Don't Merely "Stop" a Cough

Stop the Thing that Causes It and the Cough will Stop Itself

A cough is really one of our best friends. It warns us that there is inflammation or obstruction in a dangerous place. Therefore, when you get a bad cough don't proceed to dose yourself with a lot of drugs that merely "stop" the cough temporarily by desdening the throat nerves. That the cause—heal the inflamed membranes. Here is a homemade remedy that gets right at the cause and will make an obstinute cough vanish more quickly than you ever thought pos-

J. I. Fredenburg, L. M. Fisher, M. Scholtz and M. Fisher, M. Scholtz a

It heals the inflamed membranes so gently and promptly that you wonder how it does it. Also loosens a dry, hoarse or tight cough and stops the formation of phlogm in the throat and bromehial takes, thus ending the persistent loose cough

Pinex is a highly concentrated com-pound of Norway pine extract, rich in quaincol, and is famous the world over for its healing effect on the membranes. To avoid disappointment, ask your druggist for "255 sunces of Pines," and don't accept anything clse. A guarantee of absolute satisfaction, or money promptly refunded, grea with this preparation.
