

SUFFRAGISTS CLAIM VICTORY IN DEFEAT IN EASTERN STATES

WASHINGTON, Nov. 3.—At headquarters of the congressional committee of the National American Woman Suffrage association this statement was issued:

"The campaign in the four big eastern states, though it has not enfranchised women in any one of them, has put the cause of suffrage on a footing never before attained in this country, and impossible of attainment in any other way. In New York alone it has put on record one million women who want to vote and has registered at the polls half a million men in favor of suffrage. This enormous suffrage sentiment cannot fail to be converted into votes for our federal amendment in congress, if the members from these four states pretend to represent their constituents.

"Moreover, out of the campaign has grown a magnificently organized body of women who will not cease working for the franchise until they have won it. It is likely that for the present they will concentrate their energies in backing our work for the Susan B. Anthony amendment."

QUIET REIGNS OVER MEDFORD CITY COUNCIL

Quiet ruled the city council meeting Tuesday evening.

The Southern Oregon Traction company through S. S. Bullis asked that they be allowed to erect wooden instead of steel poles from Oakdale to Central avenue as the war has raised the price of steel poles out of all reason, and it would be impossible to get them within six months. The ordinance regulating this matter was ordered amended to allow this privilege temporarily, the poles to be changed within a year.

The report of Police Judge Gay was read showing a busy month with 73 collected in fines, 8 drunks, 2 speeders, 2 disturbers of the peace, one sale of cigarettes to minors and a vagrant who was fined \$10 and paid it, much to the amusement of Councilman Hargrave.

Then the monthly report of Electrical Inspector Hluman was read which showed 160 inspections in all had been made, and in due course various and sundry bills were allowed including \$1 for killing a dog.

An indication that the dry season is close upon us came when a license to sell liquor for one month and 23 days was granted Adams Brothers and following this the question of Gus Newbury's bill for services to the city in the California-Oregon suit was brought up. The bill for Mr. Newbury and his associates is \$900. It was held up after argument.

The jitney ordinance was read, which requires a minimum license of \$5, and only licensed chauffeurs in charge, and was referred to the committee on streets and roads for further recommendations. The mayor asked for protests on the Edwards street sewer but as none were offered the meeting adjourned.

DRYS MAKE GAINS DESPITE DEFEAT THROUGHOUT OHIO

COLUMBUS, O., Nov. 3.—Though Ohio voters yesterday rejected state-wide prohibition for the second time in two years, great inroads were made by the temperance forces on wet territory. Fairly accurate returns from 77 of the 88 counties of the state gave a majority of 41,000 against prohibition amendment. Estimates on the official majority against the proposal ran from 30,000 to 40,000.

Last year the prohibition amendment was defeated by a majority of 84,152. Pre election claims by anti-saloon league leaders of big gains for their cause in the larger cities were partly realized. In Cincinnati, the stronghold of the liberal interests, last year's adverse majority of 75,000 was cut down to approximately 60,000, while in Cleveland the wet majority of 44,710 was reduced to about 26,000. Gains were also registered by the drys in many other counties.

SUFFRAGE LOSES IN EAST (Continued from page one)

party regained control of the executive department of the state government yesterday after an interim of five years, when Samuel W. McCall, a former congressman, was elected governor by a plurality of 6000 over Governor David L. Walsh, democrat. The remainder of the republican state ticket was elected by larger pluralities and the republicans made a net gain of seventeen seats in the legislature.

The proposed amendment to the constitution granting the right of suffrage to women was defeated by a majority of 132,083.

The vote of the state on the suffrage amendment was as follows:

Suffrage—Yes, 163,406; no, 295,489.

The makeup of the legislature is: Senate, republicans 34, democrats 6; house, republicans 166, democrats 73.

The feature of the election was the dwindling of the progressive vote to a figure which deprives the party of legal standing in the state.

In Old New York

NEW YORK, Nov. 3.—Woman suffrage was beaten by a majority of about 210,000, the returns today show.

A majority of the mayors elected in the state were republican. Albany, Amsterdam, Kingston, Poughkeepsie and Rochester named republicans. Troy, Utica and Mount Vernon elected democrats. George L. Land, former socialist mayor of Schenectady, was returned to that office.

