CONCENTRATION OF AMERICANS FOR PROTECTION

WASHINGTON, Jan. 17.—Concentration of Americans at Torreon, Monterey and other points, where Carranza troops can afford them greater protection was reported to the state department today by Consul General Hanna at Monterey. He said sixty Americans and others employed at the Penoles Mining company, near Mapimi, north of Torreon, had arrived safely at Monterey. With them were a few from Asarco, American who have been on the property of the Tlaxualilo plantation, in the Laguna district, are at Torreon and Lerdo, a suburb.

Mr. Hanna advised the department of the dispatch of Carranza reinforcements from Monterey to Torreon, adding that "the Carranza government is earnest in efforts to improve conditions and to prevent further assaults on Americans. Good order here is maintained."

Consul Silliman reported from Queretaro the receipt of a telegram from General Trevino to Carranza, notifying him of the capture and execution of General Jose Rodriguez and Carlos Amaya, Villa leaders, on January 13. General Trevino assured Carranza that "sternest measures would be adopted against all Villistas who are considered bandits."

TOM MARSHALL ON CRATER LAKE

Tom Marshall, champion marksman and all-around good fellow, who visits Medford every autumn is giving Southern Oregon a great deal of publicity in the east. He has written several articles concerning the hunting and fishing resources in the Chicago Examiner, of which publication he is editor of field sports.

In one issue Mr. Marshall told of steelhead angling in the Rogue, and in another he described a Chinese pheasant hunt. In the issue of January 9 there is a three column illustrated article on Crater Lake, containing one of the best descriptions of the lake and its legends ever written.

Such publicity as that given by Mr. Marshall counts, as the Chicago Examiner circulation runs into the hundreds of thousands and every sportsman in the middle west reads it, as he knows that what Tom Marshall writes is not only entertainingly written but well worth the reading.

OKLAHOMA ELECTION OFFICERS PARDONED

WASHINGTON, Jan. 17.—Frank Gwin and J. J. Beal, Oklahoma farmers who an election officials were convicted in the federal courts of intimidating negroes and preventing their voting under the grandfather clause of the Oklahoma constitution were pardoned today by President Wilson.

The supreme court held the grandfather clause unconstitutional. The pardons were said to be based on the assumption that state officials evidently had the grandfather law valid and the two officials in enforcing it acted in good faith.

W. W. Morrey was home from the Palmer creek mine Monday returning Tuesday.

"THE REGENERATION" TONIGHT AT THE PAGE

"The Regeneration" is a cross-section of New York life, with an appeal that is universal. In every man's life are two entities, the evil and the good. This photo-dramatization of what Hall Caine, the famous author, has called the most remarkable book ever written, is the true story of the life of its author, Owen Kildare, a man who has been acclaimed the world over as one of the most original geniuses that inspiration has so far produced.

The picture is scenically elaborate and thrilling. One of the scenes shows the burning of a picnic barge with hundreds leaping overboard from the blazing decks. This is only one of the spectacular thrills which makes "The Regeneration" a photo-drama of marked and striking interest and of vital appeal and power.

"Neal of the Navy" shown in conjunction with "Regeneration."

EAGLE POINT EAGLETS

By A. C. Howlett

Dr. J. N. Woodie, a veterinary of Ashland, was with us Thursday night on his way up to Henry Meyers' to perform an operation on a horse for him.

Thursday evening a part of the Eagle Point basket ball team, the kid part of the team, went to Central Point and played against the two teams of that city. The first team Central Point won out, the score standing 6 to 11. Then the second team of the C. P. put in new men altogether and the score stood C. P. 35; E. P. 5. The Eagle Point boys say that they had to play against their full team and that they were not treated fairly, but that is an old trick of the Central folk, and this brings to mind a time when base ball was all the go and the Eagle Point team went to C. P. to play and there was so much crooked work on the part of the C. P. team that one of the E. P. men threatened to send a letter written by one of the leaders of the C. P. team to one of the leaders of the E. P. team proposing to E. P. to throw off the game and give C. P. the game and the purse, for a consideration and then C. P. wilted and played fair and got beat. The "kids" who went fool sore over the actions of the C. P. boys, they say.

It becomes my duty to record the death of another of our old settlers, Adairland J. Daley, who passed off Thursday morning about four o'clock, just four weeks after his wife died. Mr. Daley was born January 25, 1824, in Florence, Erie county, Ohio, and died January 13th 1916, aged 91 years, 11 months, 18 days. He was married to Rachel Ann Peacock, July 1, 1855, in Dixon, Illinois. Six children were born to them, three of whom are still living, George W. Daley of Eagle Point, John H. Daley of Medford, and Rosella Potter of Ashland. The deceased has been prominent in business affairs in our town, for several years was owner of the Snowy Butte mill, which he operated during that time, but for several years has been retired from business.

Nick Young, one of our prosperous and progressive young men, was pleasantly called Thursday, and so was Mr. Michael Sidly, Sr. He had been to Jacksonville to bury his wife, and stepped over night with us on his way home and Friday was joined by his son Joseph, and daughter Maggie, and they all took the E. P. L. C. stage for their home Friday p. m.

Cecil Culbertson, James Fader and Samuel and James E. Moran, who has been the time keeper on the works of repairing and enlarging the Fish Lake ditch. They were moving camp and stopped here for dinner. While here Mr. Culbertson reported,

that the goats up on Little Butte have been doing off at a great rate. Henry Trouty, the mail contractor, on the E. P. -Perjal route, reports that the snow has fallen to such an extent that it is breaking down the trees. That he had to have five cut out of his road up Elk Creek and at his father's place a large tree fell on a shed and killed a fine cow and three sheep.

George Von der Hellen, wife and a salesman, Mr. Young, called at the Sunnyside for dinner Friday.

W. C. Pool was among the business callers Friday and while in town renewed his sub to the D. M. T. and W. C. Daley spent the night with us and took the afternoon train for Jacksonville to look after his brother's business, who was just deceased. He was named in Mr. A. J. Daley's will as the executor of his will, and while here renewed his sub to the D. M. T.

I have been having a gripe for the last few days and consequently items of interest are scarce.

What Weak Women Need

We Have it in a Remedy Containing the Three Oldest and Most Famous Tonics Known

Vinol contains the three oldest and most famous tonics known to medicine, viz.—the medicinal extractives of fresh cod livers, without oil, peptonate of iron and beef peptone.

That is why Vinol is such a wonderful remedy for weak, run-down persons, feeble old people, delicate children, and to restore strength after sickness. Read this testimony:

"Savannah, Ga. "I was weak, nervous, run-down, had no appetite, and could not sleep, I had tried medicines without any benefit, and one day the nurse asked me to try Vinol. I did so and it made me feel like a new woman. It has restored my strength and I can do all my own housework. I would not take anything for the good Vinol has done me." Sarah White.

We return money in every such case where Vinol fails to benefit the purchaser. Medford Pharmacy—Adv.
