

PRESIDENT AND FIANCEE SEE BOSTON RED SOX DEFEAT PHILLIES IN SECOND CHAMPIONSHIP GAME

FOSTER WINS HIS OWN GAME IN 9TH INNING

President Wilson and Fiancee See American League Champions Defeat National League—Sox Gained Ten Hits, But Mayer Kept Them Scattered—20,000 See Fast Game.

PHILADELPHIA, Oct. 9.—The Boston Americans won in the ninth. President Wilson and his fiancee, Mrs. Galt, saw the champions of the American league defeat the Philadelphia club by a score of 2 to 1 in the second game of the world's series. Twenty thousand persons saw George Foster turn back the National league pennant winners from the plate in the ninth inning, and then to put a fitting cap on the climax of the game, Foster drove in the winning run in the ninth inning with a hot single to center. The Boston Red Sox garnered ten hits, but Mayer managed to keep them fairly well scattered. President Wilson was given an ovation as he left the field.

BLUE FUNNEL LINER ASHORE, PT. TOWNSEND

SEATTLE, Oct. 9.—The large blue funnel liner Calchas, from Liverpool for Seattle, went ashore off Point Wilson, near Port Townsend, this morning in a dense fog. Her position is not dangerous and it is expected she will be floated at the next high tide.

SERBIANS REPEL FIRST ATTACK OF INVADING HOSTS

Germans Suffer Large Losses in Crossing Rivers—Bulgaria Prepares in Flank Attack Under German Command—Great Battle Raging for Possession of Dvinsk.

BERLIN, Oct. 9.—Teutonic troops invading Serbia have captured the greater part of the city of Belgrade, it was officially announced today.

LONDON, Oct. 9.—Although the last twenty-four hours brought no climax in the swiftly changing political situation in the Balkans, London begins to view it in clearer perspective. The departure of the quadruple entente diplomats has given finality to Bulgaria's commitment to the side of the central powers, but as yet there has been no formal declaration of war between Bulgaria and Serbia and the entente.

With the exception of an unconfirmed report of a Russian bombardment of the Bulgarian coast near Varna no overt act of hostilities has been committed by Bulgaria or her new opponents. Nevertheless Bulgaria is reported to be preparing a flank attack on Serbia, carried out in conjunction with the Austro-German invasion. She is concentrating cavalry, supported by heavy artillery under German command, in the direction of Koestendil, southwest of Sofia, near the Serbian border.

Invaders Repulsed According to official Serbian advices, the Austro-German attack has not won much of an initial success, the invaders having suffered large losses in crossing the Save and now being pinned to the brink of the river. Many Germans are among the prisoners and some of them are said to be members of a Prussian brigade which formerly was operating against Italy.

There still remains a slight element of doubt as to the attitude of Greece, which probably will not be dispelled until the new cabinet makes definite pronouncement of its policy. In the meantime the entente powers appear to be satisfied with assurances of continued neutrality and see no reason to believe that Greece intends to array herself against them in the impending conflict. Allied troops to the number of 32,000 are reported to have landed already at Saloniki, and obstacles to their transportation to Serbia have been removed by the prompt action of the Greek minister.

GERMAN LOSSES HEAVY IN RUSH AGAINST LOOS

Assault Made by Three Successive and Dense Formations, Followed by Detachments in Column Formation—Allied Progress Made in Last Few Days Maintained.

PARIS, Oct. 9.—The reports of the night indicate that the German losses in the offensive of yesterday against the positions of the allies near Loos were very heavy.

In the Argonne, French batteries put an end to German artillery fire in the sector of St. Thomas.

In the Lorraine district several German reconnaissances have been completely repulsed. The statement follows:

German Losses Heavy The reports of last night set forth that the German losses in the offensive movement undertaken yesterday against Loos and the positions to the north and to the south of Loos actually held by our troops were very heavy. The assault was made by three successive and very dense formations of men, followed by detachments in column formation. All the troops were cut down by the combined fire of our infantry, machine guns and artillery. Only a few detachments of the Germans were successful in securing a footing in a trench recently conquered by us between Loos and the roadway from Lens to Bethune. Other local attacks, but equalling these in violence, have been repeated against our positions to the southeast of Neuville St. Vaast, but they completely were repulsed. All the progress made by us in the last few days has been maintained.

