Harvey Leighton, of Amity, this state, is looking about the valley this week, with the thought that he may locate here. Mr. Leighton says the farmers of the Willamette valley have neglected their farm lands so long that the work of restoration will be burdensome and expensive. Many of these lands, as originally farmed, needed drainage badly. It was neglected. Their soils have soured. Many are using limestone liberally. Others neglected irrigation. They are now obtaining it. Their methods of cultivation have, in many respects, been crude. They are now trying to improve them. "Commercialized farming," he says, "requires it."

GIRLS! GIRLS! TRY IT! STOP DANDRUFF AND BEAUTIFY YOUR HAIR

Hair Stops Falling Out and Gets Thick, Wavy, Strong and Beautiful

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Danderine hair cleanse." Just try this—moisten a cloth with a little Danderine and carefully draw it through the hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it surely get a 25-cent bottle of Knowlton's Danderine from any druggist or toilet counter, and just try it.—Adv.

To Overcome Eczema

Never mind how often you have tried and failed, you can stop burning, itching, itching, itching by applying a little more Zeno. It is not greasy, sticky or watery and it does not stain. When others fail it is the one dependable treatment for all skin troubles. Zeno, Cleveland.

A Correction.

A typographical error in a postscript to an advertisement of White River Flour, published in this paper Wednesday, referred to Salem instead of Medford.

The postscript should have read as follows:

The saving of \$1.50 per sack in the use of White River Flour in home baking is based on the established retail price made by Portland on standard brands. In Medford and vicinity because of freight charges, the retail price is slightly in excess of the above mentioned average cost of White River Flour, and the saving is correspondingly slightly reduced.
