Medford is second in the list of cities in the state in the sum of money obtained in the sale of Red Cross stamps during the yuletide season just passed. Penitence was first, leaving Portland out of the list of course. This money is sent to the general headquarters at Portland. Through that agency the means necessary in the treatment of tuberculosis cases in this city are obtained. In that way, it is said, the money is returned to this city, as we generally have several cases of that nature under treatment most of the time here. Many thus afflicted come to this climate for relief and are otherwise treated for their ailments while here.

F. S. Brandon of Medford came out on the P. & E. Tuesday and in an interview I learned that he and his brother had bought the old grist mill here and had come out to take measurements to put in new machinery and fix it up for the harvest of 1916. I learned later from "a reliable source" that they intend to put in machinery to steam and roll barley and oats, keep all kinds of grain and feed as well as make a first-class grade of flour. They have made arrangements with the F. L. D. Co., of whom they bought it, to use the water power during the season when the water will not be needed for irrigation purposes and during the dry season use electricity. If their plans materialize it will be one of the best things for Eagle Point that we have had for years, for when the old mill was being run by the late A. J. Daley I have seen the street so blocked with wheat teams that it was difficult for a team to get through, and the farmers would arrive here from Sams Valley and the surrounding country by 6 a. m., so as to get unloaded in time to go home and load up again. ## EAGLE POINT EAGLETS

By A. C. Howlett

Last Saturday night there was quite an interesting basketball game played in the open house between the Talent and Eagle Point school teams, and the Talent team proved to be too heavy for the E. P. children, and the game stood 1 to 34 in favor of the Talent school. I am requested to say that the Jacksonville and Eagle Point school teams will play on the evening of February 5 in the Eagle Point open house.

## ROSEBURG PLAYS MEDFORD THURSDAY

By A. S. BEVERIDGE.

The Roseburg team will be foemen worthy of Medford's steel and Coach Kinn has a formidable task ahead of him if he succeeds in beating them on Thursday evening.

On Saturday evening they met the Aggie freshman on the Corvallis floor and administered a decisive defeat to the university babies, beating them 21-13.

Earlier in the week they met the fast Riddle team that has been getting great guns in the Southern Oregon league, and whipped them 64-10. This team was considered to be a contender for the championship, but when they met Roseburg, appeared to be novices. This game was played at Riddle.

In looking over the schedule of the Roseburg team one is impressed by the fact that over 80 per cent of their games have been played on foreign floors and that they are essentially a road team.

They were barely beaten by Salem. The score should have been a tie, but for a fluke basket.

In considering the home team's chances, no allowance can be given the fact that the game is on the home floor, for Roseburg has played a majority of its games on other floors. Nor can the size of our floor help us, as Roseburg's floor is also large.

The game is going to be a fight from start to finish. Medford has a 50-50 break. This fact is in our favor. We will be fighting for the chance of a championship, which will lend aid to the home team's playing, while Roseburg has only the hope of a tie for the runners-up. This and Coach Kinn may turn the scales to our side.

### ACADEMY NOTES

The strain and seriousness of examination week at St. Mary's Academy was relieved by some social events this year. On Wednesday of that week came the plan of a delightful coasting party at Jacksonville, a plan acted upon most readily as it was conceived by the eager pupils for snow waits for no formalities.

Through the kindness of Mrs. Herbert and Mrs. Duff who lent their automobiles to convey the pupils to Jacksonville, an hour or two of beautiful sport was stolen from the hard days of the week that closed the semester. Mrs. Horvath in consideration of the peculiarities of snow postponed the Wednesday afternoon physical training classes to Thursday.

Of another sort but none the less acceptable was the pleasure given to the art lovers among the pupils of attending the exhibition of Miss Dorland Robinson's paintings at the Holland hotel. Pupils and teachers brought from the afternoon tea the pleasant impressions of the Medford and Jacksonville people assembled there. An addition motive of interest in this event was the fact that Miss Robinson was for many years a loyal and valued pupil of St. Mary's when the academy was at Jacksonville.

The dread day of mid-year reports.

### To Run-Down Women

Don't Women Tell How To Remain Strong

Detroit, Mich. "I was in such a run-down condition I had no ambition to do anything, I had a chronic cough and cold and nothing seemed to give me any relief, and I was gradually getting worse, until a friend advised me to try Vinol, which I did. After the first day or two it seemed to put new life into me, the tired worn-out feeling began to disappear. I regained my appetite and was able to get a good night's rest. The cough gradually wore away, and I am now feeling like myself again, so that I can do all my household work and go about my duties as usual. Vinol is certainly a wonderful medicine." Mrs. W. E. Waters, Detroit, Mich.

