

LOCAL AND PERSONAL

High praise for the efficient administration of Chief Engineer W. J. Roberts, formerly of Medford, in the intercounty project of river improvements for the Corbin and Puyallup rivers is given by federal engineers in a report just submitted to the Pierce county, Wash., county commissioners.

A. C. Allen, horticultural commissioner for this district, will leave for Portland tomorrow to meet with the state horticultural commission in that city. The commission will convene on Tuesday.

Dorford Wills of The Dalles, this state, is visiting with relatives in this vicinity this week and may conclude to remain permanently.

Jay Ellsworth of Albany, this state, is attending to business errands in this valley today.

M. T. Traile of Boston, Mass., who has been visiting the various places in Rogue river valley for several days, will leave for the east early next week. "My son was here last year," said Mr. Traile, "and he told me you had a nice little valley, tucked away in beautiful hills and bathed in exhilarating sunshine; but I find that you have considerable country here, just the same. The valley looks good to me, although you haven't had much of that sunshine since I've been here. The weather seems more like spring, though, than the kind of winter we have about Boston."

Pierce the Florist for flowers. Phone 374.

Rot. Arthur of Reno, Nev., who has been visiting in and about Medford for a week, is loath to leave, he says. He has lived in the mountains of Nevada twenty years, during which time he says he has made two comfortable fortunes. He wants to find a place to invest the little he has left, he expresses it, and see if he can keep it.

Jewelry store going out of business. Next door to P. O. 276*

William Hager of Hermiston, eastern Oregon, a visitor in Medford today. Mr. Hager says that irrigation has made the Hermiston district a field of rich harvest. It has made farming easy, sure and profitable. Without water, it would have remained practically a desert. He likes the climate of this valley so well, however, that he thinks of becoming interested here, so he can find excuse to live here the greater part of the time.

Weston Camera Shop for first class Kodak finishing and Kodak supplies.

C. O. Pembry of Pendleton, is visiting this valley on business that will detain him for a week.

Insure your auto in the Alliance against theft. C. Y. Tengwald.

D. Vignoz of Prineville, a sheepman, is visiting in Medford for a few weeks. He says the sheep interests of our Oregon will suffer heavily on account of the severe snow storms during the past ten days.

Mrs. B. E. Haney has moved her dress making shop to Garnett Corey bldg. Room 313.

Henry Ford of Anity, this state, is in town on business. He said he forgot to bring his peace ship with him. He owns a Ford, however. Mr. Ford is here on creamery business.

"Shooting of Dan McGrew." Page, tonight only.

C. Hansson and R. Ritchie, traveling auditors for the Southern Pacific company, are in Medford today, checking up the local station.

Pierce the Florist for flowers. Phone 374.

Mr. and Mrs. C. L. Douglass of Redding, Cal., are transacting business in this city and vicinity today. They will go to Gold Hill this evening.

We have 4000 feet of 4-inch stove pipe to be sold way below cost. All parties interested communicate with Smith Emery Co., Ashland at once. Must be sold this week. 271*

George W. Soranson and Mrs. Helen Eaton of Grants Pass, were quietly united in marriage in their home town last Wednesday and as quietly slipped away to this city to enjoy their honeymoon vacation. Here, however, the secret escaped—and the many Medford friends of the groom bestowed him with congratulations. Mrs. Soranson was formerly a leader in the Grants Pass social set and one of its most popular belles. Scores of friends and well-wishers throughout the valley extend their congratulations and hope Mr. and Mrs. Soranson may enjoy a long life of happiness and abundance.

Pierce the Florist. Phone 374. "Shooting of Dan McGrew." Page, tonight only.

James Martin and George Effers of Phoenix, were Medford visitors Saturday.

See Maddox & Bounney, Portland ave, greenhouse, about tomato plants for average planting. Standard varieties, lowest prices. 286

Roy B. Peebles, secretary of the Southern Oregon Poultry association, will return tomorrow from a hurried business visit into California.

Will Myer, one of the pioneer "boys" of Ashland, did business in the valley metropolis today.

Hudson Wright of Yreka, Cal., is visiting in this city over Sunday.

Try a King Spitz cigar and encourage home industry.

MEDFORD LOSES AGAIN TO ROSEBURG

Medford lost again in the basket ball contest with Roseburg stalwarts last night at the Nat. The local team played a gallant game, but its contestants did better work. The score at the close of one of the fastest and most absorbing basketball games ever seen in the valley stood 21 for Roseburg to 12 for Medford. The local team put up a fine technical defense, but its best work for the score fell below the best work of the opponents' to check it. At times it looked like the Medford boys were about to take the play to the visitors all the way out, but they were successfully met at each camper.

