

MEDFORD AUTO THIEVES ARRESTED AT LOS ANGELES

The men who stole W. H. Lydiard's automobile on the evening of October 28 and escaped with it to Los Angeles, Cal., have been arrested in the latter city and are held subject to the command of the Oregon authorities. They have confessed the crime, it is reported.

Chief of Police Hittson received a telegraphic message from Police Chief Sively of the California city, yesterday evening, containing the above information, including the assurance that it is the Lydiard machine, having been identified by number and otherwise.

The men give their names as George McConkey and Thomas McDonald, and unhesitatingly admit that they took the automobile with felonious forethought.

Lydiard in California
Mr. Lydiard, who offered a reward of \$50 for the recovery of the auto, is now in San Francisco looking for it. Chief Hittson endeavored to get into communication with him last night, but so far has not been able to reach him. When Lydiard shall have been notified, it is assumed that he will go directly to Los Angeles and drive his machine back to Medford.

The Lydiard auto, a Ford, was standing against the curb at the park, near the Presbyterian church, with that of C. E. Gates, the Ford agent in this city, standing next to it. The thieves had to back the agent's machine to release the Lydiard auto from the curb. But Gates' machine had the dealers' tag on display—and the hurrying tourists were wise enough to leave it unmolested, knowing that every Ford agent in the country would be after them as soon as the theft was announced.

May be Tried in Los Angeles
Prosecuting Attorney Kelly is in communication with the California authorities at Los Angeles to determine if the self-confessed thieves can receive sentence at that place for having taken stolen property into that state. If so, that would reduce the expense of their conviction and imprisonment.

It may develop, however, that those who would appear against them would prefer to have them tried for the crime in this district—and this possibility may influence the adjustment of the matter.

CONSERVATORY NOTES

Excellent results are being obtained in the public speaking department. Platform work has begun and the success of this class lies in the fact that the members are getting down to the fundamental essentials of speech building and are bringing in subjects which are of common interest. Debate work begins this week.

The physical training and athletic dancing class, composed of twenty high school girls, met Thursday of this week instead of Tuesday in order that the girls might attend the Medford-Klamath game.

Mrs. Robin of 54 Rose street is a new member of the ladies' physical training class which meets each Monday at 4:00 p. m.

Little Marian Van Gilder of the music department gave an informal recital Friday evening which was enjoyed by those present.

The classes of St. Mary's Academy under the instruction of Mrs. Havius, are very enthusiastic over their work.

Little Agnetta Rodolph is making wonderful progress in the art of bodily expression and relaxation.

Master Robert Rollins, son of Rev. and Mrs. Rollins, has enrolled in the music department of the conservatory.

Mrs. Sneathly of the music department is visiting in Portland this week.

"The Lark," a story in the fourth A grade English, has been dramatized by Coral Fay Havius and will be put on, as an English lesson, by some of the 4th grade pupils in Miss Ferguson's room. Mrs. Havius of the expression department, has been asked to coach the children.

The interpretation and expression class, composed of high school girls, will meet Thursday afternoon at 4 o'clock. This class will put on several plays throughout the coming semester, which we hope, the public may attend.

Our Best Seller
We are selling more of Meritol Ecsema Remedy than all the others put together. This large sale is due to the fact that it is a preparation of unusual merit, made expressly for one purpose, ecsema in its various forms. If you are afflicted with this loathsome disease, do not delay using Meritol Ecsema Remedy. Prices 50c and \$1.00. Exclusive Agency Haskins Drug Store.

News From Our Neighbors

EAGLE POINT EAGLETS

By A. C. Howlett

B. Klum, the advertising man of Jackson county, came out with two other men and erected a frame on the corner of the lot facing Main street and Hamilton avenue, and later he intends to cover the frame with a metal covering and the structure is to be used for general advertising. The bill board will not add much to the beauty of the place, but Mr. Klum says that he has so arranged the structure that there will be no paste drop on the sidewalk and that he intends to clean up the entire lot and try as much as possible to improve its appearance.

