

POULTRYMEN SEEK STATE SHOW FOR MEDFORD

Encouraged by Success of Local Exhibit, Effort Will Be Made to Land State Exhibit—Promised Support of Lane County—More Pens Shown Than at State Fair.

Encouraged by the success of the local poultry show, with nearly 500 exhibits, more than were shown at the state fair at Salem and almost as many as at Portland, the Jackson county poultrymen are planning to go after the next state poultry show, held hitherto at Portland. Visitors join with local poultrymen in the suggestion that the state show next fall be held at Medford. The veteran poultryer of the state and a leading influence in poultry successes throughout the northwest, if not the entire Pacific coast, is E. J. McClanahan, of Eugene, whose exhibition pens here attract the admiration of every visitor, says:

Promised Home Support.
"The remarkable success of this show is a marked triumph for the southern Oregon spirit. It should win for this association the privilege to name the place at which the next state show shall be held. I feel confident that you can count on Lane county to grant you unanimous consent to do that. You have earned the right to enjoy that compliment. 'Old Lane' is a strong factor in the poultry business in the state—and its citizens are not at all inclined to jealousy. It is southern Oregon's time to crow—and we will help you."
The paid admissions today promise at this hour to exceed those of Thursday when 700 persons saw the exhibit. The exhibit is open evenings and the show will close Saturday night.

Still Awarding Prizes.
Judge Keeney is working hard to finish the awarding of prizes today, so far as the merits of the pens are concerned. He finds this one of the biggest jobs he has had in that line for years. Only a man of his ready ability in that special work could do it in two days without help.

The ducks, more pigeons, turkeys, rabbits, hares, guinea and other exhibits, down to the proud little Bantams that put on the war paint this morning, will receive attention tomorrow.

Cackles From the Coops.
Nearly 700 paid admissions were received at the door of the poultry show yesterday.

Mrs. Fred Hewitt served a lunch for the association forces at the show today. This kindness scores high with the committee.

Will J. Warner's four White Leghorn hens laid 100 per cent in their coop yesterday—which is an apiece.

Ralph Hardwell, of the Rogue River Fruit and Produce association, announced yesterday that he will establish a poultry farm at Gold Hill this year. Others will be identified with the enterprise. It is understood, and the business will be conducted on an extensive scale.

Colonel H. H. Sargent came over from Jacksonville yesterday to see the poultry show and, while there, purchased a pen of fine Barred Rocks.

H. Lull, of Jacksonville, yesterday bought one of E. J. McClanahan's famous Barred Rock cockerels. He will devote attention this year to improving his flock.

E. J. McClanahan yesterday gave a special prize of a McClanahan brooder for the best Mediterranean bird in the show.

More Prizes Offered.
Mason, Ehrman & Co. yesterday added two sacks of flour to its contribution to the poultry show fund.

The Medford Wholesale Grocery Co. gave one dozen cans of sliced

pineapples and one dozen cans of the best quality of corn as a donation to exhibitors at the poultry show yesterday.

Ernest Webb, of Central Point, whose pens on exhibit are all Rhode Island Reds, is proud of his old "Tommy," now in his fourth year, that scored high on Reds at the show yesterday. This bird was the winner at the Portland show in 1914, at the state fair in 1914 and second at the Portland show in 1915. Age is no handicap to him. All of the Webb pens scored high.

The highest score on Rhode Island Red pullets was won by H. W. France of this district on two birds, each scoring 93.

In the White Wyandotte pens, A. E. Strong and W. C. Fritzsche were a tie on the rook class at 93.5%, and a tie on the cockerel with 94. A strong tie with White Wyandotte hen, the score being 94.5%; Fritzsche was first with pullet that scored 92.7, Fritzsche was offered \$200 for that pullet at the show this morning, but he refused it.

Exhibitors a Feature.
Mrs. C. Carey, of Eden precinct, was slated over a high score of her entire exhibit of Light Brahma's, the pullets scoring 92, and one cockerel, nine months old, scoring 92 also.

Chester Fitch is frequently complimented by those familiar with pheasants on his excellent pens. He shows the Golden, Silver, Lady Amherst and Chinese. There are few pheasant breeders on the coast and none of them have had greater success or produced finer birds than Mr. Fitch. Several orders have been filed with Mr. Fitch during this show.

The Salmon Plover's chickens, exhibited by Dr. McCracken, are an attractive pen. Besides marked peculiarities in color, shape and feathers, they have five toes.

Mrs. Janny and Mrs. Clark will have their prize cats on exhibition tomorrow. They are beauties—"slumbrous, dreamful beauties," some one said yesterday, and that goes with the "chicken reporter." They alone are worth the 10-cent price of admission.

