

### TURKS SLAUGHTER ARMENIANS LED BY KAISER AIDE

NEW YORK, Oct. 5.—The Turks and Kurds are waging a holy war of extermination on the Armenians, according to sixteen members of the American board of foreign missions, who arrived from Van, Turkey, on the Swedish steamer Hellig Olav today. Ernest Yarrow, one of the missionaries told how the Armenian population at Van, numbering 15,000, held out against 5,000 Kurds and a Turkish company commanded by a German officer, from April 20 to May 17, when Russians arrived and relieved the town.

"We had six American and two Red Cross flags," said Mr. Yarrow, "and we flew these over the mission, but they were not respected by either of the combatants. The Turkish company arrived three or four days before the Russian relief came and the shrapnel from the Turk guns tore down all our flags.

"We sheltered large numbers of Armenian women and children, but as soon as the Turks and Kurds had been driven away from the town, all the Armenians turned out to loot the Turkish houses and duplicate the atrocities that had been previously practiced upon the Armenians. It was with great difficulty that they were restrained.

"The Turks and Kurds have declared a holy war against the Armenians and vowed to exterminate them." Mr. Yarrow said many Armenians were suffering from typhus and other diseases, when he left. Half of the missionaries were taken ill during the siege and six of them died.

### YOUTH FIRST IN DASH OF FRENCH TO OUST BOCHES

BERLIN, Oct. 5 (by wireless to Tuckerton).—The war office, which yesterday made public an order issued by General Joffre in connection with the recent attack of the allies in France and Belgium, supplemented it today with the following statement:

"On September 14, before the beginning of the great attack on the western front, General Joffre issued an army order, a copy of which has been found. General Joffre gave instructions to the officers to tell the men that the intention was to drive the Germans from French soil and that this would influence nations hitherto neutral to enter the war with the entente powers.

"General Joffre then told about the exceptionally favorable conditions for the attack. Territorial were to be used in the trenches, thus freeing the younger men for the assault. The landing of British troops enabled the commander-in-chief to hold several armies ready for the attack. The number of machine guns had been doubled and the heavy guns replaced by new ones. The amount of ammunition on hand was unprecedented. The moment was favorable for the movement, General Joffre said, but all of Kitchener's armies had been landed in France, whereas the Germans had withdrawn troops for the Russian front."

### AMERICA'S 1915 BEAUTY IN BENDING EXERCISES

No woman, that is, no woman who cares about her appearance, is willing to grow fat around the waist or to let the figure sag until the abdomen protrudes.

Yet for those inclined to obesity diet and much exercise is the only cure. The bending exercise, illustrated in the accompanying picture, is the best to keep one's waist line trim and promote health, beauty and grace.

Here are the directions: Stand with the feet together, arms at sides; take a full breath and hold it while the body is bent forward from the hips. Keep the knees straight and swing the arms back as the body bends over. Exhale slowly while returning to upright position. This gives the muscles of the abdomen "work" to do, and thus burns up the fatty tissue that otherwise would accumulate there.

NEW YORK, Oct. 5.—A board of ordnance experts of the United States army was engaged at Sandy Hook today in making an extensive series of big gun tests, using one of the 12-inch guns which guard the approach to New York City. Their purpose was to ascertain the power and quality of explosive charges rather than to test marksmanship. The 1000-pound projectiles used in the big guns were sent ten miles at sea, while the experts watched the effect of the shots. The experiments are expected to continue all this week. It has been suggested that by changing the elevation of the guns their effectiveness may be increased.

Much Better than the Ready-Made Kind and You Save \$2. Fully Guaranteed.

This home-made cough syrup is now used in more homes than any other cough remedy. Its promptness, ease and certainty in conquering distressing coughs, chest and throat colds, is really remarkable. You can actually feel it take hold. A day's use will usually overcome the ordinary cough—relieves even whooping cough quickly. Splendid, too, for bronchitis, spasmodic croup, bronchial asthma and winter coughs.

Get from any druggist 2 1/2 ounces of Pinex (50 cents worth), pour it in a pink bottle and fill the bottle with plain granulated sugar syrup. This gives you—at a cost of only 54 cents—a full pint of better cough syrup than you could buy for \$2.50. Takes but a few minutes to prepare. Full directions with Pinex. Tastes good and never spoils.

You will be pleasantly surprised how quickly it loosens dry, hoarse or tight coughs, and heals the inflamed membranes in a painful cough. It also stops the formation of phlegm in the throat and bronchial tubes, thus ending the persistent loose cough.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, rich in guaiaic, which is so healing to the membranes.

To avoid disappointment, be sure and ask your druggist for "2 1/2 ounces Pinex," and don't accept anything else.

A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.
