

LOCAL AND PERSONAL

Mr. and Mrs. P. A. Penrose of the Astoria district, visited over Sunday with Mr. and Mrs. Cook in this city. Both the Penroses and the Cooks have recently come to the Rogue river valley from King county, Cal.

De Voe given trading stamps with everything except groceries.

Miners and prospectors are becoming numerous in all parts of southern Oregon and northern California. They are coming from many mining districts in many different states. A number of promising claims have been staked out in the old mining communities in this territory and a number of new mineralized sections have been reported.

Lattice material, window screens, screen doors, Pac. Fur, & Fix. Pac. Geo. Hutterworth, of El Paso, Texas, arrived over Sunday in Medford, continuing his journey north Monday. Mr. Hutterworth says that to the person not familiar with the temper and customs of El Paso, it would appear that the state of Texas and the republic of Mexico are in a state of war. He declares that he believes if the government were to call for volunteers from the state of Texas alone to go into Mexico and clean it up, it could easily obtain an abundant force with which to do it.

Smoke a King Spitz cigar. 5c. They are home-made.

Harold Benton, who visited with friends over Sunday in Medford, says he would like to find inducement in Rogue river valley to remain here. He returned to Yreka today.

Dr. Stephenson now practicing again. 146 South Holly, Phone 862-X.

Geo. Howell, of Boise, Idaho, is again in the city, having returned Saturday morning from an extended visit in the Klamath country. He may prolong his stay here until the disposition of the local railroad question shall have been determined. At all events, he will return next fall.

Get your milk, cream, butter, eggs and buttermilk at De Voe's.

Mrs. Mary Anderson, of The Dalles, this state, returned home Sunday, after a two weeks' visit with friends in and near this city.

Light lunches served at the Royal Bakery. 20c.

Bicycle thieves are unusually active in Medford and vicinity. Chief of Police Hiltson warns those who own wheels to be careful about where they leave them unprotected. A number of losses have been reported during the past few days. Those who lose their wheels should report their loss without delay to the police office. Those who know of an unclaimed bicycle anywhere should also promptly report that fact to the police office. In this way those who lose wheels recover them all the more quickly. Sometimes the loss of a wheel is reported a week or ten days after it was taken. This gives the police department little chance to run the thief down. Generally, the latter is entirely out of reach.

The world's greatest companies, Holmes, The Insurance Man.

Inadvertently the name of Councilman Mann was used instead of Councilman Amy in the report of the council meeting Friday night referring to the millage tax and the manner in which the councilman referred to was mislead at first as to its purpose. It should read that Councilman Amy was confused and not Councilman Mann, as the latter is a staunch advocate of progressive action by the city on the railroad proposition.

"The Fulfillment of Citizenship," and other Canadian literature sent free to inquirers. Address Miss Hazel Burton, Central Point, R. F. D. No. 1, Oregon.

Dr. J. C. Rollins, pastor of the First Methodist church of this city, will exchange pulpits with the Methodist minister of Ashland on Sunday next. Dr. Rollins will be accompanied by a quartet of Medford singers.

Made from Medford products exclusively, except the sugar, even to the flavor. This one ice cream at the Shasta.

Geo. H. Wagner, of Vinita, Oklahoma, left on his way to Portland Sunday evening after a visit of two days in this city with a brother-in-law. Mr. Wagner has been in Rogue river valley a number of times during the past few years and expresses a decided fondness for this section of the coast. He said our prospects will begin to look better when we shall have solved our transportation problems. He has great confidence in the future of southern Oregon as the Mecca for the permanent home-patients and declares that our natural resources exceed in variety and extent those of any other valley on the coast, while our climate possesses a charm all its own.

Justice R. Branson wife and six-class painting, opposite Medford High School Building.

F. Henry Callaghan brought down from the St. Albans group of mines in the Blue Lodge district a quantity of marble, on his return last week, and placed it on exhibit at the Commercial club rooms. Mr. Callaghan says there is an unlimited quantity of splendid marble in that region and that it is of fine quality. Much of the limestone up there assays 95 per cent lime—which is about as pure as it can be found anywhere on the globe. He predicts that marble from that district will be shipped commercially in great tonnage when we shall have acquired the advantage of a railroad into that territory.

Gates sells Ford cars, \$200 down and \$25 a month.

Spurgeon Odell, of Marshall, Minnesota, is in the city on business. Mr. Odell possesses interests here and this is his third visit. He says it wouldn't surprise him if, on the occasion of his next visit, he came to stay. He is very much pleased with this valley and its climate.

