COMPROMISE ENDS ELECTRIC LIGHT TANGLE

Long-Standing Deadlock Between the City Council and California-Oregon Power Company Settled by New Agreement Whereby City Gets 3 Per Cent of Gross Receipts.

The three years' deadlock between the city council and the California-Oregon Power Co. over the franchise and rates charged the city, was settled Saturday at a special council meeting whereby a new agreement was made, the city getting three percent of the gross receipts of the power company and effecting a saving of several hundred dollars per month in lighting bills. The validity of the franchise granted the company in 1907 was recently sustained by the federal district court, and the amount owed by the city for light and power applied to the purchase price of the city plant.

Privileges Waived The city council in special session Saturday afternoon passed a resolution of agreement to certain stipulations formulated and agreed to by counsel for both the city and the company at a prior meeting, the company waiving certain privileges conferred by the decree of the court in its final judgment of the case. Most of these stipulations concern the city's lights and the cost thereof, together with certain changes which add 16 light units to the present system. No free lights will be granted; but, in lieu thereof, the company makes a flat rate of four cents for such lights.

Are Lights Removed In their place 125 new 250-watt lamps (incandescents), 48 100-watt lamps and 83 40-watt electrolux will be installed. The electrolux will have three and five lights. The reduction in the cost of street lighting will be about 50 percent of the present cost. This includes an arrangement in which the company is to take over and repair all electrolux at an estimated cost of \$1000. The company agrees to expend \$2715.56 in the improvement of the system. This is wholly voluntary on the part of the company.

It is stipulated that the city is to receive 3 percent of all of the company's gross business within the city during the remaining sixteen and one-half years of the period of the present contract. The city is to make settlement with citizens who have put in electrolux. The company agrees to cut out \$273.27 of the cost bill in the judgment against the city. The proposition of Attorney Pierce of Seattle, regarding the bonding proposal, was declined, but the matter was left open for future consideration.

BLEACHERS FALL AT WISCONSIN GAME

MADISON, Wis., Nov. 20.—Several spectators at the Wisconsin-Minnesota football game here today were injured when a section of the north bleachers fell, carrying about 2500 persons to the ground. There were no fatalities, although several persons were hurried to the hospital. Their conditions were reported serious. Many others sustained slight bruises. The teams stopped until the extent of the casualties had been ascertained and when it was found that no one had been killed play was resumed after ten minutes interruption. At the hospital, where the injured were taken, it was said that fifteen persons had been hurt, three of them seriously. None of the injured will die, it was stated.
