STOCKHOLM, Oct. 22, via London, Oct. 22, 1:33 p. m.—Swedish newspapers express indignation at the attack by a German armed trawler on the Swedish submarine Hvalen off Ystad yesterday.

Details received today state that the German trawler fired several shots and then hoisted a signal of inquiry as to the identity of the submarine. On learning of this error, the Germans sent officers to make an apology and give assurance that compensation would be made willingly.

ANAEMIC PEOPLE

Need More Iron in the Blood If you are anaemic, you need more iron in your blood, and the tell-tale symptoms are a pale face, colorless lips, astringent tongue, poor circulation, and short breath, and more serious diseases are easily contracted when in this condition.

Mr. W. H. Hodges, of Kansas City, Mo., says: "I suffered from the effects of bad blood, was run-down, dizzy, had headaches, and did not feel like working. I had tried Beef Iron and Wine without any help.

After taking Vinol four days I noticed an improvement and is continued use built up my blood and my bad feelings disappeared like magic."

The bad effects of poor, devalitized blood cannot be overestimated, and it is the peptonate of iron and the true cod liver extracts contained in Vinol, together with beef peptonate, that enriches the blood, improves the circulation and in this natural manner builds up health and strength.

DRINK MORE WATER IF KIDNEYS BOTHER

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night.

At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine.

This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active.

Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.
