The United States agricultural department, Washington, D. C., recently sent to Uncle Billy Angle, of this city, for a statement concerning his experience with Sudan grass. He promptly forwarded a copy of the Mail Tribune containing an interview with him on that matter.

Boy Medford made candy at the Shasta.

Mrs. William Stone, who has been visiting at Corvallis and other Willamette valley towns during recent weeks, returned home last evening. Butternut bread at De Voe's.

Real estate men report that a number of people eager to remain in this valley and engage in sugar beet production are marking time until the question of the sugar factory in this valley shall have been determined. Many of them are renters in southern Oregon, outside of Rogue river valley, and in Northern California. They would prefer to rent here if they can raise sugar beets with the assurance that a factory here will insure a cash market for the product. Weston Camera Shop for first class Kodak finishing and Kodak supplies.

Three young men who have homesteads in the foothills about this valley yesterday agreed to rent sugar beet land and devote their "off time" from the homesteads to making a little money on beet raising. Manager Gates of the committee will see that they obtain the acreage they desire. De Voe buys beer bottles.

Bert Welch, of Prosser, Washington, is looking about the valley with a view to locating. He says he knows nothing about sugar beet culture and results, except from data supplied to him from entirely reliable sources—and on that he is willing to rely.

Shoe repairing guaranteed at Bidden's.

Fire in the home of J. C. Billings at 18 Myrtle street, at 9 o'clock this morning, caused a loss of \$200 to the interior of the house and furniture therein, fully covered by insurance. Members of the family were all absent at the time, but it is believed that the fire was caused by sparks from a stove. The fire department responded very promptly and soon extinguished the flames.

Much more rain fell in the Phoenix district than here last evening and during the night—and that, too, in face of the fact that the Phoenix farmers will have irrigation during the coming season.

Chocolate creams, caramels, chips, peanuts, etc., only 30c a lb. at De Voe's.

Less than a fifth of an inch of rain fell last night in this vicinity, but that and the showers during the past few days will be sufficient probably to start the germination of the seed sown for cover and grain crops.

Should a period of dry weather prevail for some days, it will produce a serious effect on such crops, for the plants, having been encouraged to peep through the surface, will die of thirst, thus disappointing those who have gone to the expense of planting their fields to crops for early winter growth. This embarrassment could easily be overcome with irrigation. The weather report possesses little value to farmers who have irrigation.

Probation Officer C. R. Gay left last evening for Salem with John Wattenberg, Glenn Noble and Roy Nally, the boys who were sentenced by Judge Tou Velle yesterday to the state reform school.

Get Rich Quick Wallingford. Read it in the Oregonian and Examiner and see the picture at the Star theater Friday, Nov. 12th.

Harold Abbott, of Roseburg, is in the valley watching the progress being made by the sugar beet committees. Believing that, if the factory shall be assured by the acreage subscription, there will be an abundance of work here for those who need it. His family will remain at Roseburg, pending decision as to the sugar mill.

Book binding of any kind at the Mail Tribune office.

The local sugar committee reports fair progress today, with beet sugar converts coming in with a promising measure of regularity. Those who have the lists in the field are very busy, reporting that indecision among the farmers as to what is really best for them is the chief cause of delay in signing up acreage, but they are beginning to see the value of the beet proposition, not only as a crop produced for profit, but that it will afford immediate cash at harvest time, right here at home.

"No trespass" signs for sale at Mail Tribune office.

Geo. E. Crop, of Memphis, Tenn., is in the city and other parts of the valley this week, studying conditions in the farm districts. He owns extensive farm interests in the south, but has grown tired of the climate.

## BRITISH FORCES ARRIVE IN SERBIA

PARIS, Nov. 4.—The first British contingent arrived Friday at Guevgueli, in the Serbian theater, according to a Havas dispatch filed Saturday at Saloniki, but delayed. The British force will act as a separate unit, but in collaboration with the French troops. Guevgueli is just across the Greek border, forty miles northwest of Saloniki.

## OPTIMISM RULES IN SUGAR BEET CIRCLES

Better progress was made in the securing of beet sugar acreage Wednesday than at any time since the opening of the campaign, and the committees will be busy the remainder of the week in the country districts. Those in charge of the work were much encouraged by the day's results, and a hopeful air pervaded the headquarters at the Commercial club. All of the committees are active.

W. H. Gore, J. C. Barnes, and Mr. Zundell, the latter a raiser of beets in other states will take the field today for work, and boast that they will bring back substantial acreages. The last two days there has been an increase in the signatures for small tracts which is what the beet sugar people are looking for.

A meeting has been arranged for Saturday at 1 o'clock at Eagle Point.

