Bring your old family recipes and prescriptions to Health's Drug Store to be filled. We specialize in that line.

An error was made in the announcement of the fruit growers' meeting Saturday. Instead of the meeting will be of the directors to consider the smudge question, with a view to eliminating the oil smudge at the earliest possible date. If an effective substitute can be found, those who have given the matter careful consideration will suggest substitutes that will possess all of the advantages and none of the disadvantages, it is said. The result of the league director's decision to the matter will be awaited with more than ordinary interest, not only by the fruitgrowers, but by the business people and householders generally.

De Voe gives trading stamps with everything except groceries. The special show for the children at the Page theater tomorrow forenoon at 10 o'clock will be peculiarly and entertainingly educational.

Alex Nibley, secretary of the Oregon-Utah Sugar company of Grants Pass, stopped over in Medford today on his return from San Francisco, where he went to meet Bishop C. W. Nibley and President Joe F. Smith on their return from Honolulu. They arrived on Tuesday, remained in San Francisco only a few hours and started east. Alex Nibley says the Utah sugar people have an agent on the way to Russia now to look after the sugar beet seed for next year. As they passed the ship on which he was en route, Bishop Nibley and he exchanged wireless messages. Secretary Nibley will proceed to Grants Pass this evening.

"The Voice in the Fog" at the Star last night proved a thrilling dramatization of one of Harold McGrath's most gripping stories. A good house enjoyed it, breathlessly at times, until Donald Brian was finally triumphantly released from the last of the desperate situations in which he was thrown by a series of peculiarly disconcerting circumstances. It is a strong play well done.

Sweet cider at De Voe's.

The contract for carrying the U. S. mail to and from the Southern Pacific station will be let to the lowest bidder when the postoffice shall have been moved to the new federal building about the 15th of April. Postmaster Woodford will receive the bids thereafter.

Smoke a King Spitz cigar. 5c. They are home-made.

Gerald Payne came in this morning from Portland to tarry awhile in this city and at other points in the valley on business connected with the prospective loganberry crop this year. Mr. Payne finds reason to believe that the loganberry industry will prove to be one of the Rogue river valley's most profitable enterprises in the near future. Its development depending on the acreage the growers are willing to cultivate as an experiment. However, he avers that there ought to be no experiment about it in southern Oregon, after the results already obtained from its production here.

FRECKLES

March Brings Out Unsightly Spots. How to Remove Easily

The woman with tender skin dreads March because it is likely to cover her face with ugly freckles. No matter how thick her veil, the sun and winds have a strong tendency to make her freckle.

Fortunately for her peace of mind the prescription, a-thine-double strength, makes it possible for even those most susceptible to freckles to keep their skin clear and white. No matter how stubborn a case of freckles you have, the double strength a-thine should remove them.

Get an ounce from your druggist and banish the freckles. Money back if it fails.—Adv.

The banana beans shown in the big jar at the Commercial club in this city are attracting much attention. The pods are so large and delicately white that many appear to believe that they have been affected by the process employed in preserving them. Prof. Frohman, who processed them and who heard many expressions of wonderment at the specimens shown at the Panama exposition, said this morning that they appear absolutely natural in the big jar. They were produced by Mrs. W. B. Smith, of Ashland. Those who desire seed should address her. However, it is said that it will be difficult to obtain any more seed this year.

IF HAIR IS TURNING GRAY, USE SAGE TEA

Don't look old! Try Grandmother's recipe to darken and beautify faded, lifeless hair.

That beautiful, even shade of dark, glossy hair can only be had by having a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray, streaked and looks dry, wispy and scraggly, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the tonic; you can get from any drug store a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy," ready to use. This can always be depended upon to bring back the natural color, thickness and lustre of your hair and remove dandruff, stop scalp itching and falling hair.

Everybody uses "Wyeth's Sage and Sulphur" because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy, lustrous and abundant.

Home Baking Reduces Cost of Living

THE U. S. Dept. of Agriculture in Experiment Station Bulletin No. 142 says that ten cents worth of wheat supplies almost three times as much protein and ten times as much energy as round steak, and with some other cuts of meat the difference is even greater.

If then, one really desires to reduce her weekly meat and grocery bills, she need only make more use of her oven.

Who ever heard man, woman or child complain that good home-made biscuits, muffins, cake and cookies appeared on the table too often? Instead the tendency is "to make a meal of them" and the variety is so great that something you bake yourself could well be the chief feature of every meal.

Home Baking is Simplified by the Use of K C Baking Powder

With K. C. you can make things moist and rich, yet have them light and feathery, wholesome and digestible. Biscuits may be mixed the night before and baked fresh for breakfast. Muffins need not be dry and heavy. You can make a cake so light that you can hardly get it out of the pan whole, yet it will not fall.

K. C. is not like the old fashioned baking powder. It is double acting and continues to give off leavening gas until the dough is cooked through. K. C. is sold at a fair price—a large can for 25 cents. This would be no object if strength and purity were sacrificed, but every can is fully guaranteed under State and National Pure Food laws and to please. We take all the chances. Your money back if you do not get better results with K. C. than any baking powder you ever used.

Include a can in your next grocery order, try some of the new recipes that appear in this paper from time to time. Then you will have gone far toward solving this vexing "Cost of Living" problem.