CHILD'S LETTER BRINGS A REPLY

By way of indicating that the letters sent from Medford by the many hundreds during letter-writing week last month have already begun to bear fruit it may be mentioned that Judge George H. Crosby of Apache county, Arizona, has replied in a most friendly and kindly way to a letter sent him at that time by little Miss Georgia Nadine Williams, daughter of Mr. and Mrs. A. B. Williams of 519 Edwards street, this city.

In the letter of reply Judge Crosby says: "I just got your letter. We are going into Utah in May. I fear we may not have time to go as far north as Oregon, but, if we do, we shall surely lead for Medford and will see some of the pretty things that you describe. I would surely like to make a tour of Oregon and some of those days we will get time to do it, I hope. When we do we will surely go where we can find your folks and see you."

CATTLEMEN TALK OF RANGE MATTERS

A meeting of the Dead Indian Cattle and Horse Raisers' association was held at the public library hall this afternoon, opening at 1 o'clock, to discuss a number of questions of importance to the members of the association. It is an annual meeting.

LOUISE GLAUM IN "THE REWARD"

ELEVEN FEET OF SNOW AT CRATER

Ranger M. L. Edwards of the Crater Lake National Park, returned Saturday from a lonesome winter spent at the lake. There was then eleven feet of snow on the level, as against an average at this season of the year of over twenty feet, with sometimes forty feet. He came out on snowshoes via Fort Klamath. "On the rim of the lake there is little snow, the wind having blown it off and out into deep drifts. At Crater Lake Inn the snow has drifted to the roof of the building. "It has been a comparatively mild winter in the park, the thermometer touching zero but twice during the season, when it fell to two degrees below.

I. O. O. F. Notice All Odd Fellows of the valley will meet at the hall at 1:30 Monday as escort at the funeral of the late W. I. Vawter.

CARD OF THANKS. We wish to express our sincere thanks to the many friends who assisted us during the illness and death of our dear mother, also the Rev. Rolling and choir and for the many beautiful floral offerings.

D. R. EATON AND FAMILY, MRS. W. M. HALL AND FAMILY, W. S. EATON, JR. AND FAMILY, MRS. MATTIE LAWRENCE, JAMES D. EATON.

TASTY RECIPES FOR PREPARING OYSTERS

OYSTERS ON TOAST One pint of oysters, chop fine and season with salt, cayenne and nutmeg. Melt one tablespoonful of butter in a saucepan and stir in the minced oysters. In a separate dish, beat up the yolks of two eggs with one gill of cream and stir in with the oysters. As soon as the eggs set serve on slices of buttered toast garnished with parsley.

STEWED OYSTERS. Take one quart oysters. Put into saucepan with one pint water, salt and pepper and a tablespoonful of rolled cracker crumbs. Let it come to a boil and pour in the oysters. Allow the oysters to boil 30 seconds, not an instant more. Remove from fire and pour into dish containing one-half pint. Serve. Never allow the oysters to cook in the milk.

We carry Eastern and Olympia Oysters. Fish of all kinds. Poultry etc.

United States Tires Average 9,871 Miles on Non-Stop Motor World's Record-Breaking Car

United States Tires were used on the Maxwell car which has just established a new world's non-stop motor record. The car traveled 22,022.3 miles, breaking the former world's record of 12,404.9 miles. The car was stopped from choice after having created a new record. Mayor Sebastian, of Los Angeles, switched off the ignition after the car had run nearly forty-four days. During the run eleven United States Tires were used. Of these eight traveled an average of 9,871 miles, and the other three remained on the car after the test. The following is a summary of the performance of the United States Tires on the record breaking Maxwell:— Left front—9,407 cut by tin; 11,221; 1,394 still on. Right front—7,648 cut by bottle; 10,980; 3,394 still on (this tire originally traveled 6,992 miles on rear wheel). Left rear—10,320; 8,464; 3,238 still on. Right rear—10,545; 6,992 (this tire taken off account of wet weather, and afterwards put on right front wheel, and traveled 3,394 miles, and is still going); 4,485 still on. It should be borne in mind that no effort was made to enable the tires to give unusual mileage. It was immaterial to the drivers of the car whether they used eleven casings, or one hundred. When a tire needed change, they changed it. Pictured above is the car as it appeared at the end of its sensational run.

DODGE BROTHERS MOTOR CAR

It will interest you to scan the specifications item by item, and see if you can conceive how the material, the design, or the manufacturing practice could be improved

You will find such vital parts as the springs and the gears made from Chrome-Vanadium steel; drop forgings and drawn work used exclusively instead of castings; the rear axle, of the finest full floating type; the upholstery, real grain leather with curled hair filling; Eisemann waterproof magneto; Timken bearings throughout; S.
