J. H. Simons, formerly of this city, but now of Anaconda, Mont., writes to the Commercial club that he expects to return to this city and that many families within the circle of his acquaintance there desire more information about this valley generally. Hence, he writes Secretary Jatta to send him a bunch of literature to distribute among them. Mr. Simons was foreman of the work of constructing the Holland hotel block. He writes that not in climate alone, but in many other important respects Rogue river valley is superior to anything he has found during his four years of absence.

Peter Weltley, a resident of this valley twenty years ago, writes to an acquaintance here that he will close out his business in Clinton, Ill., and come back to the land of sunshine and big red clover. Mr. Weltley has lived in four states since he left this valley, but confesses that he has never been wholly satisfied with conditions in any of them. "Business in the middle west is rapidly becoming better," writes Mr. W., but its climate is a medley of droughts and floods and violent storms. One can't depend on it. I am tired of trying to adapt myself to it. Fact is, I am afraid of it," concludes the writer.

BLOODIEST BATTLE OF WAR

(Continued from page one)

Rouvaux. Our artillery showed great activity about this front.

"In the wood of Le Preire a detachment of our troops penetrated a trench of the enemy at a point near Croix des Carnes along a front of about 200 yards. The men cleaned up the same and after having inflicted some losses on the enemy they returned to our lines with about twenty prisoners.

"The night passed quietly on the remainder of the front.

"During a night fight a group of French aviators threw down thirty shells of large caliber at the railroad station of Clunians. Planes were seen breaking out a five different points. In spite of a violent cannonade all the French aeroplanes succeeded in getting back without suffering damage."

German Statement

BERLIN, March 12.—The text of today's statement by German army headquarters follows:

"The weather has been favorable for observation purposes and there has been very lively artillery activity on both sides over a great part of the front. The activity also increased on both sides of the Meuse and as far as the Moselle.

"Apart from patrol fighting on the Somme and the failure of a French attack in Le Preire forest there were no events.

"After much reconnoitering our aviators attacked enemy railway stations and military depots, especially on the Carmentis-Yverdon railway line with success.

"Three enemy aeroplanes were destroyed in the Champagne and one in the Meuse region."

PRINCE JOACHIM WEDS PRINCESS MARIE AT BERLIN

AMSTERDAM, Mar. 12.—The marriage of Prince Joachim, the fifth son of Emperor William, and Princess Marie Augustine, daughter of Prince Edward of Anhalt, was celebrated Saturday in the royal castle of Hollenstein according to a dispatch from Berlin. The marriage occurred in the presence of the empress of Germany, the duke and Duchess of Anhalt, and other relatives. Emperor William was not present.

The engagement of Prince Joachim and Princess Marie was officially announced October 14 last. Prince Joachim was 25 years old on December 15 last, and he is a captain in the 13th regiment of Hussars. He was the only unmarried child of the emperor. Princess Marie Augustine is the eldest child of Prince Edward of Anhalt and was born June 10, 1888. She is a niece of the reigning duke, Frederick II of Anhalt.

Prince Joachim has been serving with the German army on the Russian front. Late in April 1915, it was reported he had narrowly escaped capture by the Russians. Last August it was reported he would be made king of Poland.

VILLA FLEEING INTO OLD HIDING PLACE IN THE MOUNTAINS

COLUMBUS, N. M., March 13.—Actual concentration of United States troops for an expedition into Mexico to try and capture Francisco Villa was begun here today.

From the heavy troop movement to Columbus it would seem, according to officers of station here, that this point is to be made a base of operations. It was believed here that John J. Pershing, brigadier general commanding the eighth brigade, would be designated to take charge of the expeditionary force and would make Columbus his headquarters. The force of General Pablo Bertani, commanding the Carranza garrison at Palomas, on the Mexican side of the border south of here, was increased today by the arrival of 800 men, bringing his forces to a total of 2000. By tonight or tomorrow it is expected that the American garrison here of 1100 men will be augmented by the arrival of two regiments of infantry, a signal company, a hospital detachment and some mountain artillery from Fort Bliss.

