The report that a complete counterfeiting outfit was found in the possession of the Noe residence at Gold Hill, with which spurious \$5 gold pieces were turned out and passed, is erroneous. Noe is the man arrested for stealing an automobile, taking it to pieces and hiding it away. He is now in jail at Jacksonville, awaiting the action of the grand jury. He has confessed. A crude counterfeiting plant was in process of construction on his premises. It was said that a half dollar piece turned out was as spurious in every way that, when thrown into the fire, it exploded. "FAGGED-OUT" WOMEN

Will Find a Helpful Suggestion in This Letter

Overworked, run-down "fagged-out" women who feel as though they could hardly drag about, should profit by Mrs. Carter's experience. She says: "I am the mother of six children and I got so weak and run-down that I couldn't get anything and it seemed almost impossible for me to get around and do my work. I tried different doctors' remedies without benefit. I saw Vinol advertised and decided to try it and received so much benefit from the first bottle that I continued to take it, and it has built up my strength and made me strong and well. I consider Vinol the best medicine I have ever taken, and advise all weak, run-down women to try it." Mrs. H. S. Fargo, State Road, N. C.
