URIC ACID IN MEAT BRINGS RHEUMATISM

Says a Little Salts in water may save you from dread attack.

Rheumatism is easier to avoid than to cure, states a well-known authority. We are advised to dress warmly; keep the feet dry; avoid exposure; eat less meat, but drink plenty of good water.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and used with excellent results by thousands of folks who are subject to rheumatism.

YES-IT IS POSSIBLE TO STOP RHEUMATISM

Rheumatism is a tormenting and stubborn malady. In some cases it yields to treatment which is without avail in other cases.

The darting pains, lame muscles or stiffened joints only disappear by gradually expelling the uric acid, and so many thousands have been relieved by the blood-enriching oil-ford in Scott's Emulsion that you should give it a faithful trial.

Scott's Emulsion acts as a powerful blood-purifier by increasing the red corpuscles and it strengthens the organs to carry off the acids which cause the trouble.

Try Scott's Emulsion, it cannot harm. It has helped thousands and may be exactly what you need. No Alcohol. Scott & Bowne, Philadelphia, Pa. 15-20
