

EAGLE POINT EAGLETS

By A. C. Howlett

Last Saturday Henry Trout, the E. P. Perist mail carrier and contractor, brought out word that Peter Applegate was found dead in his bed that morning.

Auber Meyer of Lake creek, who is attending high school in Medford, came out Friday and started on up to his home on foot. He had telephoned to his father to meet him on the way, and Monday morning he came marching back in time to catch the 10:15 car. His kind don't stop for trifles. He is the one who won the trip to the Panama fair by raising the best corn in the state.

Elvin Abbott of Butte Falls came out Sunday afternoon and spent the night at the Sunnyside. He was on his way to Medford.

In my last I spoke of a lady by the name of Owen being here and holding a series of meetings. For some months past it has seemed almost impossible to get the people here interested in the subject of religion, to even come to church on Sunday and while Mrs. Owen was telling one of the members of the church here of the crowds that flocked to hear her in Central Point the church member remarked that if she succeeded in getting a crowd here she would give her a gold medal. By Sunday night Mrs. C. M. came to her and said that she guessed that she would give to the medal as she had the house about full that night. She had made the arrangement with Mr. P. Newport to have him put off the opening of his picture show until 8:15 o'clock p. m. and she would commence her services at 7 o'clock sharp and she held the large audience (large for this place), intensely interested until right up to time. At that time she announced that she would not hold any services on Monday or Tuesday evenings as there was to be a school entertainment and box social on Monday night and the Rebekahs were to have their lodge meeting on Tuesday night, and they asked her not to hold any meeting on that night as at that time there was to be a wedding ceremony performed in the lodge room and the members of the lodge wanted to hear the lecture, so she announced that she would hold services on Wednesday and Thursday night and would give an entertainment, but just then the members of the I. O. O. F. protested saying that they had to hold lodge meeting that night and go through with the initiatory work, so she asked her to postpone her entertainment until Friday night, which she did. So as it now stands Mrs. Owen will lecture on Wednesday and Thursday nights in the church and on Friday night will give an entertainment in the opera house. She seems to attract more attention than any speaker we have had before in years.

Mr. and Mrs. J. S. Gackenbush and Mrs. N. Gorman, Mrs. Q's sister, motored into town Monday morning and were transacting business with our merchants. Monday morning I took a stroll down to the P. & E. depot and while there discovered that there were 12 passengers on the little motor car and their baggage besides what the mail carrier estimated to be a ton of mail matter, and that some morning George Austin, the mail carrier from here to Climas had to take over 500 pounds of parcels post mail, among the P. P. mail was 200 pounds of oats that was sent up on Antelope creek, but George piled it all on his light rig and carried it all.

Mr. Kline, one of the fruit tree inspectors, was among us last Monday. William Mann was among the guests at the S. S. hotel Monday and so was Sam Courtney.

Last Friday while Mrs. Hoogerhyde was visiting her sister-in-law, Mrs. L. K. Haak, and was in the act of changing the little boy's dress, the boy is about 2 1/2 years old, she stepped into an adjoining room for the clean dress and in less time that it takes me to write it he made a dash for the creek about a rod away. She turned just in time to see him run into the creek, and saw the swift current carrying him down stream. With a bound and a scream Mrs. H.'s mother, jumped into the water and grasped him before he sank, thus saving him from drowning, but it was a very narrow escape.

On Monday night our three teachers, W. O. Wheeler, Mrs. Shetler and Miss Minnie Taylor had their school give an entertainment and the whole community joined in having an old fashioned box social. The entertainment consisted of instrumental and vocal music, recitations, dialogues, etc., and the children did themselves credit and showed that their instructors had not neglected their duty in that respect. During the exercises, Mrs. Owen, the lady evangelist sang one of the old fashioned southern melodies, "Old Uncle Ned," accompanied on the piano by Miss Claire Zimmerman and they simply brought down the house. They were encouraged, but instead of singing another song Mrs. Owen gave a recitation for the boys and then another song. The singing of the boxes was not amusing. Frank Brown was the auction-

Freckles and His Friends

er and there was one little boy about six years old who attracted more attention than most. He had 25 cents and he hid on every box, standing most of the time on the platform near the auctioneer, until finally there was a box bid off to him, but he was determined to have a box. The handsome box was awarded to Miss Myrtle Greb for the large girls and the other to Miss Helen Holt for the younger girls, and the highest priced box was Miss Claire Zimmerman, and was hidden off by Joe Mooman and he received 50 per cent of the price back again as per announcement. The receipts of the evening were \$34.50. If we did not raise much money we had lots of fun.

I see that the bills are out for a movie picture show Saturday night when they propose to show scenes of Jackson county commencing in an early day and coming up to the present time.

This, Tuesday morning, when the P. & E. train came out they had seven wood cars, a box car and the passenger car in addition to the freight they brought there seemed to be quite a number of passengers. Some of them stopped here, but the most of them went on up further on the road. Among other things they brought out were 16 milk and cream cans for our dairymen and two lots of fruit trees, one lot was for L. K. Haak, one of our prominent orchardists, and while I was in the depot talking to one hustling farmer he remarked that he had just cut down and carried off the trees off of eighteen acres and sowed the ground to oats. Thus it is some plant fruit trees and some pull them up. I was relating the incident to Mr. Haak shortly afterward and he expressed his strong faith in the future fruit business.

Revs. L. L. Simmons and South came in Tuesday morning with W. H. Crandall from the Reese creek country where they are holding a protracted meeting. They claim with some success, although up to this time they have had no conversions.

