FAVORABLE REPORT RIVERS-HARBOR BILL

WASHINGTON, Feb. 16.—After adding \$700,000 for improvement of East river channel at New York from Governor's plan and the Battery to the navy yard, the house committee on rivers and harbors today voted a favorable report on the annual rivers and harbors bill, aggregating \$39,608,410. All new projects except New York harbor were voted down.

DIED

BINNS.—At Salem, February 14, where he was undergoing hospital treatment, George Hugh Binns, for many years a resident of Grants Pass. The deceased, who was born at St. Thomas, Ontario, Canada, on March 23, 1849, came to Grants Pass in 1892. For a number of years he was employed by the water company, and was also an assayer, and previous to his late illness had been in charge of the city hill posting business.

The deceased is survived by his wife, Elizabeth, to whom he would have been married fifty years on the 28th day of next July. He also leaves six children, Louisa G. O'Neill and Olive L. Harris of Grants Pass, Edward Binns of Medford, Ann J. Casseney of Marshfield, Guy V. Binns of Santa Barbara, and Ira S. Binns of Albany. The funeral services will be at Salem, Wednesday, and the body will be cremated.

LACKS JUDICIAL MIND

(Continued from page one.)

It appears that congress had failed to appropriate funds for the collection of the tax. An item of \$250,000 was accordingly inserted in the urgent deficiency bill for this purpose. This bill had come before the senate. What happened next is related by Former Senator Pettigrew of North Dakota and is set out in Gustavus Myers' History of the supreme court as follows: "When this bill came before the senate, Senator Quay of Pennsylvania telephoned me to come to his house. There I met a certain Standard Oil magnate, Quay argued that the treasury department had been tampered with and urged me to say so in the senate and to get me and the other four senators to vote against the bill. His object, of course, was to defeat the bill, so that the treasury department could again fall back upon the excuse that it had no available funds with which to collect the tax. 'There is \$250,000 for you if you do this,' Quay assured me. I refused."

Protection of Privilege

Mr. Myers goes on to say that there was then only one possible way to get rid of the income tax which was to have it declared unconstitutional by the supreme court. The attack on the law was made by the Farmers' Loan & Trust Co., which announced its intention to pay the tax and was thereupon enjoined by one Pollard, one of its stockholders.

In this form the most acute was brought before the supreme court with an imposing array of high-priced counsel on both sides.

A. J. Witchell, of the Spokane, Portland & Seattle engineering department, was in the city today on P. & E. business.

O. N. Wilson was fined \$5 in the police court this morning for maintaining a nuisance. He was charged with leaving a pile of stable dirt in the street for a period beyond the limit allowed by law.

BOOST BEN SHELDON FOR THE LEGISLATURE

(Ashland Tidings)

Some of our friends are boosting Ben Sheldon for the legislature. They point out the fact that Sheldon has many friends all over the country and ought to run well, but what is more important, that he has many good points which make him an excellent representative for Jackson county. He believes thoroughly in the future of southern Oregon and will fight for its interests. He has always been a public-spirited citizen, not is not hunting a legislative job which is all glory and little pab; the job is hunting the man. He is a forceful man when it comes to get-

ting other people to see things his way. A most important matter to this county is the adjustment of our expenditures in highway construction with the state highway commission's expenditures for state system. Mr. Sheldon is especially conversant with this problem and our interests will be well looked after on that score. We had a chance here at Ashland to get pretty well acquainted with Mr. Sheldon during the normal school campaign in 1914, and his zealous work on behalf of the Southern Oregon Normal school and his familiarity with that issue would make him
