

LIBERTY BELL REPOSES IN SHRINE INDEPENDENCE HALL

PHILADELPHIA, Nov. 26.—The Liberty Bell, one of America's most treasured relics, today reposes in its shrine in Independence Hall after a journey estimated at 17,000 miles to the California expositions, where, according to guardians, it was viewed by ten million people. Ten million other residents of the United States viewed the bell on its journey to and from the expositions, making a total of more than twenty millions who saw it in the 194 days it was absent from this city.

Thirty states were crossed and more than 117 stops at cities and towns were made. Crowds filled with reverence and enthusiasm greeted the bell at all its stopping places, according to members of its escort. Floral decorations were heaped upon it and thousands begged for the privilege of touching it.

It was the eighth trip the bell has taken since it rang out in celebration of the signing of the declaration of independence of 1776. The next year it was removed to Allentown to save it from the British. In 1884 it took its second trip when it was sent to the New Orleans world's exposition. The expositions at Chicago, Atlanta, Charleston, Boston and St. Louis were visited. Fear that it might be injured by the long trip to San Francisco caused many patriotic societies to protest against its most recent journey both these fears proved to be groundless.

Severe Bronchial Cough

Yields Quickly to Vinol
Here is another letter we are permitted to publish for the benefit of Medford people who suffer from chronic coughs, colds or bronchitis.

Miss Oda Nelson, a stenographer, of Tenack, N. J., says: "I suffered from a severe bronchial cough. I had bad coughing spells and became so weak it was hard for me to go to business day after day. I tried cough medicines and doctors' prescriptions without benefit. Through a friend I learned of Vinol and after taking one bottle my bronchial trouble was better. It continued use stopped the cough, built me up and I gained in weight."

It is the combined action of the medicinal elements of cod livers added by the blood-making and strength-giving properties of tonic iron and beef pentone, which makes Vinol a constitutional remedy for chronic coughs, colds and bronchitis, and at the same time it will build up the weakened, run-down system and re-establish strength.

Don't forget we return your money if it fails to give you satisfaction. For sale at Medford Pharmacy—Adv.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless, inexpensive, makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.
