While I was in the city I also met another of the old Jackson county citizens, Mrs. Lizzy Carlton nee Lizzy Molgarnot. She is living out in the region of Sandy. I also met a stranger who recognized me, he having stopped at the Sunnyside some time ago and he was so glad to see me he introduced me to a friend, asked where I stopped and proposed that we take in the city together, but I was most too old to bite at that kind of bait.

We are having all kinds of weather up here. It has rained I think every day since I left home, not all the time but there has not been twenty four hours at a time but what we have had some rain and a part of the time sleet and although the thermometer does not register very cold still the air is so chilly that a Southern Oregonian wants heavy clothing and a good fire, but the people up here don't seem to notice the cold or wet.

I am enclosing a clipping from the Oregon City Enterprise that I think contains some good suggestions on the subject of school system and if you think best would like to have you publish it for the benefit of some of the Jackson county people.

ANOTHER TEUTON AIDE NABBED BY AUTHORITIES

SAN FRANCISCO, Dec. 6.—Baron George Wilhelm von Brincken, who claimed immunity from arrest as military attache of the German consulate-general here last night, surrendered early tonight to federal authorities and was charged with attempting to destroy commerce with the allies. He was released on bail bond of \$10,000.

The arrest of von Brincken was in connection with the alleged conspiracy to block traffic and destroy vessels carrying food, clothing and ammunition to the allies in the European war and associated him with Charles C. Crowley, a detective and Lewis J. Smith, Crowley's alleged accomplice, in the handling of German funds for destruction purposes.

The federal authorities also indicated the intention of pressing other neutrality cases by ordering service of a subpoena upon Robert Capelle, agent of the North German Lloyd Steamship company who was said by them to have been secreted on board the German bark Ottawa, interned off Sausalito since the beginning of the war. Search for Capelle was begun ten days ago following the testimony in the Hamburg-American case at New York that \$750,000 was sent here for disbursement upon the orders of Captain Boy-Ed, naval attache of the German embassy.

EAGLE POINT EAGLETS

By A. C. Howick.

Since I wrote the last time there has been some changes in our thriving little town that have not been mentioned in the Mail Tribune.

Since I left home Gaddis & Dixon, the Page fence men, have had their man go out to Eagle Point and tighten up the suspension bridge across Butte creek just below the Sunnyside hotel and the town council has had two tents put under it so as to take the strain off of it thus making the spans shorter, greatly improving its appearance and making it less trouble to walk.

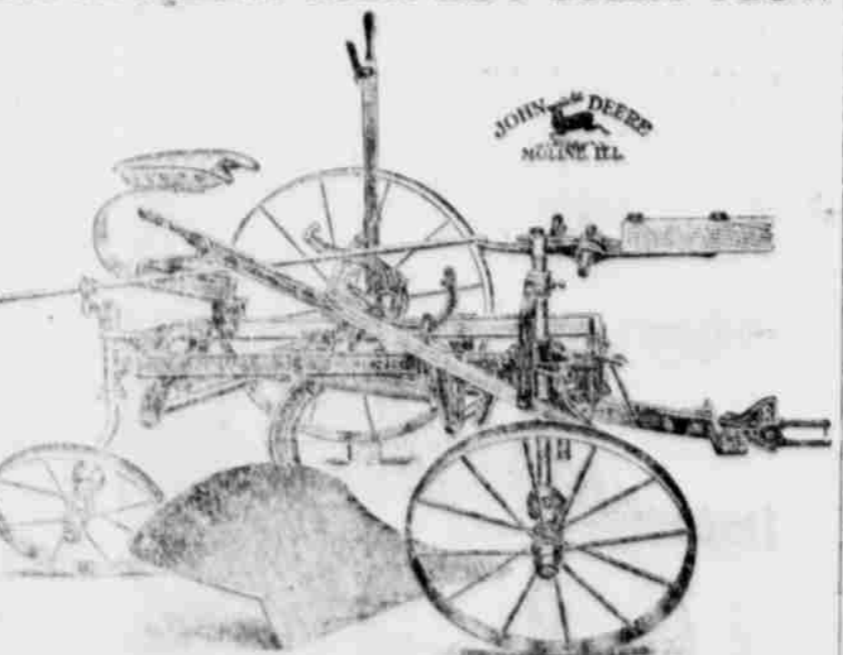

Miss Mabel Wamsley has gone to Bend, Oregon, to spend the winter, the same place she lived last winter. She has gone there for her health.

Frank Nichols and family have moved to Seattle, Washington.

George Wamsley has gone to Los Angeles to spend the winter with his brother.

When I left home Nov. 15 from the appearance of the signs of the times it is about time for me to announce two weddings in Eagle Point, and they may have already been announced for all I know for I have not seen a copy of the Medford Mail Tribune for about a week as I have not had any mail since last Monday and then did not get the M. T., and I am almost lost without it. The last account I had from the sugar beet committee the prospects were not very flattering for securing the plant, but I hope that that is not a failure. We have had so much rain up in these parts that I have been confined the most of the time in the house so have not stirred around very much, but while I was in Portland I visited one of our old boarders, James Ringer, now a resident of the L. O. O. P. home, and found him well, hearty and happy. The home is situated out in the suburbs of the city and is a fine home for the aged and infirm. I was taken through the entire building and found the rooms to be large and neatly arranged and the occupants seemed to be perfectly contented.