It was arranged by Dr. F. C. Page, Tuesday H. L. Walters, H. A. Thierolf, and J. C. Barnes visited the Table Rock district and secured good promises for acreage with signatures. Today Jack Morrill will use his auto, assisted by Joe Beeman and John D. Reed in securing signers in the Gold Hill district.

## SUFFRAGISTS CHANGE PLANS OF BATTLE

NEW YORK, Nov. 4.—Only one proposed constitutional amendment granting suffrage to women will be introduced in the next congress, according to indications in an announcement made today by the national board of the National Woman Suffrage association. The board stated it had notified the congressional committee not to introduce the Shafroth amendment in the next congress unless ordered to do so by the suffrage convention to be held in Washington next month.

The Shafroth amendment would provide for an amendment to the constitution through suffrage referendums in the various states.

Suffrage leaders here believe that the announcement meant the only suffrage amendment to be introduced this year would be in the form of the Susan B. Anthony amendment which has been placed before every congress during the last 45 years.

## MEXICO WANTS BASEBALL LEAGUE

AUBURN, N. Y., Nov. 4.—When they meet in San Francisco next week, members of the National Association of Professional Baseball Clubs will be asked by a representative of the Carranza government for territory for a baseball league in northern Mexico, the game to be played in that territory under the rules of organized baseball in the United States. This was made known here today by John H. Farrell, secretary of the association, just before he left for the west to attend the meeting.

The Carranza government recently announced that the American national game would support bull fights in Mexico. Secretary Farrell said that the national board of arbitration will consider several hundred dispute baseball cases on the special train en route from Chicago to San Francisco.

## How To Make the Quickest, Simplest Cough Remedy

Much Better than the Ready-Made Kind and You Save \$2. Fully Guaranteed.

This home-made cough syrup is now used in more homes than any other cough remedy. Its promptness, ease and certainty in conquering distressing coughs, chest and throat colds, is really remarkable. You can actually feel it take hold. day's use will usually overcome the ordinary cough—relieves even whooping cough quickly. Splendid, too, for bronchitis, spasmodic croup, bronchial asthma and winter coughs.

Get from any druggist 2½ ounces of Pinex (50 cents worth), pour it in a pint bottle and fill the bottle with plain granulated sugar syrup. This gives you—at a cost of only 34 cents—a full pint of better cough syrup than you could buy for \$2.75. Takes but a few minutes to prepare. Full directions with Pinex. Tastes good and never fails.

You will be pleasantly surprised how quickly it loosens dry, hoarse or tight coughs, and heals the inflamed membrane in a painful cough. It also stops the formation of phlegm in the throat and bronchial tubes, thus ending the persistent loose cough.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, rich in guaiacol, which is so healing to the membranes.

To avoid disappointment, be sure and ask your druggist for "24 ounces Pinex," and don't accept anything else.

A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

## FARMERS, STOCKMEN AND HORTICULTURISTS

### Compensation Insurance for Injured Employees

INCREASING TAXES AND THEIR RELATION TO MAINTENANCE STATE INDUSTRIAL ACCIDENT FUND

The Aetna Life Insurance Company is now prepared to offer, in competition with the Oregon Industrial Accident Commission, automatic compensation benefits payable to injured employees, and additional benefits in favor of the employer against all other contingencies (and the present court records indicate that there are many), at a cost of \$1.59 for each \$100 of estimated annual payroll.

No contribution from employees required by our Company.

The State Industrial Accident Commission has publicly solicited your business at rates varying from \$2 to \$5 on each \$100 of payroll, plus a contribution of one cent a day to be deducted from the employees' wages, and in addition thereto a tax on the general public amounting to one-seventh of the total.

The State Industrial Accident Commission enjoys a compulsory subsidy from the taxpayers at large of Oregon, which for the period ending June 30, 1915, according to the annual report of the Commission just published, amounted to \$90,345.22, out of a total fund collected at that date from employers, employees and the State at large of \$620,032.04. This contribution from the taxpayers at large can properly be dubbed the PORK BARREL PROVISION of the present act, and is unique because no other state compensation law is evident that this tax on the general public will exceed \$225,000, at the present ratio by the time another session of the legislature rolls around.

We offer to the farmers and horticultural interests of the State of Oregon under our compensation contracts superior service (with no official red tape or delays), and we do it for less money.

We also provide absolute security and adequate reserves, because of the supervision and regulations imposed upon us by the laws of the State of Oregon and administered by the State Insurance Commissioner, so far as they relate to not subject to departmental examination, fixes its own reserves, where any are maintained at all, and in comparison with private initiative is operating in violation of all of the ordinary rules for the security of the public imposed upon stock companies.

Which do you prefer, private compensation at \$1.59, or State Fund Rates (at cost?) of \$2.25 and upwards?

For further particulars address the undersigned, or see us. Telephone 123.
