

SOUTH END OF VALLEY GRASPS AT IRRIGATION CHANCE

Few people of Medford and Rogue river valley realize the gradual growth of irrigation in the valley and the prospects for extension the coming year.

Earlier in the year the constant talk was the need of more moisture to develop and mature the crops. A number of the more progressive land owners began to investigate and devise means toward securing water for 1916.

Through the efforts of several orchardists and land owners south of Medford, the old Phoenix mill ditch was secured by the Rogue River Canal company, together with its water rights and concessions, from the town of Phoenix for the building of the canal through that town. One thousand acres of orchard was signed up for water and then the canal company immediately put a corps of surveyors in the field to run the canal line on the grade known as the high line canal.

Bigger Than It Looked
Through September and October, travelers on the Pacific Highway between Phoenix and Talent noticed a large force of men building a dam near Talent and enlarging the old canal, but not much attention was given to the work, as most people thought it meant just the cleaning out of the old ditch. More than 150 men and dozens of teams are now working on this canal.

The diversion dam near Talent is a substantial affair built of concrete. This part of the canal is not a temporary affair, but a permanent unit of the large irrigation system now under construction. They have a pay roll of over \$2000 per week on this division of the work.

A Winter Payroll
The company is employing over 200 men on the Fish lake reservoir and expect to have this finished by December 1st. As soon as the reservoir is finished it is the company's intention to place these men at work enlarging the present main canal to many times its present capacity, provided 3000 acres is signed up for irrigation in the Central Point-Talent district. This will assure a full supply of water for all the north district for 1916.

The land owners in the north end of the valley do not appreciate or do not seem to realize the value of water as do the land owners in the south end of the valley, although the results obtained by the use of a limited supply of water this past year, and the difference in price received for the products grown by aid of irrigation contrast sharply with the non-irrigated products.

Irrigation will redeem the valley quicker than any other movement that can be brought to the orchardist, dairyman, truck grower, stockman, general farmer and sugar beet grower.

Five prominent business men of Indianapolis, Indiana, recently looked over the valley. This was their first trip to the coast country and all were very enthusiastic over the progressive spirit shown by the people of this valley. They stated that hundreds of thousands of dollars were ready for investment from their city. The main questions asked were in regard to irrigation. They could readily see that water was the great need. Not until water is flowing through the canals and over the fields will people invest their money. There are hundreds waiting before deciding to make their homes in the valley.

CALL NEW ELECTION

lections, next addressed the house, asserting that M. Venizelos' policy last February would have led the Greek fleet and army to complete ruin.

Resuming his speech, M. Venizelos apologized for his policy of last February and discussed the benefits which Greece might have realized if her neutrality had not been maintained. Continuing, he said:

"Your policy has rendered our national ideals impossible and in serving involuntarily a German political group we are exposed to the danger of aiding Bulgarian aspirations and the growth of Turkish power. Why not take part today in a war which tomorrow will be inevitable?"

EARL KITCHENER STILL IN CABINET IS OFFICIAL REPORT

LONDON, Nov. 5.—Official denial was made today of a report that Earl Kitchener, secretary for war, had resigned. The announcement follows:

"During Lord Kitchener's temporary absence on public duty, the prime minister is carrying on the work at the war office. There is no truth in the statement that Lord Kitchener has resigned."

Earl Kitchener was in London last week at the time of General Joffre's visit to England. Since then no report has been received concerning his absence from the war office until today. There has been no intimation that he might resign. In fact the war secretary, according to the general understanding in London, is to be made a member of the small cabinet committee which is to be charged with the direction of the war.

KING GEORGE STILL IN PAIN FROM ACCIDENT

LONDON, Nov. 5.—King George is recovering slowly from the effects of the fall from his horse in France last week. The following official bulletin was issued today.

"The king had a somewhat better night. His appetite is improving, but he still has some pain, especially on attempting any movement."

especially if they considered the policy dangerous to the country.

Departs From Traditions

"From my view of this subject, the plan which he proposes is not only a departure from our traditions, but a reversal of our national policy. It is not only a menace to our peace and safety, but a challenge to the spirit of christianity, which teaches us to influence others by example, rather than by exciting fear.

GETS AID OF POLICE AND COURT TO MAKE HUSBAND TAKE BATH

CHICAGO, Nov. 5.—When her husband was arraigned on her complaint in Englewood court, Mrs. John Dornbus told the judge he "just hates to take a bath. I had to call in a

policeman to make him get in the tub and even then he resisted," she said. Dornbus was put on probation for six months and ordered to take a bath once a week.