Spirited Cannonading There has been a fairly spirited cannonading in which both sides took part in the sector of Lisous, as well as in the region of Quenneviers and Nouvron. "In the Champagne district a German counter-attack delivered last night at a point to the east of the Navarin farm was definitely checked by a curtain of artillery fire. "The only action undertaken by the enemy against the advances made by us yesterday in the southeast of Tahure consisted of a violent bombardment, coupled with the use of shells, which asphyxiated and caused irritation of the eyes."

TWELVE ARRESTED FOR MINNEAPOLIS MURDER

MINNEAPOLIS, Oct. 9.—The murder of Kate Arnold in a hotel here Thursday night has resulted in the arrest of twelve men and women as witnesses.

VILLA IN FAVOR OF A COALITION GOVERNMENT

Pan-Americans Have Agreed to Recognize Carranza—Villa Declares Will Fight to End and Peace in Mexico Impossible—Suggests Compromise as Alternative.

WASHINGTON, Oct. 9.—Recognition of the Carranza government as the defacto government of Mexico was unanimously decided upon today by the Pan-American conference. Secretary Lansing issued this statement: "The conference, after careful consideration of the facts, has found that the Carranza party is the only party in Mexico which possesses the essentials for recognition as the defactor government and that they have so reported to their respective governments."

Secretary Lansing said the United States would await response from the other American republics represented in the conference before taking formal action toward recognition. He said the conference contemplated no interference in Mexico's internal affairs and that the question of an embargo on arms and ammunition had not been discussed.

Villa's Proposal

EL PASO, Tex., Oct. 9.—A coalition cabinet of factional representatives was proposed by General Villa today as the alternative to the recognition of General Carranza. The recognition of Carranza, he said, would not produce peace in Mexico, since he and his adherents would fight to the last. "Carranza cannot defeat my army," he asserted, "try as he may, and represent himself and his strength as he will. Carranza will not affect the constitutionalistic cause. "The nearest you can come to peace in Mexico is my plan," said Villa. "It follows: For Unbiased President "Have half the government officers sent to the capital cities of the states and to Mexico City by the convention representatives, the other half by the constitutionalist representatives or Carranza element. Then set up a president who would not be biased in favor or against either conventional or constitutional factions and unresponsive to pressure from any side or person, no matter how influential, the president to be picked up by joint conference. "I shall fight Carranza and his despotic principles as long as his principles are threatening the freedom of the poor people of Mexico," declared Villa. He said he had troops throughout Mexico under many commands.

ANDERSON WINS ASTOR CUP RACE IN RECORD TIME

NEW YORK, Oct. 9.—Twenty-one of the fastest automobile drivers in the world awaited today the signal from Starter Fred Wagner in the opening of the 350-mile race for the Astor cup and \$50,000 in prizes at the Sheephead Bay speedway. Anderson won with Rooney a close second. His time was 3 hours, 24 minutes and 42 seconds, an average of 102.00. Rooney's time was 3:25:29, an average of 102.19. Both official time. Both broke the world's record of 3 hours, 35 minutes, 25.28 seconds made at Chicago. Bob Burson was forced out of the race by engine trouble a few miles from the finish. Resta, who led at 100 miles, was forced out by a broken connecting rod. Barney Oldfield was forced out of the race on the sixteenth mile on account of a broken rod. An accident also forced Malford out at the end of sixteen miles. Resta got away first at the start.

FEDERAL GRAND JURY RETURNS 12 INDICTMENTS

Twelve indictments—one for horse-stealing, one for impersonating a federal officer and ten for selling whiskey to Indians, on introducing it upon the Klamath reservation, were returned by the federal grand jury this morning as the result of a week's work. Benton Bowers of Ashland acts as foreman of the grand jury. One Medford man—Bob Anderson, well known locally, is among those indicted for selling whiskey to Indians. He is alleged to have bartered with Moller George, brother of Jim George, serving a life sentence at McNeil's island for the murder of a fellow-tribesman. One Whiskey Charges The others indicted on the whiskey charges are: Dan Connor, A. P. Rider, Aaron Schuler, Earl Pratt, David Alexander, Robert Ridley, Archie Maher, James Graham and George Berry. The bail of all indicted was fixed at \$1000. For \$15 worth of groceries he secured from Cecil Hunt of Eugene, Or., upon the alleged representations that he was a federal officer, Thorne Dahl, alias Tim Doyle, alias Alexander Timothy Doyle, alias Dale Thorne, was indicted. Dahl, alias three names, is alleged to have posed as a secret service man for six weeks in the Willamette valley.

