Save Your Hair! Double its Beauty in a Few Moments—Try This!

If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots flunish, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a 25-cent bottle of Knowlton's Danderine at any drug store or toilet counter, apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually—why not now?

Lung Racking Cough

Yields to Our God Liver and Iron Remedy, Vinol

To the people of Medford we make this offer—Come to our store and buy a bottle of Vinol, if it does not cure your chronic cough or hang-on cold, we will give your money back. Read this convincing letter:

"For seven years I had a lung racking cough which made sleep impossible, and caused great distress. I also had asthma. I was obliged to sit up all night for weeks at a time. I spent a great deal of money in search of relief, but failed until I used Vinol, but it has acted like a charm. I can lie down and sleep all night without coughing, and one night's rest such as I now enjoy is priceless. Since I have taken Vinol I have had no cough or symptoms of asthma, and it is a genuine pleasure to testify to the excellence of Vinol."
