BEGIN CAMPAIGN FOR ACREAGE FOR SUGAR FACTORY

Systematic steps toward the securing of the \$600,000 beet sugar factory in the Rogue River valley were begun Friday with the appointment of C. E. Gates, president of the Commercial club, as chairman of the beet sugar committee, and the fixing of the Commercial club as headquarters for the campaign. Today the Rogue River Canal company signed contracts for 200 acres of land, and will sign up for as many more acres as the beet sugar company will accept as suitable for beet culture. The canal company will agree and guarantee to furnish water to any one wanting to plant beets if they will sign up at once for water. W. H. Gore, president of the Medford National bank, signed the first contract for 100 acres. Tests made upon beets grown this year in the Rogue River valley show them to contain an average of 16.6 per cent sugar in the beet, with an average purity of 80.6 per cent. This is a high average in comparison with the beet sugar districts of the west. A letter has been received from R. T. Stinnett of 4 Lizzie street, San Francisco, showing how the proposition is viewed in sections outside of the valley. It reads: "Gentlemen: Please send me copy of beet contract. I wish I could be there and help you tell the landowners of the Rogue River valley what a good thing you are offering them. I grew beets in Colorado, and know what it will mean for the growers of the Rogue River valley. If I had a thousand acres there I would plant it all to beets. Yours for success, "R. T. STINNETT."

A CHILD HATES OIL, CALOMEL PILLS FOR LIVER AND BOWELS Give "California Syrup of Figs" If Cross, Sick, Feverish, Constipated. Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them. With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their tender little "insides" are injured by them. If your child's stomach, liver and bowels need cleansing, give only delicate "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown ups plainly on each bottle. Beware of counterfeiters sold here. See that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.
