

WHERE MEDFORD VOTERS REGISTER IN ORDER TO VOTE

Registration of voters is proceeding very slowly. In order to vote at the spring primaries it is necessary to register with the newly appointed registrars of the various precincts. This registration covers subsequent elections.

There are now sixteen precincts in Medford. Medford North Riverside has been extended south to Third street, divided at Alice street, the northern portion being North Medford. West Medford has been divided at Main street, and Southwest Medford at Tenth street, the portion between Main and Tenth forming Medford Park. Medford Oakdale has been out in two at West Thirteenth street, the northern portion between Main and Thirteenth, Orange and Oakdale forming Medford Newtown precinct.

Medford North Central is now bounded on the north by Third street, south by Main, west by the railroad and east by Bear creek.

East Medford precinct has been formed from part of Northeast and Southeast. It extends east from Bear creek to Cottage street, south of Main and Roosevelt north of Main street, with Jackson street as the northern boundary. Northeast Medford now comprises the territory north of Jackson from Bear creek to Roosevelt, and north of Main east of Roosevelt.

Southeast Medford comprises the district south of Main street, east of Cottage and Bear creek. The boundaries of Medford South Riverside, Northwest Medford, South Central, South Main and North Main are unchanged.

The following are the registrars and places where voters can register for the various precincts:

Medford, North Main, Helen N. Yockey, Mail Tribune building.

Medford South Main, Ben Garnett, Garnett-Correy building.

Medford North Central, H. H. Hull, M. F. & H. bldg.

Medford South Central, L. B. Cameron, Postal Telegraph office.

Medford North Riverside, F. G. Snedecor, Medford book store.

Medford South Riverside, L. B. Cameron, Postal Telegraph office.

Medford Oakdale, E. C. Schultz, Oakdale grocery.

Medford Newtown, R. L. Ewing, Ewing's gun store.

Medford Park, A. O. Bennett, Bennett investment office.

North Medford, F. G. Snedecor, Medford book store.

Northeast Medford, F. G. Snedecor, Medford book store.

East Medford, V. E. Conser, Conser cash grocery.

Southeast Medford, L. B. Cameron, Postal Telegraph office.

Southwest Medford, C. E. Wynkoop, 820 W. Twelfth street.

West Medford, Helen N. Yockey, Mail Tribune building.

Northwest Medford, W. H. Lydiard, Jackson street store.

Griffin Creek, W. S. Hammond, Medford, R. F. D.

Perrydale, Ed Janney, Jackson county abstract office.

LARGE AUDIENCE AT UNION REVIVAL

A great congregation, made up not only of many church congregations of the city, but of people from all circles of the city and surrounding country, both business and social, greeted Evangelist Mathis at the Natatorium last night in the initial assemblage of a series of meetings to be held for an indefinite period in this city.

Mr. and Mrs. Vasey, the musicians accompanying the evangelist, together with a chorus of local voices a hundred strong, added to the spiritual atmosphere of the services, this being a most enjoyable feature of the meeting.

Rev. Mathis made a powerful appeal for interest in these union meetings and devotion to the cause for which they are being held. He is a pleasing and forcible speaker who never overlooks the practical side of religion. He begins with the fundamental truth of all life and holds his congregation closely to the straight and narrow way along which it must be pursued.

The big auditorium was nearly filled last night, indicating profound interest in the work.

The chorus of 100 voices will be enlarged to 200 early in the series of meetings. There will be no meeting Monday night.

WARNS GROWERS AGAINST SHIPPING LOS ANGELES FIRM

To the Editor:

Last season I was bunned by the Klein-Simpson Fruit company of Los Angeles through the shipment of a large consignment of cherries to this concern. And knowing that a large number of your subscribers have been sending fruit upon consignment to this house, I desire to give them the benefit of my experience and to thus put them wise as to its dealings with me, an individual shipper. The fact is that the producer of fruits and produce has been bunned by many of the commission houses in the United States to which consignments have been made, and I think it but right that when the returns conclusively show one has been bunned, that his experience be made of public information.

