

PROCURATOR OF HOLY SYNOD OF RUSSIA RESIGNS

BERLIN, Oct. 11 (by wireless to Sayville).—"The resignation of Alexander Samarin, procurator general of the holy synod of Russia," says the Overseas News agency, "was caused by a dispute with Gregory Rasputin, against whose mode of life the procurator general protested. Rasputin was protected by Emperor Nicholas.

"The incident which decided the procurator-general to resign was the canonization of Archbishop John of Tobolsk, who died two years ago, by the present archbishop of Varnarvin. Samarin desired to take action against the Archbishop of Varnarvin, who was protected by Rasputin, but discovered the emperor sided with Rasputin."

Gregory Rasputin, a mystic monk, born a peasant, has been one of the most prominent figures in Russia in recent years. He acquired some education in a pilgrimage to Russian monasteries and fifteen years ago went to Petrograd. His mystic philosophy gained him prominence, and it is said he obtained great influence over the emperor, being described by an English correspondent at Petrograd as "the absolute master of the Russians."

NORWEGIAN WOMEN CAST FIRST BALLOT

CHRISTIANIA, Oct. 11.—Women are voting today for the first time in Norwegian general elections. There are 170,000 new electors on the rolls. Press forecasts predict the women's vote will bring large gains to the socialist representation in parliament, making that the strongest single party, although the government expects to maintain itself by a combination of three political groups.

The socialists' platform is devoted largely to an anti-military propaganda. The government program includes a grain monopoly, old age pensions and restrictions of almost a prohibitive character on the sale of alcoholic liquors.

The Norwegian Storting unanimously agreed on June 11, 1913, to extend female suffrage so that all Norwegian women would have the right to vote at parliamentary elections without regard to the amount of their income tax.

KIPLING'S SON WAR PRISONER

LONDON, Oct. 11.—Rudyard Kipling has received no further news of his son who was wounded and reported missing in the north of France. He was only slightly wounded when last seen and his parents are hopeful that he suffered no more serious fate than being taken prisoner inside the German lines. Mr. Kipling sent to the Associated Press today the following message:

"I should be obliged if you would make public in America the fact that up to date my son, John, is reported wounded and missing, not wounded and believed killed, as stated in the press a few days ago."

John Kipling of the Irish Guards, only son of Mr. Kipling, was but 18 years old when he entered the British army. Although of delicate health, he finally overcame the objections of his parents, who were reluctant to have him enlist.

MRS. DUNIWAY CROSSES DIVIDE

PORTLAND, Oct. 11.—Arrangements for the funeral of Mrs. Abigail Scott Duniway, known as the mother of woman suffrage in Oregon, who died at a hospital here early today, awaited word from members of her family. Messages of sorrow from all parts of the northwest were received at her home this morning. Death came to Mrs. Duniway while she was sleeping peacefully. She underwent an operation recently for an infection of her foot, and for some time no hope had been entertained for her recovery.

IRRIGATION PERMITS FOR SOUTHERN OREGON

During the quarter ending July 31, 1915, the state engineer issued 152 permits for the appropriation of water, under which it is proposed to irrigate 23,143 acres, develop 352 horsepower and construct 15 reservoirs. These permits will require the construction of 210 miles of canal and pipe lines and an estimated expenditure of \$891,242.

The following permits were issued in Jackson county:

L. A. Salade of Central Point, for the irrigation of 59 acres, diverting water from Bear creek in section 34, township 36 south, range 2 west. L. C. Leach of Talent, for the irrigation of 20 acres, diverting water from Bear creek in section 32, township 38 south, range 1 east. Rogue River Public Service corporation of Grants Pass, for the irrigation of 12,640 acres, diverting water from Rogue river, in section 15, township 36 south, range 3 west. B. E. Adams of Gold Hill, for the irrigation of one acre, including domestic supply, diverting water from springs in section 7, township 36 south, range 3 west. George Lyman and A. Hooton of Gold Hill, for the irrigation of 33 acres, diverting water from Rogue River, in section 1, township 36 south, range 3 west.

