### MAUD ALLEN STAR TODAY IN "THE RUG-MAKER'S DAUGHTER"

"The Rug Maker's Daughter" is a dashing romance of the Turkish-American rug trade, which presents the world's famous dancer in her most beautiful dances. Her dancing

is not "technique," but inspiration, not "steps," but the throes of a body in a state of exaltation; not "routine," but the actual, genuine ecstasy of an elegant Naid who is dancing reverentially before a shrine.

## TWELVE AMERICANS ABOARD ANCONA ONLY 3 SURVIVE

WASHINGTON, Dec. 20.—The names of twelve Americans said to have been on the Ancona when she was torpedoed were received today by the state department from Ambassador Page at Rome. The cablegram reads as follows:

"Twelve Americans known to have been on board the Ancona. They were:

"Mrs. Cecile L. Greil, first cabin, Joseph Torrisi and daughter, Carmel, second cabin, bearing American passports 2880 and 2887.

"Alexander Potalivo, his wife, Maria Nicola Potalivo, two sons, Mario, aged 19, and Irlando, aged 17, and two daughters, Maria Imiba, 17 years, and Maria, 11 years, third cabin (previous spelling Pattativo was erroneous).

"Pasquale Laurino, formerly mentioned as Saurino, naturalized.

"Mrs. Francis Mascola Lamura, reported as wife of naturalized American citizen, and one child, name not given.

"Of foregoing, only three are known to survive, namely: Mrs. Greil, who left Rome to sail today from Bordeaux by the steamer Rochambeau; Joseph Torrisi, in hospital at Ferryville, Tunisia; and Irlando Potalivo."

### THEY REFUSE TO EAT

At periods in most children's lives they fail to relish their meals and refuse to eat even the delicacies prepared to tempt their appetites. They lack ambition, and growth seems impeded, which causes anxiety and worry.

To compel them to eat is a grave mistake, because nutrition is impaired. Healthful exercise in fresh air and sunshine is important, but equally important is a spoonful of Scott's Emulsion three times a day to feed the tissues and furnish food-energy to improve their blood, aid nutrition and sharpen their appetites.

The highly concentrated medicinal food in Scott's Emulsion supplies the very elements children need to build up their strength. They relish Scott's—it is free from alcohol.

## BULGARS CLAIM ONLY 50,000 SERBS ESCAPED ARMIES

BERLIN, Dec. 20.—"Military circles in Sofia," says the Overseas News agency, "estimate that 50,000 Serbians escaped the forces that were attacking them. Of these, the Bulgarians say, 30,000 attempted to reach Scutari, making the effort without either artillery or baggage, at least one-third of them perishing. The other 20,000, according to these estimates, marched into Albania, where a large number of them were killed by the Albanians. "Only small contingents of the Bulgarian first army were sent against the refugees and no further events of importance are anticipated in the theater of war where they have been operating. "In their campaign the Bulgarians, it is asserted, took 45,000 railroad trucks loaded with munitions, guns and various other supplies in quantities that had been obtained by Serbia from the entente powers during the year previous."