Arden Tyrrell of I. C. came in Tuesday on the stage and went to Medford.

Since my last report C. Hookerhyde has renewed his sub to the D. M. T.

The people out in these parts seem to have a mania for making garden during this fine spell of weather.

WILLOW SPRINGS

Sunday Miss and Mr. Clarke of Seattle, Wash., were looking over property in this vicinity.

Mrs. C. F. Riekeley was a Saturday to Monday guest of Mrs. T. C. Low.

Mr. Natwick of Eagle Point was transacting business in this district several days last week.

Register at Sennie Heights orchard before April 18.

Grange meeting at the schoolhouse Friday evening. Come.

Herbert Clarke was a visitor in Medford Sunday afternoon.

Mr. and Mrs. Julius Barkholz were guests of Fred Stroube and wife on Sunday.

Roy Dunlap of Prospect orchard spent the week end with Merritt Hoagland.

Mr. and Mrs. W. B. Clarke and daughter motored to Ashland and visited Mr. and Mrs. Weaver Sunday.

J. W. Elden and family and Miss Ellen Esping of Geneva, Ill., motored to Medford Sunday morning to attend the revival meeting in the Natatorium.

The ditch crew is located just west of R. I. Wilson's home. They will begin work on the ditch in this district as soon as conditions are favorable.

D. W. Stone and wife returned to their home Saturday after a three months' visit with Mrs. L. M. Foss of Lewiston, Idaho. Mr. Stone reports Lewiston has certainly had its share of snow this season.

Superintendent Wells of Jacksonville visited the Willow Springs school Wednesday afternoon. He complimented the pupils for an hour

with a very interesting set of pictures shown through a microscope. Among the pictures the beet industry was shown. Mr. and Mrs. R. W. Ellen very delightfully entertained the Presbyterian choir at their home, Green Acres, on Friday night. A very delectable luncheon was served at 6 o'clock and a pleasant social hour was enjoyed by the members and friends of the choir who were present. Those who availed themselves of their hospitality included: Mr. and Mrs. Hatfield, Mr. and Mrs. William Braxton, Mr. and Mrs. Wallace, Mr. and Mrs. W. D. Clarke, Mr. and Mrs. L. L. Norcross, Mrs. Harry Davidson, Misses Imogene Wallace, Marguerite Davison, Alta Norcross, Francine McNasser, K. A. Pickard, Messrs. H. S. Pickard and Herbert Clarke.

Mrs. Frank McKee returned to her home in this district after a business and pleasure trip to Albuquerque, N. M.

Sunday, February 27, at the Presbyterian church in Central Point, Rev. Doran of Ashland will deliver a sermon entitled "Jonah."

FLOUNCE ROCK FRILLS

The Stearns, Dawson, Vinson and Peyton families have been interchanging visits the whole week. Too many to chronicle, but we know they have been having a good time.

Mr. Ditsworth went to the valley Wednesday and came home Sunday with a new horse and buggy.

Ed Hollenback and family and Miss Aiken came from Prospect Saturday night to attend the "literary" at Peyton schoolhouse. They spent the night with friends and went home Sunday.

Miss Margery Erskine spent the week end with Mrs. Gus Ditsworth.

Paul Toney has been working at Mr. Toney's recently.

The Laurelhurst Literary society, which held its second meeting Saturday night, was well attended. Six new members were added to the society. There was a great deal of business transacted, including the mock impeachment of the treasurer, after which there was a program and debate. It was decided after much arguing that it would not be best to annex Mexico at present (Washington, D. C., papers please copy).

Mr. and Mrs. J. H. Erskine spent Saturday at Mr. Peeler's. Mrs. Erskine remained to attend the Literary society and spent the night with Violet Ditsworth.

James Peyton is helping his brother Earl prune the Mansfield orchard.

Messrs. Thomas Spangler and Peeler found an old human skull on the Gordon ranch Friday.

Enoie Ben Higginbotham went to

Prospect Friday, spent the night and registered the voters in that community. Mr. Wise returned with him and went on down with him to Trout. Mr. Higginbotham was bragging about his "ice cream feed" at Prospect.

Ed Higginbotham and family spent Sunday at T. B. Higginbotham's.

Friday was Master Clair Saetens' fifth birthday and his aunt, Mrs. Vinson, and Messrs. Frank and Hobart Ditsworth dined at his house that day.

Mr. and Mrs. Lawrence Conger spent Sunday at Elmer Dawson's.

Farmers around here are engaged in spring ploughing and sowing. The Gordon boys are getting a fine start with their spring work and they are at it early and late.

Judging from the Laurelhurst news there are a good many live items of news that we know nothing of. Messrs. Ditsworth and Peyton are the able editors of that sheet.

The Florence Rock school closes on Friday, February 25, and there will be a picnic and basket dinner at the schoolhouse that day, to which every one is invited. The forenoon will be devoted to games and athletics and the school has a well-prepared pro-

gram of entertainment for the afternoon. All come and bring well-filled baskets as the athletes will have good appetites. The program will be given rain or shine, but no outdoor picnic if it rains.

WHY CHILLY WEATHER BRINGS RHEUMATISM

Says skin pores are closed and uric acid remains in blood.

Rheumatism is no respecter of age, sex, color or rank. It is not the most dangerous of human afflictions it is one of the most painful. Those subject to rheumatism should eat less meat, dress as warmly as possible, avoid undue exposure and, above all, drink lots of pure water.

Rheumatism is caused by uric acid which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin also aid in the removal of this acid. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well.
