

FOREIGNERS SEE ANCIENT CEREMONY JAP CORONATION

KIOTO, Nov. 10.—For the first time in history the people of Japan and the representatives of the people of foreign lands were present today at the coronation of a mikado, when Yoshihito, son of Mutsuhito, acceded to the throne of Nippon.

The story of this epochal event is the history of old Japan epitomized. It is the story of the Japanese deities of heaven and earth, of the veneration of the imperial ancestral gods and of the formal accession to sanctity of the monarch of today—Yoshihito—direct descendant of the immortal Jimmu, the first emperor and founder of the empire, and descendant also, according to tradition, of the sun goddess and imperial grand ancestress, Amaterasu Omikami, who dwelt in the heavenly regions of prehistoric ages.

The essence of the accession ceremony centered about the Kashikodokoro, or sacred mirror, which represents the spirit of the sun goddess Amaterasu. This divine mirror, supposed to be of bronze, though no mortal eyes have gazed upon it, together with the sacred comma-shaped jewel necklace and the sacred sword, are known as the imperial treasures and symbolize the imperial power. The ceremony of this morning was a ritual service of ancestor worship and was held in a specially erected hall in the palace grounds known as the Shunoden hall, where was enshrined the sacred mirror brought from Tokio.

The drawing of the veil of seclusion and the admission of foreigners and of the people of Japan to the holy service of accession was the visible evidence of Japan's transition from the early years when the emperor stood apart in severe separation from the world to a time when, without abandoning his heavenly-given sanctity he consented to emerge from his historic isolation. In the olden days the people were not present. Vaguely they heard that the monarch had acceded to his throne, but they had no prerogative in the matter.

Today they were actually invited to the ceremonies. Their representatives in parliament were there grouped about the imperial throne symbolizing the new Japan.

BRYAN SAYS WORLD NEEDS A PENTECOST NOT ARMAGEDDON

WASHINGTON, Nov. 10.—Former Secretary of State Bryan today added a chapter to his disagreement with President Wilson over the question of national defense by issuing a formal statement in comment on the president's recent quotation from the Scriptures in support of his advocacy of military preparedness. The same quotation had been used by Colonel Roosevelt in a recently published article.

"It is not surprising that Mr. Roosevelt should consult the Old Testament rather than the New," said Mr. Bryan's statement, "because he classes Christ with the mollycoddies, but why should the president, a Presbyterian elder, pass over the new Gospel, in which love is the chief cornerstone, and build his defense upon a passage in the Old Testament written at a time when the children of Israel were surrounded by enemies?"

"It is all right for Mr. Roosevelt to sound the trumpet because all colors are red to him. He sees armies marching against us from every direction, but the president is a man of peace and he is in a position to know that no one is threatening to attack us. It is surprising, first, that in looking up Bible authority he should ignore the teachings of Christ, and second, that he should select a passage that refers not to preparation against imaginary dangers, but immediate action to meet an attack actually made. What the world needs today is a pentecost, not an Armageddon."

SUGAR FARMERS PROFITABLE CROP

Comparisons affecting the purpose involved are not always odious. These figures ought to be valuable to the farmers in this sugar beet campaign who desire to determine how others have succeeded at best culture, for they know that sensible farmers will not continue to devote their lands and their energies to the cultivation of a crop that produces no profit for them.

Colorado's experience is interesting. Last year it produced beet sugar worth \$19,470,330, paying to the farmers for beets the sum of \$9,699,511; wheat, \$9,841,440; corn, \$6,800,640; oats, \$5,850,000; potatoes, \$4,380,000; hay, \$17,227,200; fruit, \$5,793,557; dairy products, \$8,832,000; poultry, \$4,654,495.

Beet sugar stands at the head of the list with \$19,470,330. Sugar beets brought the farmers who raised them \$9,699,511.

No argument is needed, even to show that Colorado farmers are business farmers; they know what pay best—and they raise it.

CHINESE GOVERNOR OF SHANGHAI SLAIN WHILE MOTORING

SHANGHAI, Nov. 10.—Admiral Tsing Ju Cheng, governor of the Shanghai district, was assassinated early today while motoring to the Japanese consulate to attend the coronation reception, was accompanied when attacked by Prince Tsai Sun, who headed the Chinese naval commission on a visit to the United States in the summer of 1910.

