

TURKS CAPTURE BOOTY FROM ALLIES FLEEING PENINSULA

CONSTANTINOPLE, Jan. 11, via London, Jan. 12.—The following official statement was issued tonight by the Turkish war office: "On Monday evening, debris, booty and a number of dead bodies, but not a single soldier of the enemy remained at Seddul Bahr. In the course of our pursuit, the remainder of the enemy who refused to surrender and fled in the directions of the landing places were annihilated. On the left wing, in the sector of Kerevedere, we discovered a great quantity of automatic mines, ninety of which were destroyed by our engineers in a small space.

"Trak front: On the night of January 6 the enemy, who had been surrounded in Kut-el-Amara, attempted at many points to make sorties after a vigorous bombardment. These were repulsed with losses. "On January 8 there was a heavy artillery battle in the Black sea for half an hour between the Turkish battleship Sultan Selim (formerly the German cruiser Goeben) and the Russian battleship Empress Maria. The engagement was at long range. The Sultan Selim was not damaged, while a hit was observed on the Empress Maria."

COURTESY TO GREEKS ORDERED BY SARAIL

PARIS, Jan. 12.—General Sarail, commander of the French army in the east, has issued a new order to his troops, from which the Saloniki correspondent of the Temps quotes the following as the most important message: "I repeat again: You must all, both officers and men, observe towards the officers of the Greek army of rank superior to your own the authorized rules of deference and the outward marks of respect. You will be good enough to entertain relations of friendliest comradeship with the military men of your own rank."

TEN HUGE WHALES BEACHED BY STORM

NORFOLK, Va., Jan. 12.—Ten whales, weighing from 1000 to 3000 pounds each, were washed ashore at Cape Hatteras Monday night.

Marine men believe that the whales were part of a school and that they either were struck by ships and killed or were washed ashore by the north-east gale that swept the Atlantic coast recently.

The whales are said to be of no value except as fertilizer.

ASHLAND AND VICINITY

Next Saturday morning, January 15, at an early hour, a lot of young folks, with sleds, skis and snow-shoes, will scale the Siskiyou for a day of sports in the exhilarating and strenuous series. They are members of the Ashland Young People's union and invited guests, who will entrain here on No. 53 and, guided by a sky pilot, will search for territory near the summit where existing is the steepest and best. Reservations can be made for No. 16 for those who do not wish to return home earlier.

IS MEDFORD SATISFIED?

The evidence is convincing. The Testimony Open to Investigation. Before a statement can be accepted here, it must be supported by local testimony—by the evidence of someone residing in Medford. Statements from unknown people in remote places may be true, but we cannot prove them. Here is a statement by a Medford resident:

S. Colbert, farmer, 902 N. Central Ave., Medford, says: "Kidney trouble came on suddenly. I had terrible pains and weakness across my back and could hardly stoop or straighten. In a few days I was knocked out completely and I thought I was done for. The kidney secretions were unnatural and I had to get up often at night. I lost much sleep. Doan's Kidney Pills brought me wonderful benefit. I can now do my work without pain and weakness and I get my proper rest at night. The kidney secretions are natural, too." Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Dr. Colbert had. Foster-McBarn Co., Props., Buffalo, N. Y.—Adv.

Freckles and His Friends

James E. Trevorror of Medford, superintendent in southern Oregon territory for the Metropolitan Life, was in this city on Tuesday interviewing District Agent Purucker and getting acquainted with local patrons of the company. Mr. Trevorror leaves for New York City next week to attend an important meeting of lending officials of the corporation. Stockholders of the Dead Indian Telephone, Telegraph & Cable Co. met Monday afternoon in the Commercial club rooms. Charley Lindsay is president of the board and Frank Moore secretary. The line has eleven subscribers. Three other parties are on the waiting list pending extension of the system to their locality. The corporation now controls eighteen miles of single line, seven miles of which are "double-tracked." The equipment is good and the condition of the line is in keeping with careful supervision and management. At this particular meeting the stockholders took under advisement various matters involving the future growth and well-being of the company.

Among the season's greetings received hereabouts was a holiday reminder to old business associates from John A. Harvey, who is now vice-president of the Citizens' Commercial and Savings Bank of Santa Ana, Cal.

The public service commission has made a ruling reducing rates of the Klamath Telephone & Telegraph Co. to points outside of its city exchange. L. L. Mault, a former cashier of the First National bank, and now one of the vice-presidents of the Northwestern National of Portland, was in town early in the week on his way home from Berkeley, Cal., where his family have been visiting for some time past. Mrs. Mault prolonged her stay here for a visit with relatives and friends before returning to Portland. She bears testimony to the fact that Ashland is by far the better place in which to live.

Mr. and Mrs. Leonard, who have been conducting the Gregory rooming house on Fourth street, have disposed of their interests in the lease and have gone to Montana.

