A news dispatch Wednesday told of a conference between copper interests and Carranza aides on mining concessions in Mexico, which have been tied up by the revolution. The Townes have heavy mining rights in that land, and is taken to indicate that is where they will direct their development.

Frail, Sickly Child

Father Tells How Boy Was Restored to Health and Strength

We have always told the people of Medford that Vinol is a wonderful body builder for ailing children. Here is more proof of the fact:

J. L. Albury of Miami, Fla., says: "Our little boy was puny and cross from the time he was born, and we hardly knew how to handle him. When he was three years old he was weak and so cross we could hardly live with him, and we could not get him to eat anything. A friend asked us to try Vinol. We did so and on should see the change it has made in him. He is now a good natured, healthy youngster, ready to eat at any time, and we cannot praise Vinol enough."

Vinol is especially efficient in building up puny, weak, ailing children, because of the real cod liver extractives, peptonate of iron and beef peptonate which it contains, and as it is without oil or greasy children love to take it.
