WILSON'S POLICY SUSTAINED

WILSON'S POLICY SUSTAINED (Continued from page one)

a ship has the same status as though unarmed and that the right of a neutral citizen to transport his goods or travel upon either is the same and not a different right and that in fact, is the decision of our own supreme court in a great case decided many years ago and never since overruled or modified.

Oppose Change in Rules

"If, therefore, a citizen take passage upon a ship so armed and lose his life by the sinking of the ship without assenting, what must be the contention and claim of this government? To my mind clearly this: That the citizen in the exercise of a clear right has been deprived of his life by the deliberately illegal act of the belligerent government which sent the submarine on its mission of death."

Senator Sutherland also opposed any change in the rule with respect to the sale of munitions of war or arming merchant ships for defense, asserting that any such changes now would be an unequal act.

LOOK AT A CHILD'S TONGUE WHEN CROSS, FEVERISH AND SICK

Take No Chances! Move Poisons From Liver and Bowels at Once

Mother's can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently move out of the bowels, and you have a well, playful child again. Children simply will not take the time from play to empty their bowels, liver gets sluggish and stomach disordered.

When cross, feverish, restless, see if tongue is coated, then give this delicious "fruit laxative." Children love it, and it can not cause injury. No difference what age your little one—if full of cold, or a sore throat, diarrhoea, stomach-ache, bad breath, remember, a gentle "inside cleansing" should always be the first treatment given. Full directions for babies, children of all ages and grown-ups are printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look carefully and see that it is made by the "California Fig Syrup Company." We make no smaller size. Hand back with contempt any other fig syrup.—Adv.

MAN OPPOSES MEASURE

"If we are informed correctly," Republican Leader Mann said, "the president desires our opinions on the subject of American citizens traveling on armed vessels of belligerent nations. We express no opinion on the subject by laying the McLenore resolution on the table unless such an action be construed as an invitation to travel. I am not in favor of extending any such invitation which might bring us into international conflict."

"We have not sought to annoy the president, but when he asks for our opinion, let us tell him frankly we do not desire complications which would lead to war. If we meet the
