

LOCAL AND PERSONAL

A telegram was received by Dr. Carlow yesterday announcing the death of Carl Easton at his home near Dexter, Mich. on Feb. 17th. He was a resident of Medford for nearly a year and a half and while here acted as local agent for the Evening Telegram. He left here last May, taking in the exposition at San Francisco and visiting other points of interest on his way back to Michigan.

Baby Week is a campaign for many purposes and extends from March 4 to 11. (1) It will bring to every one the fact that it is civic economy to reduce the sickness and death rate among babies; it will improve the coming generation by measures which will keep baby and mother well. The community's responsibility for the babies is the central thought for Baby Week. (2) It will present facts concerning the present status of infant mortality and what is being done, both by public and private organizations to improve conditions which affect the health of babies, which we hope to do here on a smaller scale. (3) It will give directly to fathers, mothers, brothers and sisters, information about the care of babies that will result in better care and feeding during the months when the mortality rate is especially and needlessly large.

Gates sells Ford cars, \$200 down and \$25 a month.

C. H. Westlake, of Madera, California, is a valley visitor this week, having many acquaintances in this vicinity and about Gold Hill and Talsent. He says the people of the Pacific coast are being distributed throughout the three coast states this year more in accordance with individual taste and considerations than ever before. Those who are re-locating after a few years of experience on the coast, are generally establishing permanent homes. For that reason many of them are looking over the various localities with great care. Mr. Westlake believes that Rogue river valley will receive a very considerable accession this year to its business and farming population.

Oysters, any style. The Shasta. The Baby week campaign held under direction of the children's bureau of the U. Resolution of Condolence Whereas, our esteemed and well beloved brother, William I. Vawter, past grand master, has bowed to Heaven's high will, and gone from our midst to behold the dawn of a brighter day, where Friendship, Love and Truth will live forever.

As he was an earnest worker in our order and a faithful adherent to the principles of Odd-Fellowship; be it

Resolved, that we extend our heartfelt sympathy to the home whose circle has been broken. We deeply deplore the loss of our brother and while we can only extend to them our sincere sympathy and bid them look to Him, who doeth all things well and from whom all good cometh, we bow our heads in reverence, and may we ever hold his memory sacred.

Resolved, that a copy of these resolutions be spread on the records of our lodge, a copy sent to the bereaved family, a copy be sent to the Pacific Odd Fellow, and to each of our local papers for publication.

A Little Blossom To Delight the Home

When it is known that in the near future the home is to be blessed with a new arrival the first thought should be "Mother's Friend."

This is an external remedy gently applied over the stomach, uterus, etc. It makes them firm and elastic, they expand naturally without undue strain. It removes from the nerves those influences which are responsible for much of the pain incident to the period of expectancy. It is for this reason that much of the distress such as morning sickness is avoided. All prospective fathers should see to it that the expectant mother is provided with a bottle of "Mother's Friend."

The directions are simple. Get it at any drug store. It is applied by the expectant mother herself, it penetrates deeply and affords quick and splendid relief in a most gratifying manner and reflects a physical betterment to the nervous disposition of the baby. Don't fail to get a bottle of "Mother's Friend" today and then write Bradford Regulator Co., 113 LaSalle Bldg., Atlanta, Ga., for a pretty little book full of information for expectant mothers. It is a delight to read it.

QUARANTINE ON CALIFORNIA SPUDS

Horticulturist A. C. Allen for this district, who attended the meeting of the state board of horticulture at Portland last week, has returned and has since been nursing a sick boy for a few days. A. C. is affectionately called, "Jim," as he is affectionately called, was troubled with a throat affection, for which an operation was performed while in Portland with his father. On his return home he caught cold and a new trouble arose, which, however, is rapidly disappearing, a fact which "Jim's" numerous friends will be glad to learn.

California potatoes have been quarantined by the governor and president of the state board of horticulture, the order signed about a month ago taking effect a few days ago. California potatoes are known to be affected by tuber moth. They must be sent by way of Portland for inspection before they can be handled commercially in this state.

CATARH A BLOOD DISEASE

Drive It From Your System. Because Catarrh affects the nose and throat, causing sores in the nostrils, stoppage of air-passages and gathering in the throat, it has been common practice to treat Catarrh with calives, washes and sprays applied to these parts. This mode of treatment cannot give permanent relief, and is liable to aggravate the trouble. Catarrh cannot be trifled with. If allowed to run on it will increase the bronchial tubes, settle on the lungs and affect the stomach—indeed it is a very serious disease. Don't treat it locally. The one treatment that has proven effective in the treatment of Catarrh is S. S. S., the greatest blood purifier and blood tonic known. It relieves the cause of Catarrh by removing the blood, renewing its vigor, giving new life to the red blood corpuscles and stimulating the flow so that it has the vitality to throw off the poison and remove from the system. It is literally a blood bath. You quickly feel results. Headaches disappear, the gathering in the throat stops, the nostrils heal. S. S. S. is a natural blood tonic and has proven effective in the treatment of all blood affections, Eczema, rashes, eczema, scrofula. Get S. S. S. at your drug store. If you need expert advice write the Swift Specific Co., Atlanta, Ga.
