

DRANK ALCOHOL TRIED TO SHOOT-UP CITY OF ASHLAND

It is somewhat suggestive of the irony of fate that the first case of violation of the state's new prohibition statute should be staged in the prosaic little city of Ashland, the stronghold of sentiment against it.

Prosecuting Attorney Kelly was called to that place yesterday to prosecute a case of that kind, in which H. Wallsten, a heretofore successful citizen, was the defendant. Wallsten's offence, it appears, lies largely in the conduct of Sam Cherry, to whom he had given the liquor. It was ethyl alcohol, obtained on a prescription dated December 31, 1915. It is probable that Wallsten obtained the liquor at that time.

Cherry, imbued with the fiery spirit of wild west desperation, attempted to shoot up the town and for a spell had the crowd in a poolhall pitifully "buffaloed," until an officer called his gun game and took him to the cooler. The court decided that he should remain there ten days.

Wallsten pleaded guilty and was fined \$5, the court being lenient because the defendant had never before done anything to throw the town into a wild west conformation of that peculiar alcoholic type. Besides, he didn't know that it is against the law to give liquor to an intoxicated person.

LUMBER BLAZE ADVANCES PRICES

PORTLAND, Or., Feb. 18.—The destruction of the Inman-Poulsen Lumber mill here by fire yesterday, with its daily output of 360,000 feet, will give a material impetus, according to statements of lumbermen today, to the advancing market prices. On account of the destruction or dismantling of numerous mills during the last few years it was estimated that should all the remaining plants in the northwest begin operation the output would be 25 per cent less than in 1907. For the first time in ten years the operators say they have no fear of overproduction with all mills running on a ten-hour day.

A Washington mill a few days ago received an order from the Burlington railroad for stringers at a price a little more than double what was paid last year. Today's quotations on the three grades of logs in the Puget Sound, Gray's Harbor and Columbia river markets were \$7, \$10 and \$13, the highest in ten years. Snow and slides have delayed logging operations and this is helping to advance prices. Orders are plentiful, millmen say, and the only handicap at present is the lack of bottoms for water transportation.

"The fire," says H. B. Van Duser, manager of the Inman-Poulsen mill, "means a tremendous curtailment in the output of lumber along the Columbia river. Our normal ten-hour day cut is 300,000 feet. Without this it will be impossible for us to fill orders unless we buy from other mills and the majority of them are not in a position to sell us. There are very few logs available, less than 30,000,000 feet in the river now, the smallest quantity in years. Mills cannot operate without logs and a shortage seems bound to result."

RUMANIA LEANS TOWARDS ALLIES

LONDON, Feb. 18.—Dispatches from Bucharest state that the capture of Erzerum by the Russians is crystallizing the decision of Rumania to intervene at an early date," says the Home correspondent of the Exchange Telegraph company.

"In Rumanian official circles in sympathy with the entente it is stated that in March there will be a concentration of Russian troops in Bessarabia for the purpose of permitting Rumania to transfer troops to the Bukovina frontier. This transfer already is in progress.

"In the meantime the allies are hastening the transportation to Saloniki of the Serbian, Italian and Montenegrin armies which, with the French and British troops, will make possible an offensive movement simultaneously with the intervention of Rumania."

When better insurance is sold Holmes, the insurance Man, will sell it.

CROWDS FLOCKING TO REVIVAL FROM OUTSIDE PLACES

"It was an imposing sight when the women's organizations marched into the big hall last night and took their places," said an interested attendant at the revival services now in progress. "The Auditorium has always looked roomy to most citizens, so far as filling the big room is concerned," he continued, "but it has also looked entirely too small for the crowds that are listening to the appeals that are stirring the moral elements these days in this city. It is a most absorbing thing to watch people when they are deeply interested in anything. They become determined—and that spells everything. When intelligent men and women unite upon any great question, or issue the result is success."

"The singing has its place in these meetings, but the gospel is the main thing—the power of God to transform humanity into something fine and noble. The solos and duets are 'moving' because they are being well rendered. The duet by Mrs. Crossley and Mr. Vessey last night merits special mention, for the selection was good and the voices showed timber of unusual quality."

"The large delegations from Grants Pass, Phoenix, Ashland, Jacksonville, Griffin Creek, Central Point and other communities greeted the evangelist with closest attention."

"Come tonight at 7 o'clock, as the meeting will close earlier for the basketball game. You are welcome. The meetings are yours."

CENTRAL POINT EVENS SCORE WITH MILITIA

The Central Point Athletic club last night evened the score with the Seventh Company club of this city by winning from Medford all but one of the contests staged, another being a draw. Medford won the 133-pound wrestling match between Meade Ingram of Central Point and Leland Beveridge of this city. The first fall was made in 20 minutes, the second in 40.

Clarke, Central Point, won from Holmes, Medford; Price, Central Point, won from Stacy, Medford, both wrestling matches.

Stake pull won by Central Point—Lee Ingram for the Point and Ling for Medford.

