

LOCAL AND PERSONAL

Sunflowers are produced in this valley very abundantly, but not very extensively. The seeds have unusually high oil and protein content. They make excellent feed for stock and particularly for poultry. They should be planted more extensively. They are cultivated much in the same manner as corn. Sunflowers, however, may be planted earlier, for they are more hardy. Where grown consecutively they tend to exhaust the nitrogen in the soil very rapidly, but that can be overcome by fertilization, in cases where rotation of crops is not possible. In the Wapata lake district, near Tacoma, Wash., sunflowers net the growers as much as \$100 an acre.

Olympia Flour \$1.50; Pride of Waldo Hills \$1.30. L. B. Brown, at Russ Mill. 225*

The biggest poultry show ever staged in Portland is being held there this week. A larger showing of commercial poultry than ever before made in that city is one of the features.

Fresh roasted peanuts at De Voe's. The Oregon Horticultural society has just closed its 30th annual meeting at Corvallis. This is a voluntary organization and has maintained its usefulness to horticulturists during a long and busy life. Age appears to add to its vitality.

For watch work that satisfies Johnson the Jeweler. 220

One of our county papers says the "one beauty of Rogue river valley farm lands is that one doesn't have to blast out the stumps in order to find a patch large enough for a garden." Some of the choicest agricultural lands in this valley have yet to be cleared of their stumps and brush by blasting or some other equally effective process. One of the things that has retarded this county's development is found in the fact that not enough of its stumps have yet been "blasted out." Our county contemporary is up a stump on this proposition.

De Voe delivers the Oregonian to you every day for 75c a month.

The Pacific International Livestock exposition is in progress in Portland this week.

Mrs. Leach, Abdo-Support Barclay surgical corset. 226 N. Bartlett.

The supreme court of the state has declared the new road law unconstitutional.

A "Pacific Cedar Chest" for Xmas. An ideal gift.

Dairy and Food Commissioner Mickle, in endeavoring to enforce the law which provides that butter held in storage for more than ninety days shall be marked "storage butter," and also requires that the date when it becomes storage butter shall be plainly marked on each box, declares that it is necessary for him to get the name of the owner and full information about it when in cold storage. He says he applied to one cold storage company and got the facts, but when he applied to the Union Meat company, he was refused. A test case has been commenced and the Union Meat Co. has been cited to appear before the grand jury and disclose its records.

Gates sells Ford cars, \$200 down and \$25 a month. 229*

The Parent-Teachers' circle of the Lincoln school will meet at the school building Friday at 7:50 p. m. Mrs. Neff will read a paper on our convention at Corvallis and Miss Marie Seeley will give a reading.

JULIETTE DAY IN "TWIN BEDS" AT PAGE THURSDAY EVENING

Selwyn & Co., the enterprising theatrical firm which gave the stage such conspicuous successes as "Within the Law" and "Under Cover," will provide another treat for local theatregoers on Thursday, December 9, at the opera house, when they will present for the first time in this city their latest popular offering, "Twin Beds," an irresistibly humorous play of life among the apartment

house dwellers by Salisbury Field and Margaret Mayo, which has proved the laughing triumph of the season in New York. "Twin Beds" is a clean and adroitly woven farcical exploitation of the domestic difficulties, the jealousies, the suspicions and the amazing adventures of three married couples who occupy apartments in the same building in a fashionable section of New York City.

The Grizzles, with their friends and invited guests, will dance Friday night at the Natatorium in sheets and pillow cases and white masks. This will be the first party of this kind in Medford for many years.

WHAT CAUSES COLDS?

This question is asked every day. A cold is really a fever, not always caused by the weather but often due to disordered blood or lack of important food-elements. In changing seasons fat-foods are essential because they distribute heat by enriching the blood and so render the system better able to withstand the varying elements. This is the important reason why Scott's Emulsion should always be taken for colds, and it does more—builds strength to prevent sickness. Scott's Emulsion contains Nature's rare strength building fats, so skillfully blended that the blood profits from every drop. It is free from harmful drugs or alcohol. Sold at drug stores—always get the genuine.

Scott & Bowne, Bloomfield, N. J. 15-25

Firestone Faith

The Firestone ideas of motor-ing are founded on a belief in the wisdom and common sense of the motorist—and this faith has been justified. Firestone success has proven that the car owner wants safety, comfort and Most Miles per Dollar. He wants the quality that costs less to use. The Non-Skid lettering is an imprint of safety. You need it always—but particularly at this time of year. It holds the standard for endurance and economy. The letters prevent spin or skid in any direction, they radiate the heat of road friction, insure perfect traction with gasoline economy, car-protection and maximum comfort. Everywhere experienced motorists praise Firestone performance.
