THEDA BARA IN "CARME N" AT THE PAGE THEATER

JOSE DISCARDED PLEADS WITH CARMEN

The picture climax is supreme and inevitable, as seen at the Page tonight. In every conceivable way the William Fox production of "Carmen" marks an era and chronicles an epoch in moving pictures.

Theda Bara's conception of Carmen is peculiarly her own, and she makes most of her opportunity. Her fight in the cigarette factory and her death scene are triumphs of dramatic skill.

House today still differed with the president's position. Speaker Clark, who predicted last week that a warning resolution would pass, two to one at that time, said he did not know the sentiment of the house now and refused to say how he himself would vote.

House leaders today drafted for consideration of the house a measure proposing that congress express its confidence in the president's handling of the armed merchantman controversy and recognize that it is not a matter of legislative but of executive concern.

Republicans were said to be almost as much divided on the proposals as the democrats. Representative Mann would make no public statement of his views. He said merely that the present situation was a "very serious one," and that was all.

The views of some of the leaders developed to be so much in conflict with those which the president outlined at his morning conference that the leaders urged the appointment of a joint committee to go to President Wilson to ask him for an official statement of what he wants congress to do.

Senators Stone, Kern, Overman, Martin, Swanson and Gore held a conference at the conclusion of which it was agreed that nothing should be done in the senate today. The president positively did not ask for such a resolution.

COMPARES TARIFF TO MOSES' SNAKE IN THE WILDERNESS

LOUISVILLE, Ky., March 1.—"Even as Moses lifted up the serpent in the wilderness, so shall a protective tariff be lifted up in America if this nation would be healed," declared Thomas B. Dixon of Louisville in his address today as temporary chairman of the republican state convention.

Protection, the speaker believed, would cover all that has been said on the subject of preparedness. Aside from present economic perils, the speaker saw probable disaster just ahead after the great world war is ended.

"We will be the richest country in the world," he said, "but the least respected. All other nations will be the best armed, the best drilled, the most desperate and the most needy. The American nation should prepare for this awful hour, and I warn you that to meet it properly and to settle it safely will require the highest order of intelligence, statesmanship and courage that this nation has ever been called upon to display."

"What we all want," said Mr. Dixon, "is a return to the principle of 'safety first,' and old-time republican prosperity."

KITCHENER MAKES NATIONAL APPEAL FOR ECONOMY

LONDON, March 1.—A great meeting was held in the Guild Hall tonight here today to inaugurate a national savings campaign. The lord mayor presided and the speaker included Earl Kitchener, secretary of state for war, A. K. Holford, first lord of the admiralty, Reginald McKenna, chancellor of the exchequer, and A. Bonar Law, secretary for the colonies.

Premier Asquith was to have addressed the meeting and to have moved the principal resolution, but he was suffering from the loss of his voice and was unable to attend. Lord Kitchener in his speech said: "We want just as many men as we can get as soldiers. We are bound to take all the men that can possibly be spared from industry, agriculture and commerce."

"We cannot produce all of our ordinary peace-time requirements. Either the population must go short of many things or the army must go short of munitions and other indispensable things. There are civilians prepared to let their brothers in the trenches endure hardships while they are not ready to make small sacrifices of harder work, increased effort and increased economy."

"Every war problem teaches the same lesson. Firstly, if we employ less labor, meeting the wants of the civilian population we require more men for fighting."

"Secondly, if we import less for consumption we lessen the difficulties of sea transportation."

Baking Helps

Valuable Suggestions By Mrs. Nevada Briggs, Expert of the Art of Baking, as Taught by Mrs. Janet McKenzie Hill, Hospital Cake Making Unit. Always sift flour and K.C. Baking Powder at least three times.

To mix a cake, first cream butter and sugar thoroughly, then add yolks, if used. Then alternately add moisture and flour that has been sifted with baking powder, and stir until smooth and glossy, adding egg whites after thoroughly mixing.

Always use K.C. Baking Powder. Biscuit Flour. Always sift flour and K.C. Baking Powder at least three times.

Have shortening cold and firm. Mix dough as soft as it can be handled. The softer dough goes into the oven, the lighter the biscuit when it comes out. It is easier for K.C. Baking Powder to do its work in soft than in stiff dough.

With K.C. Baking Powder results are sure and certain. Ask your grocer for K.C.

Will H. Wilson SAGE AND SULPHUR DARKENS GRAY HAIR

Brush this through faded, lifeless locks and they become dark, glossy, youthful.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair.

Nowadays we get this famous mixture by taking at any drug store for a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied.

Valuable Health Hints For Our Readers

CATARH

Just because you hawk and spit and your nose is wet, cold, red, sore and a nuisance, don't merely plug it up. You catch the catarrh by greasing your nose. Take S. S. S. regularly and you will drive catarrhal poisons out of your blood.

