

## BOCHES FAIL IN ATTACKS ALONG FRENCH SECTORS

PARIS, Oct. 22.—German troops yesterday evening made an unsuccessful attack upon certain French positions near Givenchy, according to the announcement made this afternoon by the French war office.

The text of the communication follows:

"The enemy undertook yesterday evening, but quite without success, an attack against the salients to the east and to the southwest of the fort at Givenchy. They were also very easily repulsed in the valley of Souchez, where they endeavored to advance."

"In the Champagne district the German bombardment has been going on with great violence to the west of Tahure; to the east of Butte de Messel, and in the vicinity of Ville Sur Tourbe. Everywhere we answered this bombardment by a fire of repression, directed against the German batteries and trenches, which apparently was very efficacious."

"The explosion of one of our mines in the Argonne resulted in the complete destruction of a post of the enemy."

"A group of French aeroplanes has bombarded the German aviation park at Ounel, between the Argonne and the Meuse."

## PROHIBITION SUIT HEARING DELAYED

OLYMPIA, Wash., Oct. 22.—Chief Justice Morris of the supreme court announced today that the prohibition case brought by M. and K. Gottstein in an effort to nullify the state-wide prohibition law that becomes effective January 1, 1916, would be heard Monday on account of the death of Supreme Justice Crow. The Monday calendar of the supreme court is continued until Friday.

The postponement was made with the consent of attorneys for both sides. The Crow funeral will be held Sunday afternoon and the court adjourned until after the services.

## O. C. LAND GRANT MEETING NOVEMBER 19

SALEM, Ore., Oct. 21.—Governor Withycombe today set Thursday, Nov. 18, as the tentative date for a meeting of representatives of the Southern Pacific with a committee composed of state officials and other representative Oregon men to confer relative to a satisfactory solution of the Oregon-California railroad land grant question, so that the lands may be opened to settlement without further litigation.

The governor set the tentative date upon receipt of a letter from General Superintendent D. W. Campbell of the Southern Pacific stating that the company stands ready to send representatives to meet the committee. The meeting will be held at the state house. The members of the committee provided for at the recent land grant conference here are: Governor Withycombe, Secretary of State Olcott, State Treasurer Kay, W. I. Vawter, Medford; L. E. Bean, Eugene; S. M. Garland, Lebanon; and C. E. Spence of Oregon City. The governor today wrote each member of the committee asking if the date is satisfactory. Any recommendations emanating from the conference with the railroad will be submitted to congress.

## "THE RULING POWER" AT THE PAGE FRIDAY AND SATURDAY

The Ruling Power

Mr. Williams, a stern father, and man of wealth, disinherits his son Hugh for marrying Rose, a seamstress. Twenty years later, although Rose is practically supporting her sick husband, their little store is taken from them and they are obliged to move, with Martha, their daughter, to the tenement district. Here follows a bitter fight against the power of evil and poverty. Hugh dies and Mr. Williams, now a politician—to aid his finances—meets and takes a liking to Martha. Still bitter against Rose, he offers to adopt the child, but Martha refuses to leave Rose. Steve, an east side "sport," makes trouble for Rose and her daughter, and in desperation Rose goes to Mr. Williams for aid in suppressing the dance halls and "gardens." He refuses and she openly denounces him, shows him that if women had the vote in her state they could clean out such places. Realizing the truth of what she says, Williams lends his influence to woman suffrage; it wins, and a joyful reunion of the whole family follows.

## YAQUIS AMBUSH TROOPS; BODIES PILED ON TRACK

TOPELOHAMPO, Mexico, Oct. 21, via radio to San Diego, Cal., Oct. 22.—A detachment of troops has been ambushed by Yaqui Indians between the plantation of the United Sugar company at Los Mochis and San Blas, Sinaloa, according to reports received here today, and forty four of the forty six soldiers were killed.

The Indians then piled the bodies on a railroad bridge, and setting fire to the latter, destroyed all. The band consisted of 150 Indians.

The Indians are now reported crossing the Fuerte river and moving toward one of the United Sugar company plantations at Aguila, about nine miles from Los Mochis. Carranza troops have been sent from Los Mochis garrison against the Yaquis. Latest reports state that conditions are quiet at Los Mochis.

## OSTEND SUFFERS BY SHELLING OF BRITISH

AMSTERDAM, Oct. 22.—Much damage was done in Ostend on the Belgian coast in the recent bombardment by British warships, according to the Echo De Belge. The maritime railway station, the lighthouse and the Hotel Des Thermes, a favorite haunt of German officers, were destroyed, the newspaper cites, and the Kursaal and warehouses in the city were damaged.

## British Steamers Sunk

LONDON, Oct. 22, 12:50 p. m.—The British steamers City of Berlin, Ank and Iris, which were detained at Hamburg at the outbreak of the war, have been sunk by the enemy.

The statement from Lloyd's is all that the censor will permit to be published at present.

## CLEANSER YOUR HAIR MAKES IT BEAUTIFUL, THICK, GLOSSY, WAVY

Try This! All Dandruff Disappears and Hair Stops Coming Out

Surely try a "Danderine Hair Cleanser" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Danderine and draw it carefully through your hair, taking one small strand at a time; this will cleanse the hair of dust, dirt or any excessive oil—in a few minutes you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance.

Besides beautifying the hair, one application of Danderine dissolves every particle of dandruff; invigorates the scalp, stopping itching and falling hair.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will just get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it as directed.

## Jones' Competitors Beaten Again

Last week the Medford Fruit Co. refused to sell "Jones" bananas because our "Medford Trust" would not stand for it, but nevertheless Jones got the bananas and sold them for 15c dozen. It pays to watch his prices. A few weeks ago they went to the Union Meat Co. and told them what they MUST do, consequently they refused to sell us goods, but always bear in mind, if they had anything in their line that Jones really wanted, he sure would have it. But our Bacon at 22c lb. is far ahead in quality to theirs at 30c—so why should we worry? Our Hams at 18c lb. surpass theirs at 22c, so let the "Trust" have them.

New Keg Dill Pickles. 2 lbs. Bulk Mince-meat ..... 25c  
Tokay Grapes, lb. .... 2c  
10 lbs. Sweet Potatoes ..... 25c

We certainly appreciate the patronage the people of Medford and vicinity are giving us, and was sorry we could not wait on everybody Saturday, but we'll keep adding more help, so come again—you'll not have to wait so long. We see the people appreciate a store that runs ITS OWN business and we are certainly doing our share for the public.

We pay 40c doz. for Eggs—30c lb. for Good Ranch Butter in Trade.

## New Edison Diamond Disc Phonograph

No Needles to Change      Unbreakable Records

Mr. Edison worked continuously for four years, from eighteen to twenty hours a day, perfecting this phonograph and these wonderful records. Perfection came only after infinite experiment. The Diamond Disc Stylus, which floats over the record without wear, is a distinguishing feature of the New Edison. It is the secret by which it has been made possible at last to reproduce, perfectly, every detail of music—to preserve the distinctive character of every voice or instrument. Mr. Edison's genius has turned his record manufacturing plant into one big laboratory. He has perfected laboratory processes to a point where a scientific laboratory product is being turned out in unlimited quantities. The laboratory re-creation of music as opposed to mere mechanical reproduction.
