

LOCAL AND PERSONAL

C. L. Knight, head of the Knight Packing company, Portland, who has been investigating the local field as to its tomato output and the quality of the several varieties produced here, left last evening on his return home. Mr. Knight contracted for the product of 20 acres of tomatoes, while here, to be used this year in his tomato catsup specialty. If the result be satisfactory, the Knight Packing company will install a plant at Medford for the purpose of handling a large quantity of tomatoes and cucumbers of the highest grade. It may also include vinegar in its manufactured output. This year, however, the tomato output will be reduced to pulp and shipped to the Portland factory.

When a typewriter ribbon gives 250,000 words without filling the type there must be some merit in its construction beyond the ordinary ribbons. The Associated Press operator of the Mail Tribune made this record with one of the typewriter ribbons sold by the Medford Printing company, and the ribbon prints just as good as the day it was put on the machine. In all this time the type has never been cleaned. How much longer it will be serviceable is yet to be seen.

Says the Ashland Tidings: "If Ben Sheldon is persuaded to run for the legislature it won't look bad to a great many people in this part of the county, for it is a known fact that when Ben undertakes anything for the public weal he works day and night on it. He knows Jackson county from one end to the other and would be fair to all sections, and having taken much interest in the development of Jackson county heretofore, would undoubtedly do his best to obtain for us those things which we have need of and have a right to expect from the state. Sheldon is known to Ashland people principally through his work on behalf of the normal school, and probably no other man available for this candidacy has as much information on that subject at his finger's end and is so thoroughly prepared to present our side of the case as he."

EMPLOYMENT BUREAU FOR HIGH SCHOOL

A department in the high school known as the employment bureau has been organized. It has for its object to find work for high school boys and girls who are desirous of working during the hours when they are not in school.

The department has done some constructive work during the winter, several pupils having found employment through it. Now that spring has opened and there is plenty of work in yards and gardens, the management of the bureau feels that, if the general public knew of the plan, they would co-operate and could furnish many little odd jobs. If anyone has work that the high pupils could do and will phone Principal Moore, 811-R, the management will be informed and the pupils notified. This sort of co-operation is of the substantial kind and means valuable help to deserving boys and girls.

How to avoid Operations

These Three Women Tell How They Escaped the Dreadful Ordeal of Surgical Operations.

Hospitals are great and necessary institutions, but they should be the last resort for women who suffer with ills peculiar to their sex. Many letters on file in the Pinkham Laboratory at Lynn, Mass., prove that a great number of women after they have been recommended to submit to an operation have been made well by Lydia E. Pinkham's Vegetable Compound. Here are three such letters. All sick women should read them.

Marinette, Wis.—"I went to the doctor and he told me I must have an operation for a female trouble, and I hated to have it done as I had been married only a short time. I would have terrible pains and my hands and feet were cold all the time. I took Lydia E. Pinkham's Vegetable Compound and was cured, and I feel better in every way. I give you permission to publish my name because I am so thankful that I feel well again."

Detroit, Mich.—"When I first took Lydia E. Pinkham's Vegetable Compound I was so run down with female troubles that I could not do anything, and our doctor said I would have to undergo an operation. I could hardly walk without help so when I read about the Vegetable Compound and what it had done for others I thought I would try it. I got a bottle of Lydia E. Pinkham's Vegetable Compound and a package of Lydia E. Pinkham's Sanative Wash and used them according to directions. They helped me and today I am able to do all my work and I am well."

Belleve, Pa.—"I suffered more than tongue can tell with terrible bearing down pains and inflammation. I tried several doctors and they all told me the same story, that I never could get well without an operation and I just dreaded the thought of that. I also tried a good many other medicines that were recommended to me and none of them helped me until a friend advised me to give Lydia E. Pinkham's Vegetable Compound a trial. The first bottle helped, I kept taking it and now I don't know what it is to be sick any more and I am picking up in weight. I am 29 years old and weigh 145 pounds. It will be the greatest pleasure to me if I can have the opportunity to recommend it to any other suffering woman."

If you would like special advice write to Lydia E. Pinkham Med. Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

HOW "TIZ" GLADDENS TIRED, ACHING FEET

Medford Creamery

Blossoming Out in Spring Attire

The store is fast taking on its spring dress; most every express is bringing new spring wearables. The lines are not by any means complete; with the exception of Millinery, this showing is immense.

New White Coats

Some very handsome New White Chinchilla Coats just came in yesterday, priced at \$15.00 and \$20.00.

The New Spring Tailored Suits

A very fair showing of Tailored Suits. This line is not by any means complete, but are getting in new things daily, and rest assured our line, as in previous seasons, will be the most varied and the correct styles. We have waited until the styles were definitely settled and soon, very soon, the showing will be immense. A pleasure to show you our present showing and a greater pleasure when the line is complete.

New Spring Millinery

A stupendous showing of new Spring Hats, all the newest shapes the market affords. Our cases and tables are fairly sparkling with newness in the Spring Hats, and Miss Farrell, our trimmer, is turning out more handsome New Trimmed Hats daily, adding to our already vast assortment, and as to prices, the ladies say the most reasonable in years.

New Dress Skirts

Separate Skirts are to be very much the vogue this season. We have a very representative showing of the new cloths and styles. Skirts \$3.98 up.

New Silk Waists

New Silk Dresses

New Undermuslins

WINTER COATS AND TAILORED SUITS

A part of this stock is marked at very attractive low prices, in many cases one-half price and less, and many of these garments are appropriate for a conservative spring garment.

Winter Coats \$6.50, \$9.85, \$11.95 and \$15.00. Winter Suits, \$6.50, \$11.25, \$15.00 and \$19.50
