

BOTH PUGILISTS IN FINE FETTLE FOR GREAT BOUT

Willard Easy-Going, Moran Highly Keyed Up—Bout to Begin About 6:30 Coast Time—Final Touches Leave Each in Pink of Condition.

NEW YORK, March 24.—The rapid approach of the time when Willard and Moran must enter the ring and risk their prestige as champion and challenger respectively has affected the principals in sharply contrasted ways.

Moran, on the other hand, has reached the keen fighting edge which all trainers contend is necessary to a boxer who is to be at his best when he goes against an opponent.

At such times it is evident that it requires considerable control for Moran to hold himself in check. He replies with the same confidence. "I will win," that he has been using for the past three weeks and seeks to avoid further annoyance by turning away.

Willie Lewis, his trainer in chief claims that Moran has never been in such superb physical condition for any previous bout and that his supreme confidence and rather grouchy attitude are the best indications that Moran is fit to fight faster, better and with greater chance of winning decisively than ever before.

While there is a wide difference of opinion among fight followers regarding the outcome of the contest there is but one view of the bout as a spectacle. The advance ticket sale and the arrangements made by the authorities to handle the crowds indicate that the greatest gathering of boxing fans that ever witnessed a bout in this state will be on hand.

That Jess Willard has a mind of his own and a desire to leave nothing undone that would insure his being trained to the highest possible notch was clearly demonstrated yesterday when he insisted on going through a full session of "gym" work as well as six fast rounds of boxing.

The champion was weighed after his workout and it was said that the scales registered 250 1/2 pounds. Willard himself says that he will be a trier under 250 when he gets into the ring, although he will ease up today and rest tomorrow until it is time for him to go to the garden.

Moran worked only in the lightest manner for the benefit of the camera heliograph yesterday and cut down his sparring to two rounds.

ORIENTAL THRILLER AT THE PAGE TODAY

Tully Marshall gives a very convincing and thrilling delineation of the wily, implacable Chinese half-breed, John Soy, in "The Sable Larcha," which opened at the Page theater today.

This Fine Arts film play is adapted from the powerful novel of Horace Hazeltine and represents the high degree of realism attained by the Triangle people in dealing with the life and ways of an alien race.

Thomas Jefferson, skillful actor in his own right and by his inheritance from his renowned father, has the double roles of the two Cameron brothers, Robert and Donald, to play, and he is equally at home as the lovable man of means and as the derelict.

Everyone knows Joseph Jefferson and his "Rip Van Winkle." For a generation the beloved actor played it from coast to coast and when he died one of his sons, Thomas Jefferson, took the part and maintained the traditions established by his parent.

Ford Sterling appears for the first time on the Triangle program in a laugh-thriller called "His Father's Footsteps." Ford Sterling's comic facial expressions and bodily contortions will be seen at their best in the new Triangle play at the Page theater tonight.

LONDON, March 24.—The British official statement issued last night, of the campaign in France and Belgium reads: "Our troops carried out two successful raids against the enemy trenches about Gommecourt and Bethune-LaBassée road. One prisoner was captured and three dugouts filled with Germans, were bombarded and blown in.

"The enemy sprang a small mine to the north of Arras and two mines southeast of Neuve Chapelle, causing slight damage to our trenches. A grenade attack to the north of Arras was repulsed. There has been artillery activity about Pricourt, Gommecourt and Siouches, the Hohenzollen redoubt and Ypres. At one place our artillery fire caused a big explosion in the enemy line."

EAT LESS AND TAKE SALTS FOR KIDNEYS

Take a glass of Salts before breakfast if your Back hurts or Bladder bothers you.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish, the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead, your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine.

This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

FAVORABLE REPORT UPON FERRIS BILL

WASHINGTON, March 24.—In a favorable report on the Ferris mineral lands leasing bill, the senate lands committee today included an amendment for relief of western oil operators, affected by the withdrawal orders of 1909.

Patients would go to operators on the ground before the withdrawal order. To those there before the action of congress in 1910, leases would be given.

The amendment affects \$20,000,000 worth of holdings.

HERRERA'S BROTHER FREED FROM PRISON

EL PASO, Texas, March 24.—Melchor Herrera, brother of General Luis Herrera, was released today by the United States authorities. He was taken into custody when reports became current here that Herrera had revolted from the de facto government. The arrest was made just after a conference that Herrera had held with General Gavira, commander of the Juarez garrison.

Herrera went immediately to Juarez after his release.

HAY ARMY BILL PASSES LOWER HOUSE

WASHINGTON, March 24.—The Hay army increase bill, first of the administration's big preparedness measures to receive the approval of either branch of congress, was in the hands of the senate today. It was passed by the house late yesterday with only two dissenting votes.

The house today began consideration of the Burnett immigration bill with its literacy test provision, under a special rule limiting debate on the measure.

DAY IN CONGRESS

WASHINGTON, March 24.—Senate: Met at noon. Senator Lewis introduced resolution declaring any person giving aid to Villa guilty of treason. House: Met at 11 a. m. Immigration bill was brought up for general debate. Judiciary committee continued hearings on impeachment charges against United States Attorney Marshall, of New York. Naval committee continued national defense hearings.

RUSSIANS STORM GERMAN LINES BUT MEET REPULSE

BERLIN, March 24.—The importance of the struggle around Verdun naturally overshadows interest in the contest on the eastern front, but the latest dispatches show that hard fighting is in progress in the northern sector of the Russian line.