Messrs. Hoefft, who owns a fine farm on Little Butte creek, near Lake creek, and Ernest Rithies, who owns a farm between Milford and Central Point, were here Thursday for dinner, and I noticed when they left town that they took several sacks of flour on home with them from one of our stores. Arden Tyrrel of Lake Creek was also with us at the same time, and so was Henry Meyers of Brownboro. He brought out a load of fine looking potatoes for some of our citizens. Gus Peck, another one of the Lake Creek farmers, was also doing business here that day and was a guest at the Sunnyside, besides four strangers whom I did not know.

C. A. Chatman and wife came in Thursday afternoon, after taking the wrong road, coming out from Medford and going across Dry creek into the Wellen neighborhood, and having an experience in sticky. They were tired and hungry when they reached here and so spent the night with us, and the next day went up to the Hoagland ranch and back and spent Friday night with us. They are agents for the Singer sewing machines.

Arnold Banholer of Butte Falls came out Thursday on the P. & E., to be treated by Dr. W. P. Holt. He seems to be having trouble with his heart. He has taken a room at the Sunnyside.

Joseph Proll and Art Vestal, the men who took the contract to build the schoolhouse at Derby, were doing business with our merchants Thursday.

Mr. Stimson and another man, both in the employ of the O. & C. Power Co., came out Thursday and installed two electric heaters for J. V. McIntyle in his home. I believe the first ones to be used in our town, but if they prove a success there will probably be several more put in.

A son of Fort Hubbard and two more men who had been working up at Fish Lake came out and spent Thursday night here on their way to Medford. They report that the R. L. I. Co. have completed the first section of the dam, having built it twenty feet high, and have moved their camp.

Paul Opdyke was here Friday and took a load of supplies home from one of our stores.

A. G. Bishop, who is interested in the Hollywood orchard, was in town Friday on business.

H. C. Stock of A-hland brought out a lot of caskets for F. L. Heath, one of our local undertakers, last Friday.

Frank Lewis, one of our confectioners, and J. T. Zimmerman, proprietor of the Farmers' hotel, took a hike for the hills last Friday. Some said they were going to prospect for gold and take an outfit.

Bert A. Naren, one of the forest

GOLD HILL NUGGETS

Guy L. Herrick of Helena, Mont., has returned from the Frisco exposition, where he left Mrs. Herrick for a visit with his father-in-law, George L. McClellan, and family. Mrs. Herrick will arrive soon.

F. W. Dodge and Fritz Dean, employees of the R. R. P. S., were visitors at the head office in Grants Pass the first of the week.

Minor A. Foster, the weather prophet of aKnes creek, leaves tomorrow night (Sunday) for Sand Lake, Mich., where he will spend the winter with a married daughter.

Among the names of the lost in the wreck of the Santa Clara steamer off Coos Bay is that of Delmar Bogue of Gold Hill. He was about seven years of age and was accompanying his mother, Mrs. C. W. Bogue, and two older brothers, Wilbur and Henry, for a visit with his oldest brother, Roy, who is employed at Marshfield. The father and husband is at Cook's Inlet, Alaska, where he has work at the salmon fisheries. Mrs. Bogue and the boys left Gold Hill several months ago for Tangent, Or., for a visit with her brother.

Mrs. R. C. Kelsey was a Medford visitor Wednesday.

L. O. Walker, locally known as "Deacon," is spending his vacation at San Francisco, having left here Friday morning. Mr. Walker is in the employ of the R. R. P. S., at their local power station, and is thus enjoying his much-needed vacation.

C. P. Easley, recently S. P. agent at this station, left for Asbestos last week, where he has leased the Hillbilly ranch of H. H. Lampman, having deserted the key for the calm of the hills. Mrs. Lampman arrived here Saturday for a visit with her son, Ben H. Lampman, and family. Mr. H. H. will remain on the ranch until Mr. Easley becomes accustomed to the "rounds."

Hallowe'en night the hillside hen-roost owned by W. W. Traux was raided with devastating effect. The following morning discovered the chicken coop broken open, with its feathered inmates frightened and scattered through the nearby brush. When the fowls were finally rounded up for a census, after a forenoon of effort, the loss was found to be thirty-five of the finest. All through the summer season the Traux chickens have been leaved upon by someone at semi-occasional intervals, but the good-natured owner preferred to charge the loss to foraging hawks. This last calamity destroyed both his theory and his faith, along with his liking for the chicken business, and the remainder of his flock have been crated and shipped to a Medford commission house.

rangers, spent Friday night with us on his way to Trail with a load of flooring.