Vinol restores health and strength in conditions like this, because in a natural manner it increases the appetite, tones up the digestive organs, enriches the blood and strengthens every organ in the body.

We guarantee that Vinol will do the same for any run-down person in Medford, or give back their money. Medford Pharmacy.—Adv.

same Wednesday of the past week and my mind and dignified water received a record of the half year's work in the presence of faculty and pupils assembled in the auditorium. The pleasures brought to this week's show, however, are following the minutes of any unfortunate whose branding was not up to the average required. In the domestic science department the snow affords sufficient reason and one of the materials for the making of a delicious sweet called "raque." The grade classes in drawing and painting are sketching beautiful little snow scenes and animated groups might have been seen at most of the windows Friday afternoon during the painting hour. At the poetry hour in the high school the Merchant of Venice is being read. Among the pupils entering for the second semester are little Miss Mary Wilcox Conner, aged six, and Master Eugene Orr, also six.

Among the resident pupils who will spend the end of the week with relatives out of town are Miss Irua Hamilton, Miss Dorine Hunter of Ashland, Miss Janice Bodice and Miss Katharine Donnel of Grants Pass.

One of the February events will be a musical recital the date of which is not set yet.

Pupils who are members of the Young Ladies' Sodality of the Church of the Nativity, attended a dancing party given by the sodality.

Withal the serious work of class goes steadily on and the fun and frolic of recreation hours only makes the time of study more effective.

## USE "CASCARETS" FOR LIVER AND BOWELS WHEN CONSTIPATED

When Bileless, Headachy, Sick, for Sour Stomach, Bad Breath, Bad Colds

Get a 10-cent box.

Take a Cascaret tonight to cleanse your liver, stomach and bowels, and you will surely feel great by morning. You men and women who have headache, coated tongue, a bad cold, are bilious, nervous, upset, bothered with a sick, gassy, disordered stomach, or have headache and feel all worn out. Are you keeping your bowels clean with Cascarets—or merely forcing a passage every few days with salts, cathartic pills or castor-oil?

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels.

Remember, a Cascaret tonight will straighten you out by morning. A 10-cent box from your drugist means healthy bowel action; a clear head and cheerfulness for months. Don't forget the children.—Adv.

## A Treacherous Trouble

Medford People Point the Way Out.

Kidney diseases are very dangerous. They come on silently, gain ground rapidly, and cause thousands of deaths that could have been prevented by proper treatment in the beginning. Nature gives early warnings of kidney disease—backache, twinges of pain when stooping or lifting, headaches and urinary disorders. If these symptoms are unheeded, there is grave danger of dropsy or fatal Bright's disease. Doan's Kidney Pills have earned a reputation for their effectiveness in kidney troubles, and are known and recommended the world over. Medford testimony proves the merit of Doan's Kidney Pills to our readers.

Frank Longwell, prop. confectionery store, 502 S. Mintoletto St., Medford, says: "For a long time I had all the symptoms of kidney and bladder trouble. I had severe, sharp pains in my back, felt tired, languid and run down all the time. The kidney secretions were unnatural and too frequent in passage. My rest was badly broken at night. Four boxes of Doan's Kidney Pills rid me of all symptoms of kidney and bladder trouble. I have had no cause for complaint since."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Longwell had. Foster-Milburn Co., Props., Buffalo, N. Y.—Adv.

## THE JOY OF MOTHERHOOD

Words of Encouragement to Childless Women.

Motherhood is woman's natural destiny, but many women are denied the happiness of children simply because of some curable derangement.

Among the many triumphs of Lydia E. Pinkham's Vegetable Compound is its marvelous power to overcome such derangements, as evidenced by the following letter:—

Worcester, Mass.—"I suffered from female ills, and was advised to have an operation, but a friend who had taken Lydia E. Pinkham's Vegetable Compound and who has six children, told me to try it. It has helped me so much that I am now well and have a baby who is in the picture of health, and I thank the Vegetable Compound for my restoration to health."

—Mrs. BEIT GARVEY, 20 Harker St., Worcester, Mass.

In many other homes, once childless, there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

Write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice—it will be confidential.