"The president says that we should be prepared 'not for aggression, but for defense.' That is the ground upon which all preparation for war is made. What nation has ever prepared for war on the theory that it was preparing for aggression? It is only fair to assume that the European rulers who are involved in the present war thought that they were contributing toward the maintenance of peace when they were making preparations for defense. It is a false philosophy and, being false, it inevitably leads into defys. The spirit that makes the individual carry a revolver—and who ever carries a revolver except for defense?—leads him not only to use it on slight provocation, but to use language which provokes trouble.

Without an Enemy

"There has not been a time in fifty years when there was less reason to add to the expenses of the army and navy, for we are not only without an enemy, but our preparedness is increasing relatively as other nations exhaust themselves. And there never was a time, and there never has been a time in our whole history when our duty to the world more imperatively demanded self-restraint and the curbing of peace.

"I hope the president will not be deceived by the atmosphere of the Manhattan club. This is the only place in the United States where the Mammon-worshipping portion of the democratic party meets to exchange compliments—there is no group far-

ther removed from the sentiment of the masses, whether you measure that sentiment by economical, social or religious standards."

SUGGESTION TO WOMEN

Who Are "Just Ready to Drop."
When you are "just ready to drop" when you feel so weak that you can hardly drag yourself about—and because you have not slept well, you get up as tired out next morning as when you went to bed, you need help. You can get it just as Mrs. Maxwell did. She says:

"I keep house for my little family of three, and became completely run down. I was weak, nervous and could not sleep; finally I was unable to do my house-work. A friend asked me to try Vinol. I did so and improved rapidly. It toned up my system, I regained my strength, I no longer nervous, sleep well, and do all my housework." Mrs. J. C. Maxwell, Montgomery, Ala.

There is no secret about Vinol. It owes its success to the medicinal extractives of fresh cod livers, tonic iron and beef peptone, the oldest and most famous body-building and strength-creating tonics.

So many letters like the above are continually coming to our attention, that we freely offer to return the money paid for Vinol in every case where it fails to give satisfaction. For sale at Medford Pharmacy.

DOUBLE HANGING OF MURDERERS IN CALIFORNIA

SAN FRANCISCO, Nov. 5.—Louis Bundy, a 20-year-old lad, who murdered and robbed a messenger boy in Los Angeles to get money for a present for a girl, and Earl Loomis, who murdered a Sacramento woman when she resisted his attempts to rob her candy store, were hanged at the same time today. Bundy's execution took place in San Quentin and Loomis' in Folsom penitentiary.

Loomis wore a broad smile as he mounted the gallows. "Hello, boys!" he said, greeting the witnesses. He declined religious consolation. Bundy made a statement, admitting

he had done wrong. "I am sorry," he said. "I had hoped the law would see a way clear to give me another chance." His sister bade him goodbye yesterday.

DIED
Martin V. McCallis died today at the home of his daughter, Mrs. Ada M. Judson, 319 Beatty street, Medford, aged 82 years, 7 months and 5 days. A stroke of paralysis was the direct cause of his death. Deceased was a native of New York, but has been a resident of Medford three years. He was a veteran of the civil war, being a member of Chester A. Arthur post. He served in Company A, Third Ohio cavalry. Two children survive deceased—Mrs. Ada M. Judson, Medford, and Mrs. Myrtle Bray, Santa Cruz, Cal. The body will be removed to Monroeville, O. for burial. Funeral services will be held at 3 o'clock this afternoon at the G. A. R. parlors.

Those having charge of the remains will leave on the 5:20 train for Ohio.

The sixth garage of concrete is being built at Pendleton.

SORES OF FOUR YEARS' STANDING VANISH

Has Unusual Story of Cure with New Herbal Skin Balm.

How many times have you laid awake waiting for daylight and would be able to catch a wink of sleep, but would wake in a moment or so with skin that was aching and itching? What would you have not given for a cool skin, no itching, and refreshing sleep? If you are one of these sufferers, DEXMA will insure you the blessing of a healthy skin free from itching, soreness or burning. It is an herbal balm and has not a harmful ingredient in it. Mrs. Res, who lives at 131 Locust St., Toledo, O., says: "I have used DEXMA with great results and success for trouble which the doctors pronounced Eczema. I had sores on my head and limbs and have been this way for the past four years and have tried many ways to obtain relief and found none, but am happy to say that this preparation has entirely cured me and I can and will endorse it to all that suffer as I did." We are the only druggists in this town from whom DEXMA, the great Herbal Balm, can be secured. Ask us today.