TWO BRITISH STEAMERS SUNK BY SUBMARINES

LONDON, Oct. 9.—The British steamers Silverash, of 3531 tons gross, and Seaway, of 3678 tons, have been sunk.

CANAL COMPANY READY TO WATER LOWER VALLEY

Following Completion of Fish Lake Dam, \$250,000 Will Be Spent This Winter and Water Placed on Central Point-Tolo District, Provided 3000 Acres Are Signed Up.

"The Rogue River Canal company stands ready to expend \$250,000 in enlarging its present canal to three times its present capacity, constructing a ten-mile extension of the Hopkins canal to bring water to Tolo and build the needed laterals, beginning work at once, provided 3000 acres in the district between Central Point and Tolo are signed up for irrigation," states J. T. Sullivan, manager of the company. Continuing, he said: "There are 30,000 acres under this extension that can be irrigated. We only ask that 10 per cent of this acreage be signed at once, as we are confident that it will be only a short while after the water is placed on this land before the balance will be irrigated.

Building Fish Lake Dam "Two hundred men are at work building the Fish lake dam, and it will be completed in time to store this year's flood waters. Night and day shifts are employed. The dam is built of earth, with clay puddled center and rock face. It will be 30 feet high, and eventually 55. It will store 32,000 acre feet for use in the valley next year. Approximately \$100,000 is being spent there this year.

Another crew of men is employed in constructing a large ditch that will divert the drainage of Lake of the Woods into Fish lake, and it will be eventually extended to bring in the waters of Four Mile lake. When the work is complete we will have water stored sufficient to irrigate 55,100 acres. Liberal Contract "The contract we are offering land owners is most liberal, \$50 an acre, with no payment on the principal until the sixth year, and no interest payment until the third year, \$2.50 a year maximum annual maintenance. We are willing to have this charge fixed by the public service commission, under whose jurisdiction we are. These terms give the farmer opportunity to pay for water out of increased earnings. "We are building a diverting dam near Talent to utilize the flow of Bear creek the coming season. The Phoenix ditch is to be extended through the orchard district, and records indicate sufficient water to irrigate 1000 acres until late in the summer, and 3000 acres in the winter and spring. The ditch is to be built by the water-users and is not to exceed a cost of \$20 per acre irrigated. When the entire system is completed, the payments made apply upon the water rights.

Welch Main Owner "Patrick Welch, the railroad contractor of Spokane, is the main owner of the Rogue River Canal company and is showing his faith in the valley by investing heavily, notwithstanding lack of encouragement, knowing that eventually the water will be in demand. When it is, the water will be ready. He stands ready to water the entire valley if acreage

FLETCHER'S BLUE FLEET DEFEATED

WASHINGTON, Oct. 9.—Admiral Fletcher's "blue fleet" which for a week has been defending the eastern coast of the United States from an attacking "red" fleet under command of Rear Admiral Knight, has been defeated, according to announcement today by Secretary of the Navy Daniels. The attacking fleet forced an entrance in the Delaware Bay last night and the war game was declared concluded.

HOW THE POWDER KEG IS SET IN THE BALKANS; WAITING FOR SPARK TO START WARFARE

Bulgaria's troops are massed on the Serbian and Greek frontiers and are aiming to cut the Nish-Saloniki railway; German-Austrian troops are waiting to plunge into Serbia; Roumania's soldiers line the Hungarian and Bulgarian borders; Russia's Black sea fleet is off the Bulgarian port of Varna and armies are ready at Odessa and Sebastopol to take transports for the Bulgarian coast whenever war shall be declared; French and British troops have landed at Saloniki to march on the Bulgarians through Greece, which has decided to permit a violation of her neutrality. In the meantime the mammoth combat at the Dardanelles goes on, with the allies making hardly any progress with their troops or fleet against the Turks who are holding the front door to Constantinople.
