BUNGALOW MAGAZINE FEATURE RESIDENCE OF R. A. JOHNSON

Incidentally Mr. Johnson gives the valley a good boost, the following extract being a fair example: "The bungalow was built in the middle of an orchard in the fertile Medford district in the southern part of Oregon. That portion of the state is famous as a land of almost perpetual sunshine and the building was naturally modelled closely along the lines of the California bungalow, to suit the mild climate."

BANDITS CAPTURE SEVEN TROOPERS IS BORDER RUMOR

EL PASO, Jan. 19.—General John J. Pershing, commanding the Eighth Brigade United States army, had received up to noon no information concerning the reported capture of seven American cavalrymen by Mexican bandits near Hachita, New Mexico. Railroad officials at Hachita, in answer to messages declared they had heard nothing of the reported fight.

Three soldiers and a number of mining men, resident at Doyle's Wells, are said to have participated in the skirmish. The bandits, according to Lee retreated into Mexico.

OBITUARY.

LEE—Mrs. Caroline Elizabeth Lee died at her home, 225 North Orange street, this city, just after the midnight hour, aged 75 years, 5 months and 29 days. The attending physician pronounced the illness neuralgia of the heart. She partook heartily of the evening meal and chatted cheerily with members of the family until a short time before retiring, when she complained of a severe pain in one side. Some time later she called to her daughter, Mrs. Andrews, saying that she was suffering from the pain of which she had previously complained and thought it was becoming more severe rapidly. A physician was summoned at once. Just after midnight she passed away.

Mrs. Lee was born in Johnstown, N. Y. She had been a resident of this city six years, coming here from LaCrosse, Wis.

Deceased leaves three daughters, Mrs. John Root and Mrs. Ed Andrews of Medford, and Mrs. Charles E. Wise of Mankato, Minn. Also three brothers and two sisters. One brother, D. H. Palmer, has made his home with her for nineteen years.

Burial will probably be made in Wisconsin.

Mrs. R. S. Dodge, a sister of Mrs. Lee, who lives in Sparta, Wis., arrived this morning, having come to visit with her sister and other relatives.

Members of Mrs. Lee's family have the heartfelt sympathy of many friends and acquaintances in this city and vicinity.

WASHINGTON, Jan. 19.—A story of eight Japanese fishermen who drifted all the way across the Pacific ocean in a small fishing boat, landing after twenty-four days of hardship on the British Columbia shore, reached the bureau of navigation today in con-sular dispatches. The narrative tells how the fishermen, caught off the harbor of Shimoda, Japan, in a storm that carried away their vessel's mainmast and rudder, were driven eastward by ocean currents and toward the end of their trip, had starved. The boat grounded on one of the small uninhabited islands that dot the British Columbia shore, where the men remained until picked up by a passing steamer.

HOW TO PROLONG LIFE

By adopting a simple diet men like Conroy have lived to be 100 years of age, but with our complex diets of today, the vitality of the aged is taxed by its utmost endurance. A simple diet, therefore, is conducive to a long life, and if the vitality becomes impaired and weakness seems apparent, our local druggists, the Medford Pharmacy, have in Vinol a reliable, non-secret remedy which contains just the elements needed to restore strength to weak, feeble old people, and prolong a healthy, happy life.—Adv.

MOBILE GUNS FOR COAST DEFENSE

WASHINGTON, Jan. 19.—Brigadier General Waverly, of coast artillery, told the house committee that while the coast defense works were intended primarily to defend cities and anchorages, they were also to support the navy and mobile army along the coast line. Guns of large caliber, he said, would be rushed to any point to drive off enemy warships, protecting landing parties.

The new fortifications planned for Cape Henry, Rockaway Beach and San Francisco, he said, would require an additional force of forty companies. These would be equipped with sixteen inch rifles. Every fortification now, he said, is short one to five companies of the force necessary to man fifty percent of the batteries. Pacific coast artillery garrisons are kept close to full and men for duty in the insular possessions are withdrawn from forts on the Atlantic coast.

Jelly Roll Recipe

Only Two Eggs Required

By Mrs. Janet McKenzie Hill, Editor of the Boston Cooking School Magazine

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Brest Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25-cent bottle of old honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

BLAME INSURANCE AGENTS FOR ALL INCENDIARY FIRES

PORTLAND, Or., Jan. 19.—To prove that practically all the incendiary fires in Portland, which have been frequent in the last few years, were due to the carelessness of insurance agents, Fire Marshal J. A. Stevens made public today the result of a test that caused consternation in fire insurance circles.

A fireman's helmet and a grand jury subpoena were placed recently in an empty flat. The fire marshal then sent a deputy to get this "fireman's" insured. Today the marshal showed policies from twenty companies, each insuring these articles for \$500.

In a frame shack in another part of the city a fireman's helmet, a grand jury subpoena and a tin cup resulted in the obtaining of almost a score more of policies for \$1000 each.

Stevens stated that in the deputy's rounds of the agencies no effort was made by the agents to have the goods inspected before issuing policies, nor did they ask for a list of the goods.

Lime-Loss in Tuberculosis

In the Journal of the American Medical Association (January 17, 1914) was the following:

"It has been many times stated that in tuberculosis or in the pre-tuberculous stage an increased amount of calcium (lime) is lost, both in the urine and feces. In fact, a demineralization has been thought to be a forerunner of the development of tuberculosis."

"Purged feeling of tuberculosis patients and the enormous amount of eggs and milk once given such patients are not now considered advisable by a large number of physicians who are specializing in the treatment of pulmonary tuberculosis."

If tuberculosis is due to a loss of lime from the system, the success of Eckman's Alternative in the treatment of this disease may be due, in part, to the fact that it contains a lime salt so combined with other valuable ingredients as to be easily assimilated.

Always, we have urged users of Eckman's Alternative to attend strictly to matters of food.

In addition to food and proper diet, some effective remedy must be used to be used, not in numerous cases of apparent loss of lime in tuberculosis and kindred throat and bronchial affections Eckman's Alternative has signally succeeded.

It does not contain opiates, narcotics or habit-forming drugs, so it is safe to try. Your druggist, or you will order it, or you can get it from us direct.

Statements That May Be Investigated, Testimony of Medford Citizens.

When a Medford citizen comes to the front, telling his friends and neighbors of his experience, you can rely on his sincerity. The statements of people residing in far away places do not command your confidence. Home endorsement is kind that backs Doan's Kidney Pills. Such testimony is convincing. Investigation proves it true. Below is a statement of a Medford resident. No stronger proof of merit can be had.

F. W. Gray, 507 Palm St., Medford, says: "My kidneys began to bother me and caused severe pain. I think the trouble was made worse by the strain of being on my feet so much. Some times during the day's work, my back pained me dreadfully and by night I could hardly stand. After I quit work, I couldn't rest. Doan's Kidney Pills were just what I needed and cured me in a short time."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Gray had. Foster-Milburn Co., Props., Buffalo, N. Y.—Adv.