The Russian gun fire became intense on the evening of March 19. More than 50,000 shells, chiefly of heavy caliber, fell over a small section of the front near Postavy. German wire entanglements and the front line trenches were damaged by this fire.

At night the Russians attacked in thick waves. The first two waves were mowed down before they reached the entanglements. The third pierced the German position on a front of less than 100 yards and the assailants were elected by a counter attack led in person by a regimental commander. At dawn the Russians made a fourth attack but it was smothered in the initial stages by German artillery.

Four Russian divisions are said to have participated in these movements. The Germans were compelled to summon few reserves. Their losses were heavier than on the two preceding days of the fighting on account of the Russian drum fire, but it is asserted that nevertheless they were surprisingly small.

Activity of the Russians at other points of Field Marshal von Hindenburg's front is less marked. Comparative quiet prevailed on March 19 along the sector between Wisniew and Nerocz lakes, except for a strong night attack of the Russians which was repulsed.

The losses sustained by the Russians in these encounters are said to have been very heavy. Notwithstanding the severity of the actions, no concern is evinced here. The state of public feeling was expressed by a correspondent who said: "The people have no anxiety, because they know Hindenburg is there."

VILLA REPORTED SURROUNDED

(Continued from page one)

water. The valleys are wide and flat, cut off by ranges of hills well wooded with scrub oak on their lower borders and sugar pine on the higher parts. Owing to the high altitude the nights are cold, but the days rather hot. If Villa is driven out of this

country into the Sierras he will lack all supplies such as are now obtainable in El Oro.

Closing In On Bandit.

DOUGLAS, Ariz., March 24.—General P. Elias Calles, military governor of Sonora, received a telegram today from General Enriquez, military governor of Chihuahua, stating that five columns of Carranza troops were closing in on Villa and his bandits near Namiquim and that, with the aid of the Americans, it was believed that Villa would not be able to escape.

At Fort Bliss and in other well-informed circles the report that Villa had been definitely located at El Oro was generally credited. It was pointed out, however, that this did not necessarily indicate the bandit's early capture, as the nature of the country would aid him in escaping if he wished to break up his command and avoid an actual engagement.

"I intend to prosecute the campaign against Villa with more energy than before."

WASHINGTON, March 24.—The United States soon will make for the information of the nations of the world, a complete statement of its position in regard to the conduct of submarine warfare and the arming of merchant ships for defensive purposes. It has not been definitely determined just what form the announcement will take but it is regarded as not unlikely that a circular memorandum may be addressed to the powers.

S. S. S. IS PURELY VEGETABLE—NATURE'S BLOOD TREATMENT

Scientists have discovered that the forest and the field are abundantly supplied with vegetation of various kinds that furnish the ingredients for making a remedy for practically every ailment of mankind. Medicines made from roots, herbs and barks which Nature has placed at the disposal of man are better than any mineral mixture. Mineral medicines work dangerously on the delicate parts of the system, especially the stomach and bowels, by eating out the lining membrane, producing chronic dyspepsia and often entirely ruining the health. S. S. S. is guaranteed to be a purely vegetable remedy. It is made entirely of gentle-acting, healing, purifying roots, herbs and barks possessing properties that build up all parts of the system, in addition to removing all impurities and poisons from the blood. S. S. S. is a safe treatment for all disorders of the blood. It cleanses the entire system. Get a S. S. S. at any drug store. S. S. S. is a standard remedy recognized everywhere as the greatest blood antiseptic ever discovered. If yours is a peculiar case write to Swift Specific Co., Atlanta, Ga.

OLD-TIME COLD CURE—DRINK HOT TEA!

Get a small package of Hamburg Imitat Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold. Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB RHEUMATISM FROM STIFF, ACHING JOINTS

Rub Soreness from joints and muscles with a small trial bottle of old St. Jacobs Oil

Stop "Joking" Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain. "St. Jacobs Oil" is a harmless rheumatism cure which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops gelation, lumbago, backache, neuralgia. Lumber up! Get a 25 cent bottle of old-time, honest "St. Jacobs Oil" from any drug store, and in a moment you'll be free from pain, aches and stiffness. Don't suffer! Rub rheumatism away.

DARKEN GRAY HAIR, LOOK YOUNG, PRETTY

Grandma's recipe of Sage Tea and Sulphur darkens so naturally that nobody can tell.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Hair Remedy," you will get a large bottle of this famous old recipe for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy.

United States Tread 'We read' 'USCO' Tires The Long-Sought-For 'Balanced' Tires We have actually produced the long-sought-for 'balanced' tires. The instant success of our popular priced 'Usco' Tread is a striking example of the automobile owners' immediate recognition of our 'balanced' tires. There are three big, exclusive reasons why the 'balanced' tire is the 100 per cent. efficient tire. 1 Because the rubber tread is 'balanced'—that is, the tread has just the exact 'balance' between resiliency and toughness, which produces the greatest possible efficiency in the whole tread. 2 Because the fabric carcass is 'balanced'—that is, the carcass has complete 'balance' between flexibility which gives easy riding, and strength which gives endurance. 3 Because the whole tire is 'balanced'—that is, the rubber tread and fabric carcass are in such complete 'balance' as to give equal wear—both tread and carcass are equally strong. It is this three-fold 'balance' that sets the five United States Individualized Tires in a class apart. Since our 'balanced' tires began to be 'felt on the market' last fall, the sales of United States Tires have increased steadily month by month up to the recent highest increase of 354 per cent. United States Tire Company 'Nobby' 'Chain' 'Usco' 'Royal Cord' 'Plain' 'INDIVIDUALIZED TIRES'
