

# MEDYNSKI PLAN WOULD ADD TO TAXATION LOAD

How many of the people of Medford realize what an enormous amount of city debt they are already paying taxes on without any bigger load from the Medynski plan?

This interest-bearing city debt, including bonds and outstanding warrants, is now \$1,240,288. The Medford school district debt, which is practically all on Medford, is \$125,000, making in all \$1,374,288, or a little more than one and one-third million dollars of debt, which we, the people of Medford, are paying interest on today.

And even that is not all. To this must be added Medford's share of the county interest-bearing debt. This county debt is a little more than \$850,000. Medford's share of this is \$125,000.

This, added to the \$1,374,288 of strictly city debt, makes a total of \$1,499,288, or almost exactly one and a half million dollars of debt already on our shoulders.

I have been telling you heretofore that when the Medynski plan has gone through we would pay interest on a \$2,000,000 debt on a \$4,200,000 valuation. Pardon my mistake. I should have said we will be paying interest on a \$2,500,000 debt on a \$4,200,000 valuation.

Gracious heavens! Is there a single man, woman or child who does not know that a debt like that piled on our already retrograding and almost bankrupt city will mean swift, utter and irrevocable ruin?

Sure as day follows the night, this Medynski plan will plunge our city into hopeless bankruptcy and ruin.

These figures of debt and assessments are the absolute truth, and any one can verify their truth by asking our city and county officials, and I defy any Medynski advocate to dispute them.

I also defy them to publish these figures and to then dispute the correctness of my conclusions.

Mr. Howard can affect to sneer at the "lamentations of Jeremiah" in connection with my articles, but Jeremiah knew the truth of his words and prophesies and I also know the truth of mine. G. E. MARSHALL.

# ACREAGE IS CHIEF NEED FOR BEET SUGAR FACTORY

In a letter received today from his brothers in Salt Lake City, Alex Nibley, now here in the interest of the beet sugar factory, the former says:

"You realize, of course, that acreage is the essential thing for the factory. A sugar factory without acreage of sugar beets is like a sawmill without logs. The one thing here that they are doing most and urging most is for farmers to increase their beet acreage, rather than be content with last year's crop.

"In 1914 the acreage there was 43,000. This year it is 60,000, an increase of 17,000, or 40 percent. This increase alone will supply three new factories—and they are building them."

Following is an extract from a letter from C. W. Kiser, now at Redfield, South Dakota, to the Page-Dressler Co., of this city: "Grab that beet sugar factory! It looks good to me."

C. M. Thomas of Talent called a meeting of the farmers of that place for 1:30 this afternoon. A number of those interested in the sugar beet proposition in Medford district attended. The farmers organized at this meeting and appointed a committee to solicit acreage subscriptions in that neighborhood. It was a good meeting, enthusiasm in favor of the project prevailed and work began at once to secure a generous subscription of acreage.

# FAMILY PLAY SHOWN AT PAGE TONIGHT

"The Family Divided," a three-part photo drama, featuring Edna Mayo and Bryant Washburn. The excellent method and earnestness of purpose that are always features of H. S. Sheldon's stories, make this drama of decided value. The story is a clear exposition of the author's views on the separation of husband and wife, and the evil which thus falls upon the children. The play has been intelligently directed and is acted by an exceptionally strong cast.

# J. P. MORGAN ON OPERATING TABLE LOSES APPENDIX

NEW YORK, Oct. 29.—J. P. Morgan underwent an operation for appendicitis at his country home at Glencove, Long Island today. The operation was reported successful and Mr. Morgan is resting comfortably.

Mr. Morgan was at his office Wednesday, but was indisposed yesterday and remained at his Glencove home. His physicians discovered he was suffering from a mild attack of appendicitis. In order to guard against a recurrence the physicians decided to remove the financier's appendix.

The operation was performed at noon today and was reported to have been successful in every way. Mr. Morgan was said to be resting comfortably. His general condition is so excellent that his prompt recovery is looked for.

So far as could be learned today's operation is in no way the result of the shooting of Mr. Morgan by Frank Holt at Glencove on July 3 last.

Mr. Morgan has been at his office since early August and has been very active in business during the last few months, especially in connection with the Anglo-French loan.

# SANITATION SAVES ENGLISH SOLDIERS

LONDON, Oct. 29, 2:18 p. m.—England's splendid sanitation and the unprecedented healthfulness of the British army is a saving feature in England's status in the present war, according to a statement by Sir John Chesterton Brown, an eminent medical authority, before the Sanitary Inspectors' association today.

"With a larger army in the field than ever before," the speaker said, "the percentage of disease is lower than in times of peace."

Hallowe'en, happiest of fall festivals, will be observed at Gold Hill this Saturday evening by a pleasant pavilion dance. The pavilion has been completely enclosed and will be warmly heated if the night prove chilly.

# FAKE WIDOW OF FLAGLER IS GIVEN PRISON SENTENCE

NEW YORK, Oct. 29.—Mrs. Zorah Emma Johnson, an elderly woman, who is representing herself as the widow of Henry M. Flagler, late Standard Oil millionaire, propped from Frank J. Mahoney, a telephone operator, his savings and all he could borrow from relatives, a total of about \$5200, was sentenced today by Judge Mulqueen to serve from three to nine years in Auburn prison.

At Mrs. Johnson's trial, Mahoney testified that he gave the money on her representation that she was Mrs. Flagler and would make him her private secretary at \$20,000. He was to receive also a bonus of \$100,000 when the defendant's mythical castle in Spain materialized.

# FIRST CALL IS MADE ON BONDS FOR ALLIES

NEW YORK, Oct. 29.—The first call for funds available for the Anglo-French \$50,000,000 credit loan was made today by Harry B. Blackett, secretary of the Anglo-French commission and Octave Homberg, one of the French members who remained in this country to adjust matters in connection with the loan.

The call required banks throughout the country where funds have been deposited to remit by November 15, fifteen per cent of the proceeds to the National City Bank here. It is expected that the call will place at the disposal of the British and French governments between \$60,000,000 and \$70,000,000.

In case Messrs. Blackett and Homberg make their draft payable to the exporters of supplies, the funds will be placed at the disposal of the British and French fiscal agents in America wherever needed.

# Maxim Has New Device

WASHINGTON, Oct. 29.—Hudson Maxim of the advisory board of the navy, consulted with Secretary Daniels today regarding a device of his for timing the explosion of torpedoes. Details were not made public and Mr. Maxim would not discuss it. He will take his device to the ordnance bureau for a consultation with the heads of the department.

# CONSIDINE TELLS COURT HE'S BROKE OWES \$800,000

SEATTLE, Oct. 29.—John W. Considine, member of the theatrical firm of Sullivan & Considine, and who a few years ago was reputed a millionaire, testified in the superior court today that he was entirely without means and that he owed \$800,000. He was being examined in supplemental proceedings as to his ability to satisfy a judgment for \$2500 obtained against him on September 10 by Geo. Rubison on an unpaid note signed by Considine. Considine said he had tried every means to raise money, even seeking to mortgage his Orpheum theater here, but in vain. He said he had sold his diamonds and parted with everything that would bring money. Considine was discharged.