NORWEGIAN STEAMER DESTROYED BY MINE

LONDON, Feb. 11.—A Benter dispatch from Rotterdam reports the arrival at Hook of Holland of a pilot steamer carrying ten men from the Norwegian steamship Vaardi, which struck a mine near Terschelling, a Dutch island in the North sea. The captain, engineer and second mate are believed to have been drowned.

The Vaardi, of 1311 tons gross, was owned in Christiania.

BUFFALO, N. Y., Feb. 11.—The seismograph at Cornell college here recorded an earthquake of ten seconds' duration at 9:50 o'clock today. It was stated that the shock was probably local to the United States and probably occurred in the southwest.

AT ALL STAGES OF LIFE
The Woman's Medicine. Good for All Ages. Mrs. Harold Smith's Experience.

Clarksburg, W. Va.—"I am writing to tell you the good your medicine has always done me and I hope my letter may be the means of helping some other suffering woman. When I was 16 years old I caught cold and had suppression for two months. I got so weak I could scarcely drag myself up the stairs. I went to two doctors, then my mother got a bottle of Lydia E. Pinkham's Vegetable Compound and I took it. I never had any more trouble and got strong fast. Then I took it again before my little girl was born and it helped me a good deal and I give the Compound the credit for it. Then this spring I felt very badly again, but I took the Compound and have been well all summer. I cannot be grateful enough for your medicine."—Mrs. HAROLD M. SMITH, 470 Water Street, Clarksburg, W. Va.

For forty years it has been making women strong and well, and curing backache, nervousness, uterine and ovarian inflammation, weakness, displacements, irregularity and periodic pains.

If you want special advice write Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

COLDER WEATHER CHECKING FLOOD

SPOKANE, Wash., Feb. 11.—Lower temperatures throughout eastern Washington checked the flood conditions today and creeks and rivers that threatened to flood towns and cities receded within their banks.

No report could be obtained from Starbuck, where a rise in the Tannanum drove people from their homes. The last heard from there was last night, when the telephone operator reported she had to leave the office because of the flood.

At Pullman the ice was blawed from the river and the crest of the flood passed without doing damage. Five wagon bridges were washed away by the overflowing of Latah creek near Pomeroy. The town was flooded with water flowing three feet deep in certain parts.

A three days' thaw and rain caused the floods in eastern Washington.

DAY IN CONGRESS

WASHINGTON, Feb. 11.—Senate: Considered Nicaraguan treaty in executive session.

Military affairs committee decided to begin preparation of army bill Monday.

House: General debate on the postoffice appropriation bill resumed.

Naval and military affairs committees continued hearings on the national defense.

LARGER ACREAGE OF WHEAT PROMISED

The promise of an increased acreage of wheat in this valley this season carries with it the additional promise of a much improved quality of grain. Better seed has been selected and better seedbeds prepared.

For several years prior to last season wheat was raised in this valley chiefly for chicken and hog feed, there being no market for it for milling purposes locally. The Medford roller mills was modernized, enlarged and otherwise equipped to supply the market for all the wheat raised. On account of this establishment of a local market the farmers concluded to produce a greater harvest of better grain.

The Eagle Point mill has been modernized this year by the new owners and will enlarge the local demand for wheat and other grains.

The Medford mill is equipped to produce cornmeal and rye flour also and is already putting out a splendid quality of all kinds of breakfast foods.

The roller products of the valley this year promise, therefore, a large output of excellent quality of goods in their line.

NEUTRAL CONFERENCE FOR PEACE IN SESSION

STOCKHOLM, Feb. 11.—The neutral conference for continuous mediation, the outgrowth of the Henry Ford peace expedition, held its first regular meeting today in this city. The conference was addressed by its chairman, Mayor Carl Lindhagen of Stockholm, who reviewed the work accomplished and voiced the hope of future accomplishments in the cause of peace.

A message of greeting was cabled to Henry Ford by the conference. Louis P. Loebner of Chicago was elected general secretary.

Today And A Generation Hence

The flight of time makes us think of the future. The baby of today reflects what greatness may be acquired when he grows up. And any influence that brings relief to the expectant mother is the first and greatest of obligations. There is a splendid remedy known as "Mother's Friend" that has been a safeguard, a helpful daily influence, to a host of women. Applied externally to the muscles they become rigid, they stretch without undue pain, there is a chance of distress, the nerves are soothed by taking away the burden of leaving all to just natural conditions.

There is in "Mother's Friend" the direct and immediate help that all expectant mothers require. Used by their own hands, guided by their own minds, they learn at once the blessed relief from morning sickness resulting from undue stretching. They experience daily calm and nightly rest. It is indeed "Mother's Friend." Get a bottle today of any drugist. Then write Bristol Regulator Co., 419 Lamar Bldg., Atlanta, Ga., for one of the most entertaining and valuable little books ever presented. It is worth writing for.
