

POULTRY SHOW FOR FEBRUARY 9, NO ENTRANCE FEE

The Southern Oregon Poultry association held its second meeting Saturday and made that name its official designation.

The committee appointed to ascertain the feasibility of holding a poultry show this year reported favorably, stating that the business men of the city supported the proposition with much earnestness.

No Charge to Farmers The farmers will be permitted to show their poultry free of charge of any kind. Members will be admitted to the show free of charge, but a nominal admission fee of ten cents will be charged all others.

A board of directors was elected as follows: C. E. Gates, E. T. Gardner, (chairman), W. C. Fritsche, Ernest Webb of Central Point, C. P. Carpenter, R. A. Miksche and C. A. Myers.

Letters were read by Secretary Peebles from persons prominently identified with poultry interests in other parts of the state.

Expert Help Probably C. C. Cate, county pathologist, who is much interested in local development of the poultry interests, will intercede on behalf of the Southern Oregon Poultry association with the extension department of the agricultural college at Corvallis for assistance and encouragement.

Secretary Peebles was instructed to address requests to all poultry people in Jackson, Josephine and Klamath counties to prepare at least one pen each of the best stock they have for exhibition at the show.

The poultry show will be essentially educational. A lecture or two will be enjoyed from thorough poultrymen; instruction will be given in various ways to those who could learn more about how to make poultry profitable, and the proper operation of incubators will be explained with great care.

CARDINAL MERCIER VISITING PONTIFF

ROME, Jan. 16.—Cardinal Mercier, the strictest reserve regarding a big bundle of papers which he took with him today when the pope received him in private audience and which he left with his holiness.

Cardinal Mercier spent just one hour with the pope and then spent a second hour with Cardinal Gasparri, secretary of state of the Vatican.

PAY FINES FOR PLOT TO SHIP CONTRABAND

NEW YORK, Jan. 17.—Edward Weber, Paul Schmidt, Max Jaeger and Richard Wohlberg, accused in a federal indictment of conspiracy to ship contraband rubber to the German government in violation of the customs laws, pleaded guilty today and were fined.

ARTS AND CRAFTS LEAGUE PLANNING OPEN MEETINGS

The Arts and Crafts league held its regular weekly meeting Saturday evening, January 8. Among the things decided upon at this time was the arranging for an open social meeting to be held each month.

After the business meeting, Mrs. Geo. E. Johnson read a very lengthy article from the Portland Oregonian on "Art Pioneering."

A study room is being fitted up adjoining the exhibit room which will be open to members from 9 a. m. to 5 p. m. Classes in drawing and painting will meet here.

Each member is to supply his own materials, easel and drawing board. From this beginning it is intended that other classes in drawing and painting in water colors, pastel and oils from still life, flowers, the antique and life will be developed.

LOCAL RANCHER TO RAISE RED CROSS UNIT

Alan C. Hopkins of Central Point is endeavoring to equip several Oregon ambulances for use by the Red Cross in the European war.

The Ford ambulances which are acceptable to the authorities cost between six and seven hundred dollars and if seven or eight thousand dollars can be raised, probably ten ambulances will be sent, the expense including the cost of transportation.

It may be added that some orphans of the war are being taken care of by the Red Cross.

SALTS IN HOT WATER CLEARS PIMPLY SKIN

Says we must make kidneys clear the blood and pimples disappear. Pimples, sores and boils usually result from toxins, poisons and impurities which are generated in the bowels and then absorbed into the blood.

The surest way to clear the skin of these eruptions, says a noted authority, is to get from any pharmacy about four ounces of Jad Salts and take a tablespoonful in a glass of hot water each morning before breakfast for one week.

BLANCH SWEET AT STAR MONDAY IN "THE SECRET ORCHARD"

Blanche Sweet is one of the rare personalities among photodrama players who refuses to be satisfied with her work of the moment or to recognize any limitations of her talent.