An adjourned meeting of the Business Men's association, which ordinarily is but a mere routine affair, developed into an ideal social reunion at the Hotel Ashland on Monday evening. A fine chicken supper complete in all its appointments and served to a turn by Mrs. Udegraff, the popular hostess of the Ashland's dining annex, was a fitting prelude to the interesting business and social session which followed. On next Monday evening, January 17, the association will meet in regular session at the Commercial club rooms for the election of officers.

A brief notice from Smith, Emery & Co., contractors on the springs project, calling for the presentation of bills and return of tools and other equipment to the company's headquarters by January 13 indicates that the firm evidently does not intend to remain much longer on the job.

A plate glass insurance company is busy replacing one of the big windows in Elks block, front of McGee's store. A 10-cent kid engaged in plecturing a two-bit basketball stunt overturned a corsetiere's model, which in turn vented its spite by smashing a \$100 window.

This winter Harry and Herb Banta are looking after their 1000 head of goats which are browsing in the Green Springs mountain district. For a rounding up center they are using the Clarence Lane ranch in that locality.

The Knights of Pythias lodge at Montague, so visitors from here say, have installed a moving picture outfit in one of the halls in that town and are giving a series of fine entertainments every Friday evening.

The Ashland Fruit & Produce association met in annual session last Saturday. A board of directors composed of William Tavernier, J. H. Bill, S. A. Peters, A. C. Briggs and R. D. Sanford were elected, who will choose a president and manager. W. H. Gowdy is the present chairman of the board and K. D. Rand manager. A special committee was at least frank in reporting that they "do not see anything to be gained by the as-

sociation belonging to the Ashland Business Men's organization." The same committee reported against the adoption of a general co-operative feature such as prevails at Hood River, but unanimously favored a return to the plan whereby the association enters trade channels to the extent of retailing flour, feed and some other commodities. Secretary Ware in his annual report showed assets of \$11,000, against which is a lien of \$3500 on building account.

Stockholders of the First National Bank met on Tuesday and elected E. V. Carter, George W. Dunn, George Owens, C. H. Vaupel, W. H. McNair, O. Winter, T. H. Simpson, G. S. Butler and F. D. Wagner directors, who chose E. V. Carter, president; C. H. Vaupel, vice-president, and J. W. McCoy, cashier, who has Clark Wash and Hal Emery for assistants. Gerald Wenner and Harold Simpson are clerks.

The Civic Improvement club, which meets December 14 at the library, will be addressed by its first president, Mrs. J. F. Meikle, now a resident of Berkeley, Cal., who is visiting a host of old-time friends here, and who has been the motive for a number of social reunions and entertainments.

The warmest December day was on the 7th, when the temperature record was 59; the coldest, the 30th, at 9 1/2 above. There were three inches of rain and two and one-half of snowfall, the number of clear days being ten.

High school students are busy at rehearsing "Carmen," which will be given in the not distant future under the instruction of Miss Harris, teacher of music.

The Hotel Oregon dining room reopened Monday after temporary repairs. Permanent remodeling will soon be transforming the familiar old place into an up-to-date house with all modern conveniences.

Publicity Manager Duryea of the Commercial club is in Portland this week on business.

WILLOW SPRINGS

Bill Hoyer was trading in Central Point Monday afternoon. This week the Southern Pacific company have had a crew of men working on the grade in this district.

Harry Bell was a dinner guest at Seaside Heights orchard Thursday.

Mr. and Mrs. A. E. Nichols arrived from Willamette valley to again locate in the Rogue River valley.

The Rogue River Canal company is surveying the proposed high-line ditch, but, due to the storm, they have

SALTS IF KIDNEYS OR BLADDER BOTHER

Harmless to flush Kidneys and neutralize irritating acids—Splendid for system.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again. Jad Salts is increasingly harmless and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation, and who are often told to "flush their kidneys" and "take water."

had to discontinue the work for the present.

Mrs. S. H. Glass of Sams Valley is visiting her daughter, Mrs. Ralph Dean.

Mrs. Frank McKee and daughter spent the week-end at Seaside Heights orchard.

Thursday evening Miss Lena Weidenecht, Messrs. Henry Riley and George Farnum of Miles City, Mont., were guests of Miss Francine McNasser.

Sickness has been very prevalent during the past week. Those confined to their homes were Mesdames Sarah McKay, Sam Anderson, Louerman, George Taylor and George Elden and Mr. Cobb Law.

Saturday the Grangers of the Agate and Willow Springs Granges met at Central hall and installed the officers for the coming year. Mr. and Mrs. W. A. Cowley were worthy installing officers, assisted by Miss Florence Kincaid of Agate. Mr. Olson officiated very acceptably with the accompaniment. A delicious dinner was served at noon by the ladies.

The Willow Springs Grange will celebrate their fourth anniversary at the schoolhouse Saturday, January 18, 1916, by an all-day session. The

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!