When the automobile in which the admiral was riding slowed down, owing to a congestion of traffic, one assassin threw a bomb half-heartedly at the machine, evidently fearing to injure the large crowd of foreigners watching the procession of carriages and motor cars going toward the consulate. The bomb missed its mark.

The assailant was then joined by another man and both ran after the automobile and jumping upon the footboards, emptied the magazines of their revolvers into the governor and his secretary.

The admiral received sixteen wounds, including five in the neck. Both his legs were broken. He died soon after reaching the hospital. The automobile was riddled with bullets.

After a violent struggle two police inspectors arrested the assassins, who were carrying 200 rounds of ammunition.

comparatively heavy. On the higher lands in the Canyonville district two inches fell early today. Baker, Oregon district, several hundred miles east of here, retired in balmy weather Monday night but awoke to find eight inches of snow. Shovelers were at work all day. Many tree branches broke under the weight. Weather predictions are for more snow.

THE GREATEST BLOOD PURIFIER EVER DISCOVERED

Thousands bears testimony to a remedy that has stood the test of over half a century—S. S. S.

Possibly there is no remedy ever compounded by the hand of man that has been able to show such a clean record for the wonderful effect it has had in remedying the ills of men and women. The library of the Swift Specific Company in Atlanta is a veritable treasure chest of testimonials, setting forth in distinct and indisputable language how S. S. S. has banished the horrible suffering of Rheumatism. There are thousands and thousands of letters from grateful fathers who have at last the knowledge that the hereditary taint that was discovered in their blood will not have to be handed down to their children. Here are wonderful records to tell where the horrible suffering of Catarrh has gone forever, where skin diseases that have disfigured the face and features have left them as clean and wholesome as nature intended them to be. Cases of Eczema, or Salt Rheum, Tetter, Rash—cases after case of so-called skin diseases which have been brought to bay by the marvelous tonic effects of S. S. S. Tell-tale Scrofula no longer has its terrors, for the famous remedy, like a guardian angel, stands ready to banish it. The chief thing for the sufferer from blood diseases, and Rheumatism is one of the worst of them, is to realize that they cannot be cured by rubbing, by douches of hot water, salves, lotions or any outward or external treatment. These remedies that soothe often do no more than aggravate the trouble in the long run, believe that even pimples are the danger signal of bad blood and treat the blood and not the pimple and the relief is sure. Medical advice is free to any sufferer from blood disorders or skin diseases. You know your symptoms. This is the opportunity to secure special advice from Physicians who have for fifty years been making a study of blood diseases, particularly Poison Blood, Rheumatism, Scrofula, Eczema, the hardening of blood vessels from old age. Write today for special advice. Avoid substitutes. If you suffer from any of the troubles mentioned go straight to your druggist and get a bottle of S. S. S.—then write us, The Swift Specific Company, Medical Department, Room 12, Atlanta, Ga.

From Mrs. Hornung, Buffalo, N. Y.

BUFFALO, N. Y.—"I am writing to let you know how much your medicine has done for me. I failed terribly during the last winter and summer and every one remarked about my appearance. I suffered from a female trouble and always had pains in my back, no appetite and at times was very weak."

"I was visiting at a friend's house one day and she thought I needed Lydia E. Pinkham's Vegetable Compound. I took it and have gained eight pounds, have a good appetite and am feeling better every day. Everybody is asking me what I am doing and I recommend Lydia E. Pinkham's Vegetable Compound. You may publish this letter if you wish and I hope others who have the same complaint will see it and get health from your medicine as I did."—Mrs. A. HORSBURG, 91 Stanton St., Buffalo, N. Y.

Made Me Well and Strong.

MACEDON, N. Y.—"I was all run down and very thin in flesh, nervous, no appetite, could not sleep and was weak, and felt badly all the time. The doctors said I had poor blood and what I had was turning to water. I took different medicines which did not help me, but Lydia E. Pinkham's Vegetable Compound made me well and strong, and I am recommending it to my friends."—Mrs. FRED CHACE, R. No. 2, Macedon, N. Y.

The Change of Life.

BELTSVILLE, MD.—"By the use of Lydia E. Pinkham's Vegetable Compound I have successfully passed through a most trying time, the change of life. I suffered with a weakness, and had to stay in bed three days at a time. Lydia E.