APIARISTS PROTEST SPRAYING OF TREES WHEN IN BLOOM

While the practice of spraying fruit trees when they are in bloom in this valley is not very general, it is done in some sections of the county to the detriment of the apiary interests.

Some of those interested in the bee industry in this valley wrote for information about it to the State Agricultural college at Corvallis.

"We have called the attention of fruitgrowers of the state, through the press, to the condition to which you refer. Certainly this practice of spraying during the blossoming period should be discouraged.

"Publicity in the newspapers may serve to interest a large number of people in this matter. That will be necessary before legislation against the practice may be affected."

It may be added that some orphans of the war are being taken care of by the Red Cross.

SON CONSPIRED TO POISON FATHER TO SECURE ESTATE

CHICAGO, Jan. 17.—Members of the family and police officials both from Chicago and from Oak Park, a fashionable suburb, refused today to give out further information regarding the arrest of Irving and Herbert Updike, taken into custody after the police had obtained evidence of an alleged plot to murder their father.

Chief of Police Lee of Oak Park said Herbert, the younger son, was being held merely as a corroborative witness, but he refused to say what charge, if any, had been lodged against Irving, the elder son.

According to a statement last night by Captain P. D. O'Brien of a local detective agency, who engineered the arrest, a stenographic copy of a conversation between the two young men in the Updike garage, gave details of an alleged plot to kill Mr. and Mrs. Updike, because, the police say, the son feared his father would alter his will, leaving the greater portion of his estate to other members of the family.

Herbert, the younger son, according to the police, entered into the reputed plot with the intention of frustrating it. It was Herbert who reported the matter to the police.

An attempt is to be made to show that Irving Updike is not sane, according to Police Chief Lee of Oak Park, who has the brothers under surveillance.

ITALIANS DENY BLAME FOR LOSS OF MONTENEGRO

PADUA, Italy, Jan. 16.—Signor Barzilai, cabinet minister without portfolio, in an address here today, speaking apparently for the government, declared that it was useless to attribute to Italy responsibility for the taking of Lovcen and the Montenegro district.

"Our enemies," the minister said, "find salvation in silent servile obedience imposed by one man. We should have foreseen this work because of the uncertainties inherent in a league of free peoples."

That Irving Updike is not sane, according to Police Chief Lee of Oak Park, who has the brothers under surveillance.

The Philadelphia papers chronicle the fact that Pleasant Wynner is being held for bigamy in Germantown.

with that name.)

BEGIN HOT WATER DRINKING IF YOU DON'T FEEL RIGHT

Says glass of hot water with phosphate before breakfast washes out poisons.

If you wake up with a bad taste, bad breath and tongue is coated; if your head is dull or aching; if what you eat sours and forms gas and acid in stomach, or you are bilious, constipated, nervous, shallow and can't get feeling just right, begin inside bathing.

To feel like young folks feel; like you felt before your blood, nerves and muscles became loaded with body impurities, get from your pharmacist a quarter pound of limestone phosphate which is inexpensive and almost tasteless, except for a sourish twinge which is not unpleasant.

Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels.

This Investment Pays Health Dividends

—And it's handy at your Grocer's.

The average man or woman seldom considers health value seriously until doctor bills have to be paid.

If asked the cause of most physical ills, the majority of doctors would likely say, "wrong living," which includes wrong eating—food that is lacking in certain elements essential to health.

The famous pure food—

Grape-Nuts

is made of whole wheat and malted barley, and supplies all the rich nutriment of the grains, scientifically processed to retain their mineral values—phosphate of potash, etc.—so necessary in the balanced upkeep of every part of the body.

Grape-Nuts is ready to eat direct from the package; is easy to digest; has delicious flavor, and with cream or good milk is a well-balanced food.

Health from right living is the finest possible dividend, and to those who have it all things are possible.

"There's a Reason" for Grape-Nuts

Sold by Grocers everywhere.