Mrs. K. C. Bonner, of Eureka, California, is visiting with her sister, Mrs. Jane Williams, of this city. Mrs. Bonner says the people of Humboldt county, California, are quite as anxious as we of Jackson are to get the railroad started from this valley to Humboldt bay.

L. R. Hadley, of Salem, is a visitor in Medford for a few days.

Peter Malley left for his home in Yreka this morning.

FIFTEEN LA FOLLETTE DELEGATES ELECTED

MILWAUKEE, April 10.—The list of La Follette delegates to the republican national convention was increased today when the official count of the second district showed that both La Follette delegates were elected instead of one. Previous reports indicated the second district was split.

The latest figures now show that La Follette will have fifteen delegates from Wisconsin and Governor Philipp eleven.

UNFILLED ORDERS FOR STEEL BREAK RECORDS

NEW YORK, April 10.—The monthly statement of unfilled orders of the United States Steel corporation issued today again broke all records. The orders stood on March 31 at 9,321,001 tons, an increase of 702,035 tons over February 29, when they were 8,568,966 tons, the previous high record.

Oyster Bay inn, and the telegraph company has been putting in extra loops and getting experienced operators for the job.

Accept inevitable

The launch which Colonel Roosevelt had with Lodge and Root means of course that their elements of the old republican organization have accepted the inevitable and are ready to co-operate. For some time Roosevelt has been the only other possibility. As such, it is understood, he has been eliminated by a private declaration that he does not agree with the foreign policy and principles espoused by Roosevelt and Root and that he is equipped by his position from being that what he does believe. Consequently, he cannot be considered a candidate.

At the offices in New York of Guyver W. Perkins, I found nothing to reflect any doubt as to whether the colored would take up of the nomination. Perkins had the foundations of his fortunes selling late magazines, and he could go out today and peddle it selling burning rods—the colored-man is insuring.

and silent its evacuation has been expected for some time and many military observers long ago criticized its retention. General Petain's unerring judgment in letting it go at exactly the right moment is now highly praised. While of little value to the French it is of almost none to the Germans as it is located in a hollow commanded by French guns on all sides, and of which it is practically impossible for them to dislodge.

NAVY LEAGUE OF MUNITION MAKERS MEETS AT CAPITAL

WASHINGTON, April 10.—Fifteen delegates representing munition makers in the union were in attendance at the opening session today of the Navy League of the United States. The session will continue through Wednesday.

Some of the country's foremost authorities on international law, commerce and military and naval assistance on the program to discuss, and they believe to be adequate preparation for national defense.

Robert M. Thompson, president of the league, opened the convention with an address in which he declared that while the league had formed the habit of that class which is opposed to preparedness, we trust that you will love us for the example we have made.

The league was founded by men who believed, Colonel Thompson continued, "That an efficient and adequate fleet was the best defense against invasion."

"England is spending millions of dollars a day," declared Thompson, in conclusion, "because she failed to spend thousands at the proper time. In the face of such possibilities, why waste time over trifles?"

This afternoon's session was under the direction of Sydney Ballou, former justice of the supreme court of Hawaii.

700,000 POLISH JEWS DESTITUTE IN POLAND

DODO PARADED AS EMBLEM OF PEACE

CHICAGO, April 10.—A wool and paper mache figure of a dodo, emblem of defenselessness, carried on a ponderous motor truck, was drawn through the downtown streets of Chicago today. It was the answer of preparedness advocates to demonstration of last Saturday when a huge figure of a dinosaur, labelled, "All armor and no brains," was paraded through the streets by anti-preparedness forces.

BEGIN HOT WATER DRINKING IF YOU DON'T FEEL RIGHT

Says "glass of hot water with phosphate before breakfast washes out poisons."

If you wake up with a bad taste, bad breath and tongue is coated; if your head is dull or aching; if what you eat sours and turns gas and acid in stomach, or you are bilious, constipated, nervous, sallow and can't get feeling just right, begin inside bathing. Drink before breakfast, a glass of real hot water with a teaspoonful of Inositol phosphate in it. This will flush the poisons and toxins from stomach, liver, kidneys and bowels and cleanse, sweeten and purify the entire alimentary tract. Do your inside bathing immediately upon arising in the morning to wash out of the system all the previous day's poisonous waste, gases and sour bile before putting more food into the stomach.

To feel like young folks feel! Like you felt before your blood, nerves and muscles became loaded with body impurities, get from your pharmacist a quarter pound of Inositol phosphate which is inexpensive and almost tasteless, except for a sourish twinge which is not unpleasant.

Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so hot water and Inositol phosphate act on the stomach, liver, kidneys and bowels. Men and women who are usually constipated, bilious, headachy or have any stomach disorder should begin this inside bathing before breakfast. They are assured they will become real cranks on the subject shortly.