I am herewith handing you for publication a copy of my last letter to the Klein-Simpson Fruit company, which has so far never been answered. I desire to state that since this letter was written I received the award of a gold medal from the Panama-Pacific international exposition at San Francisco upon cherries from the same orchard and similar to those I shipped to the Klein-Simpson Fruit company. I deem it my duty to make these matters public so that your readers may know how and where to make future shipments of their fruit.

A copy of the letter I refer to is as follows:

Letter as Written.

"Medford, Or., July 9, 1915.

"Messrs. Klein-Simpson Fruit Co., commission merchants, Los Angeles, Cal.

"Gentlemen:

"I acknowledge receipt of your letter of the 2d inst., with enclosure of check in payment for 365 boxes of cherries. Your explanation of the very low price you claim to have received for the fruit, of course, does not satisfy me, nor am I at all deceived by its suave verbosity.

"Nothing that you could say would convince me that the cherries were secondary in quality or that you had to dispose of them at the prices which your returns indicate. I shipped the same quality of cherries to El Paso and Houston, Tex., and other points east, where they arrived in good condition, and from whence I received more than twice what your highest returns indicate you received.

I shipped a small consignment to the exposition at San Francisco and have received the highest commendation for the grade of fruit and the manner of the pack of it. I know, and you know, that these cherries were larger in size and at least as well packed as the ones you have been receiving from other points in southern Oregon, for which your lowest returns were much more, but the explanation is the other shipments you received were small, consisting of a few boxes only, the returns a bait, while my consignment was large enough to yield a considerable clean-up.

"A Waste of Words."

"Of course, I realize that it is a waste of words to remonstrate with you, but I nevertheless want to suggest that you have not made anything in the deal. I will venture the assertion that the decrease in your commissions for next year will more than offset the deficiency in the returns I should have received for my fruit. There is a law of retribution that evens up every injustice. I should have known better than to have allowed my fruit to be consigned to you. I have had more or less experience in the 'land of sunshine and blue sky,' where the lunatic steers run at large and the restaurants feed sick tourists on oleomargarine for butter and chicory instead of coffee. The fact, however, that people generally have learned the prevailing game down there furnishes the explanation for the lunk years you have recently experienced.

"Promising you that I shall continue to remember you for some time, I remain, very respectfully yours,

(Signed) "W. E. PHIPPS."

LONDON, Feb. 12.—A dispatch to the Exchange Telegraph company from Amsterdam says that Emperor William has announced his decision that the marriage of Prince Joachim is to take place at Potsdam March 11.

The regular monthly meeting of the board of directors of the Drama League Center was held at the public library Tuesday afternoon. Arrangements made for the lecture to be given by Dr. Bates, of the University of Oregon, and Dr. McKinlay, of Portland, in the near future were confirmed, and routine business transacted.

The principal business of the meeting turned upon the selection of a chairman to conduct the Shakespearean tercentennial anniversary celebration. Mrs. Alan Brackinreed, president of the center, has consented to take the chairmanship and form a committee to carry on the work under her direction. The qualities of leadership and executive ability which Mrs. Brackinreed has so well displayed in the difficult position of the presidency will be given full play in the preparation and presentation of the coming events. The work already mapped out, at Mrs. Brackinreed's solicitation as president of the center, promises much for the edification of Medford residents, and other features to be added will make the local celebration of the great master's anniversary worthy of note among those undertaken throughout the country. Prominent among the promised treats will be the work to be done in the schools under Superintendent Hillis's direction, and the production by local talent of a musical version of Shakespeare's "Twelfth Night" from the pen of Ed Andrews, who is now engaged on the libretto.

The co-ordination of all the efforts to be made will require a great deal of time and energy and it is due to Mrs. Brackinreed to say that she is making a great sacrifice of her time and strength in adding her new duties to those of the presidency of the center, which have been very arduous during her term of office, as no pioneer work in movements of so much importance as that of the Drama League usually proves to be the hardest work undertaken by anybody.

