VILLA HOSTS IN SAD MARCH ON BORDER VILLAGE

Mostly Women and Children With No Food—Cavalry in Sight of Agua Prieta—First Skirmish Begun With Carranza Forces—Army Starves and No Fight Left.

DOUGLAS, Ariz., Oct. 30.—Villa's army resumed at daylight its march on Agua Prieta, Sonora, across the border here, preceded by a cavalry advance guard which reached a point eighteen miles east of here.

Scouts of General P. Elias Calles, Carranza commander of Agua Prieta, reported Villa's troops were hardly able to fight, and that women and children composing the customary camp followers were in a pitiable state.

Villa's main army, which camped last night in the San Bernardino valley about forty miles southeast, began at daylight its slow journey up the valley.

Five hundred cavalry reached Slaughter's ranch, eighteen miles east along the border, where horses were turned loose in the alfalfa fields.

General Calles reported officially today that a detachment of 800 men sent to Cabullona yesterday killed twenty men in the Villa advance guard and scattered more than a thousand after capturing fourteen.

They said that many of Villa's followers would be glad to emulate the detachment of 200 which deserted and joined the Agua Prieta garrison early in the week.

Detachments of United States troops which arrived here last night joined the encampment two miles east of the town.

Two troops of United States cavalry and a machine gun platoon were placed on guard at Slaughter's ranch today, across the border from Villa's cavalry advance guard.

DELAY CHINESE REGIME SWITCH AIM OF JAPAN

TOKIO, Oct. 30.—The Japanese government has requested the American government to give its support in the representations which are being made at Peking for the purpose of postponing re-establishment of a monarchy in China until the European war is ended.

Japan's policy was decided upon after consultation with Great Britain. The conversations began while Baron Ishii was in London several weeks ago, on his way from Paris, where he had served as Japanese ambassador to Tokio, to assume the foreign office portfolio.

There is much interest here in the attitude of Germany in regard to the form of China's government. Contradictory reports have been received here concerning the position taken by German diplomats at Peking.

TWAS TORPEDO NOT MINE THAT SANK HESPERIAN

Yankee Naval Experts Quash German Contention That Liner, Not the Plunger, Victim—Kaiser Disclaims Guilt, Despite Affidavits and Evidence—Alibi Punctured.

WASHINGTON, Oct. 30.—Secretary Lansing announced today that the navy department had definitely established the fact that the fragment of the engine of the war which sank the Allan liner Hesperian was a part of a torpedo.

The secretary said the result of the navy department's investigation would immediately be communicated either to the German government directly or to Ambassador Bernstorff.

Germany has made to the United States a qualified disclaimer of responsibility for the sinking of the Hesperian. In a note to Ambassador Gerard on September 14 the foreign office said that on the face of the evidence then at hand Germany was satisfied that the Hesperian was not sunk by a German submarine.

The fragment of metal examined by the navy department experts was said to have been picked from the deck of the Hesperian after the explosion.

The Hesperian sank early in September off the Irish coast while making her way to port after being disabled by the explosion. The fragment was sent to the state department by the American embassy at London.

The state department heretofore had been in doubt regarding the direct cause of the sinking of the Hesperian. A number of affidavits from passengers and officers of the ship had been received by the state department. The signers swore that the ship had been torpedoed. Two Americans were aboard.

SERB ARSENAL TEUTONIC AIM, NISH MENACED

Situation Grows Desperate, With Bulgarians Victorious and Kraguyevatz Objective—Severe Fighting Without Decisive Results on All Other Battle Fronts.

LONDON, Oct. 30, 11:46 a. m.—The position of Serbia is becoming more desperate daily. Nish is threatened by the Bulgarians, while the Austrians and Germans are gradually opening the way toward the great Serbian arsenal at Kraguyevatz. Rome reports that the Serbian capital has been removed to a "certain point."

According to the latest official reports from Sofia, the Serbians are in retreat in a westerly direction all along the Bulgarian front. Unofficial dispatches state that a Bulgarian officer commanding an advance patrol has dined with the Austro-German staff. The Bulgarians assert that they are in possession of Negotin, Brza Palanka, Zajecar, Knjaevats and several villages in the Timok valley, which gives them a strategic position of primary importance.

With the exception of the unofficial report that the French are now firmly in possession of Strumitza, no news has been received concerning the military movements of the entente allies in the Balkans.

From Bulgarian sources admissions have been received that the seraports recently bombarded suffered seriously. A Bucharest dispatch says that Russian troops have set sail from Odessa and Sebastopol for the Bulgarian coast.

Among the other fronts, severe fighting is reported without decisive results. An important struggle is in progress on the Austro-Italian line. Vienna reports Italian attacks were repulsed after a sanguinary struggle.

The cabinet changes in France are firing an echo in the discussion as to the advisability of creating a British war council, to consist of the premier, war secretary and first lord of the admiralty, to have supreme direction of the war.

It is reported unofficially that King George, who was injured on Thursday by a fall from his horse, passed a good day yesterday.