Messrs. Meyer and Mann, the two men who are managing the big truck that is taking the big lot of lumber from here up to be used on the R. R. I. Co.'s big ditch, when they came in for dinner reported that a Swede who had been working on the big ditch dropped dead Saturday morning near Camp 4, near the Lake Creek post-office. The coroner went up to take charge of the corpse this morning.

Among the guests here for dinner Saturday were C. H. Willson, one of our grocery salesmen, wife and daughter; O. V. Myers, and W. E.

OREGON APPLES ATTRACT ATTENTION AT BIG EXPOSITION

SAN FRANCISCO, Nov. 9.—Fifty boxes of Spitzenburg apples from Ashland, fifty from Medford, fifty from the Willamette valley, fifty from Hood River and fifty from eastern Oregon are being placed on display in the Oregon building, and on November 15 will be given to the thousands certain to be attracted by Oregon Apple day. These apples are of the 96-to-the-box size, and with fruit already on hand to be given away, no less than 25,000 to 30,000 people will be given a big, juicy apple from Oregon on this greatest of fruit days. This will fill a long-felt want, for throughout the season attendants have been constantly besieged with the plea for an Oregon apple, "just one sample" of the fruit of which all visitors have heard and so few tasted. Loganberry juice, prunes fresh and stewed, eastern Oregon popcorn, Casadia mineral water, Tillamook cheese, Klamath county honey and cheese, Oregon roses and Willamette valley cherries have been given away at the Oregon building, with such splurges and programs as to attract wide attention, but not before this time has an apple been offered.

Certain it is that the demand in the San Francisco markets has been increased, and some of the dealers report an increase of 100 per cent.

The real display of Oregon apples at this time is that in the palace of horticulture, this being comprised of the 100 boxes sent for competitive purpose. These apples come wholly from Hood River and Rogue River valleys and are the finest those famed sections can produce. More than thirty varieties are represented, and the display, just now being finished for judgment by the jury of awards, is beautiful beyond compare. Oregon has a larger number of competitive entries than any other state and there is confidence that the jury will find that Oregon has the finest fruit being shown at the exposition. The display is set in the center of the Oregon pavilion at the palace of horticulture, cannot be passed by the thousands and will not be missed by any who catch even a glimpse, for it is one of those displays that holds the attention and bring out those satisfying "ohs!"

Mann and William Nickel, wife and two children.

Since my last report, Thomas Vestal has renewed his subscription to the D. M. T.

Your correspondent will need some help next week as he is about snowed under for lack of news.

Walk With Ease

Dr. F. G. Mann, Chiroprapist and Foot Specialist, is in the city and located at the Palm Rooming House, 130 West Main St. Removes corns, and ingrowing toe-nails without pain or loss of blood, and treats bunions also. Examination and consultation free. Office hours 9 a. m. to 8:30 p. m. Special appointments by phone 348-R.—Adv.

All Fall Suits at Big Reductions for Quick Selling

ABOUT 40 OF THESE SUITS TO CHOOSE FROM—NOT AN OLD SUIT IN THE LOT, BUT EVERY ONE OF THEM ARE THIS SEASON'S STYLES, SOME OF WHICH HAVE BEEN IN THE STORE ONLY A SHORT TIME.

ALL MUST GO
It's our time of season to close out this stock, and we intend that the prices will do it. Mostly regular sizes and colors, many of which are the navy blue, sizes 16 to 44.

All \$15 to \$20 Suits	Now \$12.50
All 20 to 25 Suits	Now 16.50
All 25 to 30 Suits	Now 19.50
All 30 to 35 Suits	Now 24.50
All 35 to 40 Suits	Now 27.50

All Millinery One-Half

Every lot to be closed out--new Fall shapes--many pattern hats in the lot--and black velvet shapes both small and large--yet all are moderately priced. Entire stock to go at the one price.

THE MAY CO

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutionally remedying the cause. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; plus cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

DON'T SCOLD, MOTHER! THE CROSS CHILD IS FEVERISH, BILIOUS

Look at Tongue! If Coated, Clean Little Stomach, Liver, Bowels

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermented food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeiters sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.
