RILEY POEM BE READ IN SCHOOL

WASHINGTON, Oct. 4.—Secretary Lane today made the suggestion to school superintendents throughout the country that one of James Whitcomb Riley's poems be read in each school on Thursday, October 7, the anniversary of Mr. Riley's birth. In doing so the secretary called attention to the fact that Dr. Riley and William Dean Howells are the last two survivors of a generation of great literary men who were distinctly American and did much in poetry and prose to reveal the characteristic beauty and struggle of American life.

TODAY AND TOMORROW AT THE PAGE "THE SCAPEGOAT"

"The Scapegoat." Virginia Dalmar, actress, weds Victor Thompson, banker, over the protest of Ezra, Victor's brother. Dick, Virginia's scapegoat brother, appeals to his sister for aid after a shooting affray in which he is the principal. Virginia meets Dick in a cafe, and just as she is leaving, Ezra happens in, and insists upon accompanying her home. Dick arrives just as Ezra attempts to kiss Virginia. A fight ensues and Ezra is killed. Virginia, on trial for the murder, is about to be found guilty, when Dick, fatally injured in a fight with a gambling opponent, is dragged into the courtroom, where he makes a dying confession. Bryant Washburn, Edna Mayo, Hugh E. Thompson and Mark J. Ellison make the most of the plot.

BERLIN CONFIDENT OF ALLIES DEFEAT IN NEW OFFENSIVE

LONDON, Oct. 4.—German papers reaching London, in their comments on the fighting on the western front, breathe an air of confidence concerning the results of the Anglo-French offensive after the first day's "surprise attack."

"The German people realize the frightful seriousness of the bloody struggle," says the Frankfurter Zeitung, "but Germany is not yet exhausted, as her enemies would like to believe. We have at our disposal a sufficient number of free reserves who can be thrown in at any time and at any place without weakening our front elsewhere. We shall force our adversaries to recognize this fact." The Berlin Tageblatt says that nothing would be more foolish than for the German people to take a light hearted view of the terrible seriousness of these battles, but that confidence should be drawn from "the brilliant proofs of the courage and power of resistance the Germans previously have displayed against a numerically superior enemy."

MANY AMERICANS DESTITUTE IN AUSTRALIA

WASHINGTON, Oct. 4.—A large number of Americans who have gone to Australia without any assurance of employment are destitute there, United States Consul General John P. Bray, at Sidney, N. S. W., today advised the state department. Consul Bray reported that a large proportion of these persons had come without any proof of their American citizenship, which makes it doubly hard for them to return to the United States even when transportation is secured.

STATE FEDERATION DENOUNCE METHODS OF I. W. W. AGITATORS

SANTA ROSA, Cal., Oct. 4.—Barn burning and other destruction resorted to as a protest against the life imprisonment of Herman Suhr and Richard Ford, were denounced here today at the State Federation of Labor convention's opening session by Paul Scharrenberg, secretary-treasurer of the organization. The men were convicted of murder in connection with hop riots at Wheatland, Cal., in 1913. A wave of incendiarism swept up the Sacramento valley and into Oregon this summer.

TAKE "CASCARETS" IF HEADACHY, BILIOUS AND CONSTIPATED

Best for Liver and Bowels, Bad Breath, Bad Colds, Sour Stomach. Get a 10-cent box. Sick headache, biliousness, coated tongue, head and nose clogged up with a cold—always trace this to torpid liver; delayed fermenting food in the bowels or sour, gassy stomach. Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache. Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gasses, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels. A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your head clear, stomach sweet and your liver and bowels regular for months.

with the avowed purpose of compelling Governor Johnson to grant them some relief. "The working class can least afford to countenance such methods," Scharrenberg declared. It is better to leave two innocent men in jail to suffer the fate of martyrs, for the time, than to submit to the rule of the torch. Scharrenberg attributed the lawlessness to members of the Industrial Workers of the World, as did the governor in a recent statement.

Two Japanese, B. Suzuki and S. Yoshimatsu were seated as fraternal delegates from the Laborers' Friendly Society of Japan. They also will attend the American Federation of Labor convention at San Francisco next month.

Joshua H. Dale, state labor organizer, recommended that every international union send an organizer to Los Angeles for four months, and that if no progress were made, the Los Angeles workers be left thereafter to their own devices.