Democrats generally were successful in Greater New York. Alfred E. Smith and Edward Swann, democrats, were elected sheriff and district attorney, respectively, in New York county by majorities estimated at from 40,000 to 50,000.

Maryland Democratic

BALTIMORE, Md., Nov. 3.—State Comptroller Emerson C. Harrington,

the democratic candidate for governor, was elected yesterday to succeed Governor P. Goldborough, republican. At 8 o'clock this morning his plurality over O. E. Weller, republican, was estimated at 3500.

The democrats will retain control of the senate and probably will have a reduced majority in the house of delegates.

The four amendments to the state constitution were ratified. They provide for the referendum, re-classification of property for taxation purposes, home rule for Baltimore city and the counties in matters of purely local legislation, and parole in criminal cases.

In New Jersey

TRENTON, N. J., Nov. 3.—Boys' houses of the 1916 New Jersey legislature will be republican. As a consequence of this the republicans will have a majority in joint ballot and in February next will elect a republican to succeed Democratic State Chairman Edward E. Grosscup as state treasurer.

LIBRARY DISPLAYS BOOKS FOR CHILDREN

On Thursday afternoon the library will put on display some attractive books for children. This is a special collection loaned by the state library to give mothers and others interested in children's reading a chance to see the best books. The reason for having the exhibit at this time is to give an opportunity for examining the books leisurely and in time for Christmas purchase.

The books will be displayed in the auditorium Thursday from 4 to 6 and tea will be served. Invitation is extended to ladies of the clubs and parent-teacher associations, and especially to mothers who are anxious to know about and have for their children the books that are really worth while.

On Saturday the books will be arranged in the upstairs rooms and it is hoped that many will find it convenient to look them over.

SUGAR MEETING BELEVIEW SCHOOL

An enthusiastic meeting was held last night in the Belleview school house two and half miles south of Ashland, by farmers interested in the sugar beet proposition. The house was crowded. C. E. Gates, local manager of field operations in the subscription of acreage, and A. Nibley, on behalf of the Oregon-Utah Sugar Co., attended from this city. As soon as the farmers of Belleview learned that irrigation is necessary to beet production, they threw up their hands, none having irrigation in that district. At once, after a brief consultation, they decided to call a meeting for the Niles school district, above there, where they have irrigation, and canvass the situation for acreage in that community, where they will rent sugar beet land under irrigation. Manager Gates reports that the people of the Belleview district are almost unanimous for sugar beets and the factory, the latter to be located somewhere in the valley, all being willing to leave it to the locality in which the greatest body of acreage may be subscribed.

MEDFORD TEAM BEATS KLAMATH FALLS 20-13

Tuesday afternoon the Medford high school defeated the Klamath Falls football team by the score of 20-13. The greater part of the game was played on wet grounds. Gravy of Klamath Falls, scored the first touchdown in the second quarter. After that the Medford boys

OLD-TIME COLD CURE—DRINK HOT TEA!

Get a small package of Hamburg Broom Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

SAYS SUGAR BEETS MEAN PROSPERITY

In a letter just received by Mr. Holmes of Medford from H. H. Bristow of Pawpaw, Ill., the latter says in part:

"Yours of October 30 received. I do hope you will get the beet sugar factory. I have just been working in and around Toledo, O., which is a great sugar beet section. The farmers are increasing their acreage there every year and they all tell me that they make good money raising beets. This year was too wet, yet they have raised from twelve to sixteen tons to the acre. They get \$5 a ton, delivered at the cars. Your irrigation plan is the only sure water supply for the valley. We will soon be ready to start for the west."

Mr. Bristow is the owner of real estate in this valley and he has abundant means to operate it. He forms opinions carefully and would not recommend sugar beets for this valley if he did not sincerely believe that they will be found to be a very profitable crop.

Mr. Bristow fought to regain their ground, when Klamath came back with another touchdown. Howard Thomas was easily the star of the game, making many good runs and spoiling some of the Klamath boys' sprints that looked good for touchdowns.

It was so fast that in the last quarter Medford made three touchdowns and kicked two goals. The last two touchdowns were made in the last eight minutes of play.