In the boxing contests, Adrian Rose, Medford, vs. Hopkins, Central Point, draw; York, Medford, vs. Jess Ingram, Central Point, won easily by latter; Caulren, Medford, vs. Grim, Central Point, won by the latter.

The dressing contest was also won by Central Point.

FREE CONCERTO TO BE HELD AT ARMOY HALL

John Lewis, direct from the Edison laboratory is demonstrating the new Edison diamond disc phonograph for Palmer's Piano Place and will give a free concert to the public at the Armory hall on West Main street, over the Red Front Five and Ten Cent store, Saturday night beginning at seven-thirty.

MOTHERS WHO HAVE DAUGHTERS

Read How to Care for Their Health.

New Orleans, La.—"I cannot praise Lydia E. Pinkham's Vegetable Compound enough, for I know my daughter never would have been so well if she had not taken it. For more than a year she had suffered agonies from irregularity, backache, dizziness, and no appetite, but is now well. I recommend Lydia E. Pinkham's Vegetable Compound to all mothers and daughters and you can publish this letter."—Mrs. A. ESTRADA, 129 N. Galvez Street, New Orleans, La.

Philadelphia, Pa.—"My daughter was feeling tired and all run down with no apparent cause. She had taken Lydia E. Pinkham's Vegetable Compound before and knew its value so she again purchased it and she was able to keep to work, her eyes became bright and natural, and her system was built up completely. We generally keep the Vegetable Compound in the house for it is to be relied on."—Mrs. E. J. PUGH, 5131 Race Street, Philadelphia, Pa.

Women Have Been Telling Women for forty years how Lydia E. Pinkham's Vegetable Compound has restored their health when suffering with female ills. Try it if you are troubled with any ailment peculiar to women.

EUGENE PROMISES AID TO MEDFORD FOR STATE SHOW

Poultry people and business men alike are interested in the proposition to hold the state poultry show in this city in December. The Southern Oregon Poultry Association will begin to form its plans tomorrow at its regular meeting at the public market for that event.

E. J. McClanahan, the veteran poultryer of Eugene, whose famous Barred Rocks were the cynosure of all eyes at our recent show here, writes to a leading poultryer here, under date of the 16th, in part as follows:

"I have talked with a great many of our poultrymen since I arrived home and they will all vote for Medford for the next state show, which is always held in December. Get after the poultrymen there and don't let the enthusiasm die out. There will be a big bunch of us come from Eugene with a string of fine birds."

Josephine and Klamath counties will be in line by that time with some excellent birds, while Jackson county, whose poultry people learned something about poultry for exhibition purposes in our first show, will be ready for a much improved showing.

NO WITNESSES HEARD AGAINST BRANDEIS TODAY

WASHINGTON, Feb. 18.—No witnesses were ready to be heard before the senate judiciary subcommittee considering the nomination of Louis D. Brandeis to the supreme court and today's hearing was abandoned.

CAR SHORTAGE HAMPERS INDUSTRY

SALEM, Feb. 18.—Unless advantage can be taken now of high prices many lumber concerns that are totally dependent upon rail traffic will become bankrupt unless the car shortage in Oregon can be relieved, according to an appeal for aid sent today by the state public service commission to the interstate commerce commission.

MORE STRENGTH FOR FEEBLE OLD PEOPLE

If all the old people in Medford realized what Vinol will do for them we would not be able to get enough of it to supply the demand. We quote from a recent letter received from Mrs. A. E. Carson of Kingston, N. Y.

She says: "I am 65 years of age, and had been ailing for a long time with indigestion, I got run-down, was weak, dizzy and could not sleep at night. I consulted two doctors who said I had hardening of the arteries and at my age could not expect to be strong again. My daughter would give me no peace until I tried Vinol, as it had done so much for her. I have taken five bottles and my health and strength have come back, so I am able to do all the housework for my family of four, and I am recommending Vinol to all my friends."

The reason Vinol is so beneficial to old people is because it contains the very elements needed to replace declining strength with renewed vigor, viz: the medicinal elements of fresh cod livers without oil, peptonate of iron, beef peptone, and a mild tonic wine. Medford Pharmacy.—Adv.

"How do you make those muffins? Mine are always so dry. And if I make the batter thin they fall. How do you do it?"

"I make them only as you do, only I use K.C. Baking Powder. Mine always turn out well, so it must be the baking powder."

It is the baking powder. To make muffins, cakes and pastry rich and moist, yet light and feathery, a modern double acting baking powder must be used—one that will give off leavening gas in the oven as well as in the mixing bowl.

K.C. BAKING POWDER

is really a blend of two baking powders, one of which starts to raise as soon as moisture is added. The other is inactive until heat is applied. This sustains the raise until your muffins, biscuits or cake is done.

K.C. Baking Powder costs less than the old fashioned quick acting kinds, yet you need use no more and it is superior to them in every way.

Try a can at our risk and be convinced.