Francisco Villa, with but a small body of men, it is reported here, is fleeing farther from the United States border and into the mountains which parallel the borders of Chihuahua and Sonora toward Guerrero, where his days as an outlaw began and where to almost every peon "Pancho" Villa is a hero.

Army men here point out that once back in the mountains among his friends, any pursuit of Villa is likely to resemble a game of hide and seek. Some officers believe that the pursuit may be a matter of months.

OPEN 130,000 ACRES OF OREGON LAND TO SETTLERS

WASHINGTON, Mar. 13.—More than 2,000,000 acres of public lands were designated by the interior department as enterable by homesteaders in February. It was announced today. Some of the land already has been settled and applications have been filed for settlement on much of the rest. The land opened is scattered throughout nearly 200 counties in nine western states. In Arizona 17,000 acres were opened; in California 72,000; Colorado, 160,000; Kansas 17,000; Montana 500,000; North Dakota 250,000; Oregon 120,000; South Dakota 1,000,000 acres in the Bellefleur, Lammon and Rapid City districts; Wyoming 270,000.

GRIZZLIES VISIT QUIGGLY ROCKS

The Grizzlies took their first hike of the season on Sunday, March 12, to Quiggly Rocks. The auto and auto bus left the library at 2 o'clock and left the Grizzlies at Phoenix to hike from there to the rocks. The walking was splendid, the day perfect for a hike and the Grizzlies made record time.

The complete circle of the rocks was made, crevices were examined, caves explored and various pictures taken. Mr. Folger told of the formation of the country and how the rock strata was considered the oldest land in this section, with a bit of speculation on how the curious marks of erosion were formed, making it very interesting. One hole made by a petrified log, part of which remains, was especially noted. Mr. Gerking proved the most daring climber.

Another scramble to the top for the regular Grizzly coffee and lunch and the return walk, just as the sun set, completed a memorable hike. The committee in charge were Mr. and Mrs. Latta and Mr. Pratt.

The next hike will be an all-day trip, Sunday, March 19, to Boldy. Watch for further notices.

MEDFORD LOSES BASKETBALL GAMES TO ASHLAND

Ashland took double revenge Saturday night and ended the basketball season by winning the boys game 26-13 and taking the girls 12-7.

There was no excuse at all for the loss of the girls game except listless playing—and the knowledge that they had the title won. It seemed like the whole team was saying to Ashland, "Shoot, we should worry."

Not until the last quarter did Medford wake up to the realization that they were losing a game and then they went into it hammer and tongs but to no avail.

ROSEBURG SCHOOL DISTRICT ISSUES BONDS FOR \$75,000

ROSEBURG, Or., Mar. 12.—By a vote of 184 to 127 the people of the Roseburg school district have decided to issue bonds in the sum of \$75,000 with which to erect a modern high school building here. The structure will cost approximately \$100,000, according to the present plan. Actual work on the structure will begin early in April.

FOR BRONCHITIS, PAINFUL COUGH, WHOOPING COUGHS AND COLDS

Cheapest Remedy Made at Home—128 Teaspoonful for 50 Cents

When in need of a remedy for the treatment of bronchial affections, such as bronchitis, whooping cough, croup, stubborn coughs, colds or hoarseness, don't simply ask the druggist for a "cough medicine" but get the best. Tell him to give you Schiffmann's New Concentrated Expectant, instead of being induced into buying something else purely on the strength of some testimonials or the exaggerated claim of the manufacturer. The same "money back" guarantee goes with every bottle of this remedy sold by Medford Pharmacy as does with Dr. Schiffmann's famous Asthmador and your money will be refunded, if it does not give perfect satisfaction; in fact even more, if it is not found the best remedy ever used for these affections.

In buying this new remedy, besides securing the guarantee these druggists give, it will likewise be found

UNUSUAL STIR IN LUMBER CIRCLES

C. Frank Kenworthy, a timberman of Tacoma, in which district he was an employe of the Weyerhaeuser company for years, is making a tour of the timbered districts of southern Oregon, having come some days ago. He came in from the upper Rogue river section this morning and will probably enjoy a visit to the vast timber belt in the Siskiyou mountains in the region of the Blue Lodge, before leaving this part of the coast.

