"Uncle John" has had a varied experience with stock in this part of the state for half a century. In former years organization was little known among stockmen, each owner of stock being given credit for knowing his business, and, if he failed to attend to it, the loss was his; but in these days when the range has to be measured with a yardstick, compared with its pioneer amplitude for the herds that fattened on it, organized forces are necessary to regulate its uses properly and with even justice to all. The forestry officials co-operate with the stockmen very helpfully in these matters, granting them every privilege possible in the grazing season.

PARTITION RANGE

Committees were appointed to take up matters of seasonal interest and take care of them in time for the use of the range in that district this year to the best advantage. Drift fences and their locations were discussed, sources of water supply, their development for more water this year and their protection were arranged for and many other matters of interest to those whose stock use that range.
It was the opinion of a number of those who attended the meeting today that this will be a good range year, the wild grasses having started vigorously and the moisture being much more abundant than it was at this time last year.

The Great Kidney Medicine
Fulfills Its Mission
I was afflicted with bladder trouble. I suffered such great pain that the doctor had to take my urine. After the doctor had treated me for two weeks, I did not get any better. Remembering that a few doses of Dr. Kilmer's Swamp-Root completely relieved by mother-in-law, after all the doctors who were called on her case had failed to do her any good, I asked my husband to get me a bottle of Swamp-Root, which he did, and I took it and threw the doctors' preparations away, because immediately after I started taking Dr. Kilmer's Swamp-Root I was greatly relieved. My husband was so pleased he said I should take one dozen bottles of Swamp-Root, but by the time I had taken seven bottles I was completely restored to health. That was six years ago and I have not taken any medicine since. My weight is 195 pounds, have three children, do my own work in a house of twelve rooms, and keep boarders.
Very truly yours,
MRS. ANNIE BAUGHMAN,
657 Newell st. Baberton, Ohio.
Personally appeared before me this 19th day of December, 1914, Mrs. Annie Baughman, who subscribed the above statement and made oath that the same is true in substance and in fact.

DRINK HOT TEA FOR A BAD COLD
Get a small package of Hamburg Brest Tea, or as the German folks call it, "Hamburger Best Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.
Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT
Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.
Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.
Nothing else stops lumbago, sciatica and lame back misery so promptly!
