Rhoten, whose home is in the mountains back of Gold Hill, has asked the juvenile court of this county to commit her three boys, ages 6, 7 and 9 years, to the Boys and Girls' Aid society of Portland. This is the family for which contributions of clothes were asked through this paper last week by friends of the unfortunate mother. REMARKABLE CASE of Mrs. HAM

Declares Lydia E. Pinkham's Vegetable Compound Saved Her Life and Sanity.

Shamrock, Mo.—"I feel it my duty to tell the public the condition of my health before using your medicine. I had falling, inflammation and congestion, female weakness, pains in both sides, backaches and bearing down pains, was short of memory, nervous, impatient, passed sleepless nights, and had neither strength nor energy. There was always a fear and dread in my mind, I had cold, nervous, weak spells, hot flashes over my body. I had a place in my right side that was so sore that I could hardly bear the weight of my clothes. I tried medicines and doctors, but they did me little good, and I never expected to get out again. I got Lydia E. Pinkham's Vegetable Compound and Blood Purifier, and I certainly would have been in grave or in an asylum if your medicines had not saved me. But now I can work all day, sleep well at night, eat anything I want, have no hot flashes or weak, nervous spells. All pains, aches, fears and dreads are gone, my house, children and husband are no longer neglected, as I am almost entirely free of the bad symptoms I had before taking your remedies, and all in pleasure and happiness in my home."

However warm your welcome—however generous your hospitality—much of your own pleasure and that of your guests is lost if QUALITY is overlooked in the selection of the essentials that go to make the dinner complete. We have anticipated your wants and are especially prepared to serve you.