Throughout the country, wherever malaria abounds, are happy, joyful people to whom S. S. S. has given wonderful help in the treatment of malaria after the most sickening torture imaginable.

The gaunt complexion of malaria's victims, the chills and fever, the unrelenting dysentery that seems to defy all other treatment, the malarial fever, the enlarged liver, the persistent anemia where the blood turns to water and the system wastes away.

Somehow a sore spot becomes indolent. The tissues surrounding it lose tone and are unable to provide sufficient nutrition to stop the drain.

Nature acts with marvelous rapidity when given the proper assistance, and S. S. S. so stimulates cellular activity that the parts surrounding an ulcer secrete from the blood the materials that make new tissue. Thus the sore spot rapidly heals in a natural way.

Local applications for any skin disease will afford protection from without, but have no medical value. Eczema, tetter, acne and all such eruptive diseases should be treated with S. S. S.

So many different things contribute to poison the blood and the effect is so startling that the sufferer becomes quite stricken and is led to use harmful drugs. If you have any blood trouble, get a bottle of S. S. S. and take according to directions.

Don't take anything else. Poisoned blood is bad enough without ruining your bones, joints, teeth and vitals with minerals. S. S. S. so stimulates cellular activity that they reject all poisonous influences and select only those materials in the blood that make healthy tissue.

In any form of rheumatism give the blood a good effectual cleansing with S. S. S. Use this remedy for three days and take a hot salt water bath to open the pores. This relieves the lungs and kidneys and assists S. S. S. to utilize the skin as the principal avenue of elimination.

Avoid salts, calomel and other drastic purgatives, as they absorb the moisture from the walls and membranes of the intestines, weaken the muscular action, produce chronic constipation and thus stagnate the system with rheumatic poisons. Get a bottle of S. S. S. at any drug store. Don't take a substitute.

S. S. S. is purely vegetable and is prepared only by the Swift Specific Co., 271 Swift Bldg., Atlanta, Ga. Write for special booklet on any of the diseases mentioned and medical advice is wanted, write for that also to address given above. Both booklet and medical advice are free.

FOLGER WEEK MARCH 6 to 11. HEAVY MEAT EATERS HAVE SLOW KIDNEYS. Eat less meat if you feel Backache or have bladder trouble—Take glass of Salts.

NEW SUBMARINE CAMPAIGN FINDS LINERS IN WAR ZONE

NEW YORK, March 1.—The scheduled opening of the new submarine campaign of the Tenth powers, set for today, finds twelve big liners in or near the war zone, in which the Austrian and German submarines are operating.

The liners are Crete, of the White Star line; Italia, Italian line; Turin, Italian line; La Fayette, French line; Philadelphia, American line; Finland, in American line service; Bergenfjord, Norwegian-American line; America, Italian line; Patria, Fabre line; Panama, Cunard line, and the Ioannina and Violette (Constantines of the Greek line).

None of these steamers is believed to be armed unless they have mounted guns at sea. The Italian steamship America, one of the ships which have had guns placed on board by the Italian government, is today believed to be in the war zone with 182 cabin and 1732 steerage passengers on board bound for New York. The America, according to cable advices, received by local agents here today, sailed from Naples on February 25.

WILSON ASKS AGITATION

(Continued from page one)

ference had been devoted chiefly to discussing procedure. The habit of ostentatiousness has been developed for a high degree of conservatism, was Mr. Wilson's answer to a question about prospects of a vote. He is one of those who will have favored the resolutions. One plan discussed was for the foreign affairs house committee to report adversely on the bonding resolutions and at the same time have the rule committee bring in a rule limiting debate. By that plan a vote could be pushed in the house tomorrow or Friday, and the question would be taken up in the senate immediately afterward.

The president told the leaders the foreign situation was no more serious today than it has been for several weeks, but he believed action should be taken quickly to show the world that the American government was not divided.

It was understood that some of the leaders were conferred at the White House. The president positively did not ask for such a resolution.

Too Late to Classify. County Treasurer. I hereby announce that I am a candidate for the nomination of county treasurer for Jackson county, Oregon, on the republican ticket to be voted for at the primary election to be held May 19, 1916.

I formerly held the office of county treasurer and believe I give general satisfaction to the public. During the time I was county treasurer the county employed expert accountants to examine the county officers' books and send reports compiled and my work to light as a public official. If nominated and elected I shall endeavor to conduct the office of the office in an honest, efficient and business-like manner. JAS. M. CRONMILLER.

O. A. C. WILL PLAY MICHIGAN IN FALL

EAST LANSING, Mich., March 1.—It was announced here today that the Michigan Agricultural college football team probably will play the Oregon Aggie here October 28. For several weeks it was thought that the teams would not meet this fall, but the Oregon college in a telegram tentatively accepted the open date.
