Coughed Night and Day

How This Little Orphan Boy Was Cured

We want the people of Medford to know that all letters like the following are truthful and genuine:

Towanda, Pa. "I took a little orphan boy to live with me and last Christmas he contracted a hard cold which developed into bronchitis. He was very ill and a bad cough set in so that he coughed night and day. After trying everything, nothing seemed to do him any good, until along in February I got a bottle of Vinol. After using half the bottle his cough began to improve, and two bottles entirely cured his bronchitis and he gained in weight so that he doesn't look like the same child." Harry A. Stephenson, Towanda, Pa.

The reason that cough syrups fail in such cases is because they are palliative only, while Vinol removes the cause, being a constitutional remedy in which are combined the healing elements of fresh cods' livers, together with iron tonic and beef peptone. It strengthens and revitalizes the entire system and assists nature to expel the disease. For sale at Medford Pharmacy—Adv.

WASH & SUIT HOUSE

In the question directed to more than a score of farmers during the past month as to whether or not they disked their stubble-fields this fall soon after the grain was cut, only one answered that he had. Many gave the wholly good excuse that the ground was too hard by reason of lack of irrigation. This question of irrigation bobs up in a thousand ways in farm management. Very soon the farmers of this valley will see what a big thing it is. It is too great a factor in profitable farming to be concealed behind a grunt.

Some of the ministers of Medford have voiced their hearty approval of the municipal Christmas tree idea by having their Sunday school exercises the Sunday following, instead of on Christmas eve, which is not only a progressive idea, but it stamps it as a most impressive one, since where can there be a more impressive place for worshipping a symbol of the Star of Bethlehem than out in the open under the canopy of heaven? *

The Big Surprise for Corn Owners. It's Sure, Simple, Safe, Quick.

It's a short story—only about two feet—Mary had a little "Gets-It," and corns upon her toes; and every time she put on "Gets-It," the corn was sure to go. Mary, like thousands of others, used to be a heroine, suffering martyrdom, using painful bandages, irritating salves, sticky tape, toe-harnesses, blood-bringing razors and surgical. She says now there's no sense in it. Use "Gets-It," applied in 2 seconds. Easy, simple, new way—just painless common sense! Millions are doing it. Never fails. You can wear smaller shoes now. You don't have to limp around any more, or walk on the side of your shoes to try to get away from your corns! You know for sure before you use "Gets-It" that the corn or callus is going away. For corns, calluses, warts and bunions. "Gets-It" is sold by all druggists, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago.