The general report is that all of the mills in this entire region are busily turning their equipment for a continuous run this season. Many claim to have orders for as much of certain classes of their output as they can deliver in the next twelve months. Some of the mills are being enlarged.

Half a score of lumbermen have been looking about this Rogue river country during the past two or three weeks. They report an unusual stir in lumber circles all over the country. The demand is increasing for lumber of staple grades as never before in the history of the west.

TWO NATIONS JOIN IN HUNT

(Continued from page one)

"The government of the United States, in view of the unusual state of affairs which has existed for some time along the international boundary and earnestly desiring to co-operate with the de facto government of Mexico to suppress the state of lawlessness, of which the recent attack on Columbus, N. M., is a deplorable example, and to insure peace and order in the region contiguous to the boundary between the two republics, readily grants permission for military forces of the de facto government of Mexico to cross the international boundary in pursuit of lawless bands of armed men who have entered Mexico from the United States, committed outrages on Mexican soil and fled into the United States on the understanding that the de facto government of Mexico grant it the reciprocal privilege that the military forces of the United States may pursue across the international boundary into Mexican territory lawless bands of armed men who have entered the United States from Mexico, committed outrages on American soil and fled into Mexico.

Agreement in Force

"The government of the United States understands that in view of its agreement to this reciprocal arrangement proposed by the de facto

government the arrangement is now complete and in force and the reciprocal privileges thereunder may accordingly be exercised by either government without further interchange of views.

"It is a matter of sincere gratification to the United States that the de facto government of Mexico have evinced so cordial and friendly a spirit of co-operation in the efforts of the authorities of the United States to apprehend and punish the bands of outlaws who seek refuge beyond the international boundary in the erroneous belief that the constituted authorities will resent any pursuit across the boundary by the forces of the government whose citizens have suffered by the crimes of the fugitives.

"With the same spirit of cordial friendship the government of the United States will exercise the privilege granted by the de facto government of Mexico in the hope and confident expectation that by their mutual efforts lawlessness will be eradicated and peace and order maintained in the territories of the United States and Mexico contiguous to the international boundary."

SUGGESTIONS TO SICK WOMEN

How Many Are Restored To Health.

First.—Almost every operation in our hospitals performed upon women becomes necessary through neglect of such symptoms as backache, irregular and painful periods, displacements in the side, burning sensation in the stomach, bearing down pains, nervousness, dizziness and sleeplessness.

Second.—The medicine most successful in relieving female ills is Lydia E. Pinkham's Vegetable Compound. It regulates and strengthens the organism; it overcomes disease.

For forty years it has been making women strong and well, relieving backache, nervousness, ulceration and inflammation, weakness, displacements, irregularity and periodic pains. It has also proved invaluable in preparing for childbirth and the Change of Life.

Third.—The great number of unsolicited testimonials on file at the Pinkham Laboratory at Lynn, Mass., many of which are from time to time published by permission, are proof of the value of Lydia E. Pinkham's Vegetable Compound, in the treatment of female ills.

Fourth.—Every ailing woman in the United States is cordially invited to write to the Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass., for special advice. It is free, will bring you health and may save your life.

Don't Mistake the Cause

Many Medford People Have Kidney Trouble and Don't Know It

Do you have headache? Are you tired and worn out? Feel dizzy, nervous and depressed? Are the kidney secretions irregular?

Highly colored; contain sediment? Likely your kidneys are at fault. Weak kidneys give warning of distress.

Heed the warning; don't delay—Use a tested kidney remedy. Read this Jacksonville testimony.

Frank Turngate, retired farmer, C street, Jacksonville, Ore., says: "I have used Doan's Kidney Pills personally and they have been taken by another of my family. I can say they are a fine medicine. Doan's Kidney Pills did me a great deal of good when I was suffering from kidney weakness. They deserve public endorsement."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Turngate had. Foster-Milburn Co., Props., Buffalo, N. Y.