BRAND WHITTOCK ILL IN BELGIUM

THE HAGUE, Oct. 11.—Letters received today from Brussels state that Brand Whittock, American ambassador to Belgium, is confined to his bed. His illness is due in part to the strain to which he has been subjected as mediator between Belgians and Germans.

Although advised by friends to leave Belgium for a rest, he refused to leave his post.

MEDFORD COLLEGE NOTES

Henry Owens is in school again, after a week's absence caused by attending the state fair at Salem.

Agnes Hemphill, one of our shorthand students, has accepted a position with the Mason-Ehrman company, where she is employed half-days, which permits her to attend our morning classes.

A night school dictation class for stenographers has been organized. This class is being taken advantage of by former day school students who are now holding positions, and who desire to climb still higher in the stenographic world.

The Misses Aune and Jane Hansen have recently enrolled in our evening classes for courses in penmanship, book-keeping and typewriting.

The advanced shorthand students have entered the transcribing contest being conducted by the Gregg Writer.

A recent visitor at the school was Lester McDonald of Trail. Mr. McDonald and Mr. Van Gilder were boyhood friends in Big Rapids, Mich., and had not seen each other for fifteen years.

The following received grades of 100 per cent in the weekly spelling test: Grace Taylor, Joan Anderson and Hazel Putney.

SERBIANS FIGHTING DESPERATELY DRIVEN BACK GRADUALLY

BUDAPEST, Oct. 11.—The Austrians and Germans encountered desperate resistance from the Serbians at Belgrade, and for two days a terrible battle with bayonets raged in the streets before the capture of the city was completed. Describing these operations, Azeit says:

"Our gain of ground and breadth of our march into Serbia continues to increase. Despite all efforts of the Serbians, in whose ranks are British officers, and who use British artillery, the river crossing has been accomplished, according to the plan made.

"The enemy attempted with all means at his disposal to hold his line of defense. Though he subjected those of our troops who crossed the river to a murderous fire, the latter, nevertheless, succeeded in attaining Serbian territory.

"A severe battle raged about Belgrade, where the Serbians offered very bitter opposition. Nevertheless, we succeeded in reaching the newly installed connections over the Save and invaded the northern portion of the city, where our troops remained until reinforcements arrived.

"A bloody battle followed in the alleys. In the northern part of Belgrade a terrible encounter with bayonets raged for two days and nights. The Serbians were pushed back step by step in these fights and finally had to surrender the whole city."

Women's Woes

Medford Women Are Finding Relief at Last

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up," must attend to duties in spite of constantly aching backs, or headaches, dizzy spells, bearing down pains; they must stoop over, when to stoop means torture. They must walk and bend and work with racking pains and many aches from kidney ills. Keeping the kidneys well has spared thousands of women much misery. Read of a remedy for kidneys only that is endorsed by people you know.

Mrs. I. H. White, 518 W. Hamilton St., Medford, says: "Twice I had attacks of kidney trouble. A dull pain settled in my back and I became dizzy and nervous. There seemed to be no rest for me day or night. I was all run down. Doan's Kidney Pills brought the best of results. Since using them I haven't had any kidney trouble for years."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. White had. Foster-Milburn Co., Props., Buffalo, N. Y.—Adv.

SWEET-GRASS BASKETS

Most every size and shape you could think of—useful articles for the fancy work and not expensive.

DOCTORS ARE ESPECIALLY INVITED TO ATTEND OUR "SELF-HELP" EXPOSITION—THIS WEEK

At the Annual Congress of the American Medical Association, held in San Francisco last June, the Nemo Wonderlift Corset was shown to several hundred doctors, most of whom displayed keen interest in this latest and best of all Nemo inventions. Several of these eminent physicians pointed out additional features of value in the Wonderlift Bandlet that even the inventor didn't know he had produced!

This leads us to believe that all physicians, hygienists and nurses will be interested in the Wonderlift; hence this special invitation to COME and INVESTIGATE.

Though the Wonderlift is a stunning STYLE corset, it furnishes, by a NEW method, the most perfect and comfortable abdominal and visceral support—far superior to the best of separate bandages.

Models for various types, from slender to extra-stout—\$5.00. This is less than the cost of the cheapest binder alone.

We repeat our cordial invitation to come.
