

ASHLAND AND VICINITY

Wm. D. McCracken, of New York City, member of the board of lectureship of the "Mother church" at Boston, delivered a public address at Elks' temple, Tuesday evening, under the auspices of the local Scientist body.

Lord and Lady Aberdeen will be in Ashland on Monday, November 29, and on the evening of that date will deliver addresses in Elks temple. The topic of the marquis will be "Reminiscences of a Viceroy," a theme suggested by virtue of having filled the appointment under the British crown of Lord Lieutenant of Ireland and governor general of Canada. The marchioness will talk upon "The Triumphs of a Civic Awakening," incorporating essential features of activities in which federated women's clubs are engaged. They appear here under the auspices of ladies of the Civic Improvement club, arrangements having been made over a long distance call initiated by the visitors from San Francisco, who appear here in behalf of the Belgian relief fund. The Civic Improvements secured the appearance here of Helen Keller some time ago, and it is expected that the visit of the Aberdeens will meet with like gratifying results.

H. P. Holmes and son Harley have returned from their visit to the exposition, the latter especially having had a great experience in seeing the sights of the big show. On the return trip, however, he had a disconcerting attack of heart trouble while coming over the high altitudes in the Siakiyous.

Eli N. Peters died on Monday, aged 84 years. Funeral was held on Tuesday at Stock's undertaking rooms. Interment in Mountain View cemetery. The deceased was a Civil war veteran. He leaves a daughter, Mrs. Florence Studebaker, residing in this city. For sometime past he had been living at 118 High street.

Friends and fellow church workers of Mrs. John F. Patty surprised her on Sunday afternoon, the event being a birthday anniversary occasion. Over 30 were present, led by Rev. R. W. Farquhar, pastor of the Congregational church, in the councils of which the Patty family are prominent workers. The surprise was a complete as the event enjoyable.

Among a dozen or more attorneys throughout the state, consulted in the preparation of "The Layman's Primer on the Oregon Tax Law," appears the name of W. J. Moore of this city. The work will soon be available and takes the form of catechetical questions and answers readily understood.

C. A. Norwine and wife, of Bonne Terre, Missouri, in the vicinity of St. Louis, are newcomers here looking about with a view of locating. Mr. Norwine is an old-time merchant, but of late years has been identified with the automobile business, his specialty being Studebaker and Maxwell cars.

Local railroad men coming from Sacramento report 2200 freight cars handled in those yards last Friday, the largest day's business done at that terminal in the history of the Southern Pacific. The freight was fruit, vegetables and general merchandise.

We have military plotters right in our midst. Sergt. Millard Grubb was recently halted to Eugene where he passed the regulation "plotters" course in both theoretical and practical gun practice as laid down in the official textbooks used at West Point and Annapolis. Private Ora Deibert also took the examination for electrician with the object of rising to the ranks to a sergeant's classification. Both are members of the local company, Coast Artillery Corps.

Prof. H. G. Gilmore is still on the convalescent list, gradually recovering from the effects of wrestling with an interstare electric light pole which, lying prone upon the ground disputed his right of way near a street corner in the recent days of darkest Ashland, when the nights were blacker than a stack of sombre cats. This period refers to the few evenings when the lighting system was at its lowest ebb. With the advent of autumn rains and consequent increase of street illuminations, the professor's condition is improving. At the same time he fervently repeats the scriptural injunction, "Let there be light."

Mrs. Vivian Hipsley and son Roy left for their home, Pasadena, Cal., on Monday, after a visit here with Mrs. Hipsley's foster parents, Mr. and Mrs. R. J. Edwards. Mr. Hipsley will meet his wife and son at San Francisco. In connection with their trip home, Mr. Hipsley secured the tickets and brought them home in his pocket, only having time to phone to the depot for duplicate ones before the train started.

searching for fragments of the celestial visitor on both the California and Mexican sides of the border. The story that the explosion was attributed to Carranza saluting the American flag, as proxy for Huerta, is pronounced a hoax.

The next meeting will be with Mrs. R. C. Boyd on November 15.

GOLD HILL NUGGETS

Mrs. Ivan Simon departed Thursday evening for a fortnight's visit with her parents, Mr. and Mrs. T. A. McCourt, at Hillsboro. Her departure is being conclusive evidence that the submersible was fly-naval flag of Austria-Hungary.

THEY REFUSE TO EAT

At periods in most children's lives they fail to relish their meals and refuse to eat even the delicacies prepared to tempt their appetites. They lack ambition, and growth seems impeded, which causes anxiety and worry.

To compel them to eat is a grave mistake, because nutrition is impaired. Healthful exercise in fresh air and sunshine is important, but equally important is a spoonful of Scott's Emulsion three times a day to feed the tissues and furnish food-energy to improve their blood, aid nutrition and sharpen their appetites.

The highly concentrated medicinal food in Scott's Emulsion supplies the very elements children need to build up their strength. They relish Scott's—it is free from alcohol. Scott & Bowne, Bloomfield, N. J. 15-34
