FORM PLAN TO SECURE BAND FOR MEDFORD

At a meeting between representatives of the Greater Medford club, Commercial club and Merchants association yesterday it was decided to secure if possible the services of Professor R. G. Rowland of Victoria, B. C., an leader of the Medford band and to start a campaign at once to raise the necessary funds.

Mrs. Noblett was appointed chairman of the finance committee and other members of the committee will be named to aid in the work. Councilman J. C. Mann announced the city would donate \$400 and the remaining \$800 will be raised by private subscription.

There was nothing but enthusiastic approval of the scheme at the meeting. Professor Rowland explained his position declaring that \$2000 a year had been his price for professional services but he would be willing to take charge of the local band for a guarantee of \$1200 a year. He did not care to move here from Victoria unless assured of a position for at least one year. The war had so unsettled conditions in Victoria that he had decided, he said, to make his future residence in the states. Professor Rowland made an excellent impression and there seems to be no question that if his services are secured Medford not only will have the best band in its history, but one of the best bands in the state.

Mrs. J. F. Mundy, president of the Greater Medford club, presided at the meeting and a general discussion followed participated in by the various delegates. It is believed the committee will have little difficulty in raising the necessary funds as Medford will need a good band this year more than ever before.

Women Once Invalids

Now in Good Health Through Use of Lydia E. Pinkham's Vegetable Compound. Say it is Household Necessity. Doctor Called it a Miracle.

All women ought to know the wonderful effects of taking Lydia E. Pinkham's Vegetable Compound even on those who seem hopelessly ill. Here are three actual cases:

Harrisburg, Penn.—"When I was single I suffered a great deal from female weakness because my work compelled me to stand all day. I took Lydia E. Pinkham's Vegetable Compound for that and was made stronger by its use. After I was married I took the Compound again for a female trouble and after three months I passed what the doctor called a growth. He said it was a miracle that it came away as one generally goes under the knife to have them removed. I never want to be without your Compound in the house."—Mrs. FRANK KNOWL, 1042 Fulton St., Harrisburg, Penn.

Hardly Able to Move.

Albert Lea, Minn.—"For about a year I had sharp pains across my back and hips and was hardly able to move around the house. My head would ache and I was dizzy and had no appetite. After taking Lydia E. Pinkham's Vegetable Compound and Liver Pills, I am feeling stronger than for years. I have a little boy eight months old and am doing my work all alone. I would not be without your remedies in the house as there are none like them."—Mrs. F. E. YOST, 611 Water St., Albert Lea, Minn.

Three Doctors Gave Her Up.

Pittsburg, Penn.—"Your medicine has helped me wonderfully. When I was a girl 18 years old I was always sickly and delicate and suffered from irregularities. Three doctors gave me up and said I would go into consumption. I took Lydia E. Pinkham's Vegetable Compound and with the third bottle began to feel better. I soon became regular and I got strong and shortly after I was married. Now I have two nice stout healthy children and am able to work hard every day."—Mrs. CLEMENTINA DUBERNO, 34 Gardner St., Troy Hill, Pittsburg, Penn.

All women are invited to write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special advice.—It will be confidential.

QUIT MEAT IF YOUR KIDNEYS ACT BADLY

Take tablespoonful of Salts if Back hurts or Bladder bothers—Drink lots of water.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night, when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.

Home Celebration of Wonder Interest

The arrival of a baby in the household completely changes the entire aspect of the future. But in the meantime, during the anxious period of expectancy, there is a splendid remedy known as "Mother's Friend" that does wonders. It is for external use, relieves the pain of muscle expansion, soothes and quietes the nerves, extends its influence to the internal organs and removes to a great extent the tendency to worry and apprehension. It is a natural treatment, safe for the mother, has no drug effect whatsoever and for this reason, need exert a most beneficial influence upon those functions directly connected with motherhood. In a very interesting book the subject is freely discussed and a copy will be mailed free to all expectant mothers by Bradford's Regulator Co., 408 Lumber Bldg., Atlanta, Ga. Get a bottle of "Mother's Friend" today and you will know why mothers for nearly half a century have used and recommended this splendid aid to motherhood. Their letters are messages of cheer, that breathe comfort in every word.