Mrs. Brackinreed's devotion to her work, in spite of many difficulties, has already met with marked success, which has been commented on favorably in the bulletins of the national organization, as well as by those who have attended the public meetings and lectures of the center in Medford and the plays supported by the center which have appeared here in the past two years, the most notable success having been the appearance of Forbes-Robertson. It is mainly due to Mrs. Brackinreed's conscientious efforts that the Drama League center is now an established institution in Medford.

BELLINGHAM, Wash., Feb. 12.—A considerable section of the Pacific highway, which was recently completed by the state, south of this city, was carried away this morning under the influence of melting snow and frost. The concrete retaining walls were destroyed and an avalanche of rock and earth slid down on the Great Northern tracks. The Great Northern trains are now being detoured over the Northern Pacific allway.

BULGAR KING VISITS AUSTRIAN LEADERS

LONDON, Feb. 12.—A Vienna dispatch to Reuters says that King Ferdinand of Bulgaria arrived yesterday at Austro-Hungarian general headquarters, accompanied by Bulgarian Premier Radoslavoff and General Jozoff, commander in chief of the Bulgarian forces and minister of war. The king and his suite were received by Field Marshal Baron Franz Conrad von Hotzendorf, chief of staff of the Austro-Hungarian forces.

THE SCHOOL PUPILS AND THEIR PARENTS OF THIS CITY ARE GREATLY PLEASED WITH THE REPLIES ELICITED BY THE LETTERS SENT FROM MEDFORD DURING THE RECENT LETTER-WRITING WEEK, FULLY 1250 HAVING GONE FROM THIS CITY FROM THE PUPILS ALONE. A QUOTATION IS HERE MADE FROM A LETTER RECEIVED BY LITTLE MISS IRENE BERNARD, 11 YEARS OLD, WHO WROTE TO HER AUNT BELLE, AT TOLON, ILL.

"Dear Irene—You certainly did yourself proud with the letter you wrote me and I am proud of you, for it was such a nice, instructive letter. I let Aunt Grace and Aunt Elizabeth read it, too, and they thought it a great letter for a girl of your age to write. Any girl who can write a letter like that certainly deserves a gold dollar. I haven't got the gold dollar, but I will send you a paper one, instead, and you can use it to show us around when Uncle Fred and I come out to see all the nice things you speak of in your letter, for them must surely be beautiful."

COURT REFUSES INJUNCTION AGAINST UNION OIL PLANT

Circuit Judge Catkins has temporarily denied the injunction sought by Henry D. Angle against the Union Oil company to prevent the construction of the latter's plant on ground adjoining the Angle residence at Crater Lake Junction. In his opinion, the court states:

"In this case it is apparent that plaintiff is suffering no injury or inconvenience at this time to his property, and will not for some time to come. If the defendant desires to put its money into the plant in the face of a possible judgment that it is not entitled to maintain an oil storage station at that point, it takes its own risks. And I have concluded that I will hold the motion for the restraining order under consideration, pending further developments. If it shall appear during the progress of the case that defendant should be restrained, the court will act promptly in the matter.

"But for the present it seems to me that the injury in the case would result to the men who probably need the employment they have, were the court to stop the proceedings at this stage."

PLEASED WITH REPLIES TO CHILDREN'S LETTERS

The school pupils and their parents of this city are greatly pleased with the replies elicited by the letters sent from Medford during the recent letter-writing week, fully 1250 having gone from this city from the pupils alone. A quotation is here made from a letter received by little Miss Irene Bernard, 11 years old, who wrote to her Aunt Belle, at Tolon, Ill.

"Dear Irene—You certainly did yourself proud with the letter you wrote me and I am proud of you, for it was such a nice, instructive letter. I let Aunt Grace and Aunt Elizabeth read it, too, and they thought it a great letter for a girl of your age to write. Any girl who can write a letter like that certainly deserves a gold dollar.
